RALEIGH, N.C.--(BUSINESS WIRE)-- Vontier Corporation (NYSE: VNT), a leading global provider of critical technologies and solutions to connect, manage and scale the mobility ecosystem, today announced the appointment of Cameron Richardson as Group President of its Repair Solutions business segment leading Matco Tools.

Cameron Richardson joins Vontier as Group President, Repair Solutions.

Richardson joins Vontier with more than 25 years of global leadership experience, driving

large-scale transformation across the automotive aftermarket and retail sectors.

Most recently, he served as Senior Vice President of Store Operations at NAPA Auto Parts. Richardson led the modernization of more than 6,500 stores, including 4,500 franchise retail locations.

At NAPA, Cameron transformed stores into customer-centric, omni-channel hubs by enhancing merchandising, expanding high-growth categories and enhancing digital capabilities. These initiatives delivered improved mix, increased foot traffic and basket size, and stronger customer retention, while modernizing NAPA's offerings in line with shifting marketing needs.

"Cameron has a strong background in the automotive aftermarket industry and a commitment to franchisee success," said Mark Morelli, CEO of Vontier. "He has a proven track record in building strong, accountable teams across complex organizations. I am confident he will bring that same energy and commitment to Matco's exceptional community of distributors and technicians."

"I am incredibly excited to join Matco Tools and become part of such a respected brand with a strong entrepreneurial and customer-focused culture," said Richardson. "Matco Tools has a proud history, passionate franchisees and a deep connection with technicians across the industry. I look forward to listening, learning and working alongside the team and franchisee network to build on that strong foundation and help position the business for continued growth and success."
