

Vontier Appoints Rasha Hasaneen as Chief Innovation and Growth Officer

2026-02-26

RALEIGH, N.C.--(BUSINESS WIRE)-- Vontier Corporation (NYSE: VNT), a leading global provider of critical technologies and solutions to connect, manage and scale the mobility ecosystem, today announced the appointment of Rasha Hasaneen as Chief Innovation and Growth Officer to drive the company's enterprise innovation, AI strategy and digital modernization efforts.

Rasha Hasaneen joins Vontier as Chief Innovation and Growth Officer to drive the company's enterprise innovation, AI strategy and digital modernization efforts.

"We're thrilled to welcome Rasha to Vontier as our industry undergoes a period of rapid

technology adoption," said Mark Morelli, CEO of Vontier. "Her combination of deep technical expertise, product leadership and commercial experience will be central to Vontier's mission to deliver innovative solutions that strengthen customer outcomes, focus on growth and position us as a leader across the mobility ecosystem."

Hasaneen is a globally recognized leader at the intersection of sustainability, technology and innovation. Her prior roles include various leadership positions at Aspen Technology, Trane Technologies, General Electric, SAP and Hitachi, where she led complex product and portfolio transformations that delivered measurable business and customer impact.

"I'm excited to join the talented, mission-driven team at Vontier," said Hasaneen. "Mobility is, and has always been, a driving force for innovation and is an industry that is poised to undergo significant transformation. With the rise of AI technology and the focus on energy expansion, transition and sustainability, our customers need a partner who can innovate with them to meet and exceed the needs of the market. I look forward to being part of this

amazing team and partnering with our customers to build new ideas and accelerate sustainable growth in the coming years.”

Hasaneen holds a Ph.D. in chemical engineering focused on sustainability from Texas A&M University and a master's degree in industrial engineering and engineering management from Stanford University.

About Vontier:

Vontier (NYSE: VNT) is a global industrial technology company uniting productivity, automation and multi-energy technologies to meet the needs of a rapidly evolving, more connected mobility ecosystem.
