IPG Photonics to Host 2016 Investor Day

Event to be Webcast Live on May 11th at 9:00 a.m. ET

OXFORD, Mass.--(BUSINESS WIRE)-- IPG Photonics Corporation (NASDAQ: IPGP), a world leader in high-power fiber lasers and amplifiers, today announced that it will webcast its Inaugural Investor Day on Wednesday, May 11, 2016 from approximately 9:00 a.m. to 12:00 Noon ET. IPG's management team will discuss the Company's corporate strategy, growth prospects and industry dynamics.

The live audio webcast and presentation slides can be accessed in the "Investors" section of IPG's website. The event will be archived on the Company's website for approximately one year.

For those interested in attending the event, please RSVP via email to IPGP@InvestorRelations.com. All participants must be registered in advance to attend, as space is limited.

About IPG Photonics Corporation

IPG Photonics Corporation is the world leader in high-power fiber lasers and amplifiers. Founded in 1990, IPG pioneered the development and commercialization of optical fiber-based lasers for use in diverse applications, primarily materials processing. Fiber lasers have revolutionized the industry by delivering superior performance, reliability and usability at a lower total cost of ownership compared with conventional lasers, allowing end users to increase productivity and decrease operating costs. IPG has its headquarters in Oxford, Massachusetts, and has additional plants and offices throughout the world. For more information, please visit www.ipgphotonics.com.
