NEWS RELEASE

Pitney Bowes SendPro 360 Platform Achieves StateRAMP Security Authorization

2025-02-05

STAMFORD, Conn.--(BUSINESS WIRE)-- Pitney Bowes (NYSE: PBI), a technology-driven company that provides SaaS shipping solutions, mailing innovation, and financial services to clients around the world—including more than 90 percent of the Fortune 500, today announced that it has achieved US State Risk and Authorization Management Program (StateRAMP) authorization for the SendPro® 360 solution, its next-generation sending and receiving platform. This achievement reflects the company's unwavering commitment to delivering a secure and reliable solution that government agencies can rely on to safeguard their data and operations and enforce overall Agency cloud policy.

StateRAMP provides a standardized approach to assessing cloud products. Achieving StateRAMP authorization demonstrates Pitney Bowes' dedication to meeting the most comprehensive security and compliance standards for state agencies, ensuring the trust and confidence of over 30 state governments and thousands of government agencies and organizations.

The SendPro 360 platform provides government agencies with secure access to a suite of inbound and outbound shipping solutions like PitneyShip®, PitneyTrack®, and ParcelPoint Smart Locker Management— all backed by comprehensive analytics available across the entire platform. The SendPro 360 platform reduces the complexity of sending, receiving, and distribution while delivering complete visibility across an organization, allowing agencies to take command of their whole operation all from a single, seamless interface.

"This StateRAMP authorization is a remarkable accomplishment for Pitney Bowes and reflects our unwavering commitment to creating innovative solutions with robust security for our government agencies," said Shemin Nurmohamed, President of Sending Technology Solutions. "We are thrilled that this partnership provides the

opportunity for 32 states and thousands of agencies to utilize the SendPro 360 platform to simplify their operations."

"StateRAMP is excited to welcome Pitney Bowes as a member," said StateRAMP Membership Development & Engagement Manager, Olivia Maple. "Their proactive approach and willingness to adapt to the evolving cybersecurity landscape reflect a strong commitment to providing tools to help government agencies and organizations safeguard government systems. We are pleased to recognize their achievement of StateRAMP authorization and look forward to continuing our support as they maintain their compliance."

The StateRAMP authorized SendPro 360 platform reaffirms that government agencies and organizations can confidently rely on Pitney Bowes to streamline their operations, reduce risk, and enhance data security.
