The cutting-edge facility becomes the central hub for Invenco by GVR's core functions, including engineering, IT services and data analytics. This

technology center will provide hardware- and software-based technical solutions to the group and house a team of 250 highly skilled professionals. This investment signals an ongoing commitment to convenience retail, an industry changing rapidly around the globe.

"Setting up our new hub in Bengaluru is a major step forward in our mission to become the go-to operating system for convenience retail. This new space empowers our team to develop and deliver cutting-edge solutions that will transform the industry for our global clientele," said Karthik Ganapathi, President of Invenco by GVR.

"We have a tremendous opportunity to meet customer needs better than anyone else with the integrated solutions we offer," said Mark Morelli, President and CEO, Vontier. "With India's innovation, talent and world-class educational institutions, this center is the perfect location to further advance our capabilities for customers."

The Bengaluru office positions Invenco by GVR to deliver unparalleled value to clients not just across India, but around the globe. The company's other strategic technology centers are located at Houston, USA; Auckland, New

Zealand; Tel Aviv, Israel; Florence, Italy; and Buenos Aires, Argentina.
