Broadridge Financial Solutions, Inc.

2026 Annual Meeting of Shareholders

Questions and Answers

We received the following procedural questions during our 2026 Annual Meeting of Shareholders on November 10, 2026:

Question 1: Is there a reason the voting tab is not working?

Answer: We checked the voting tabs on the Virtual Shareholder Meeting platform and confirmed they were working during the Annual Meeting of Shareholders. Votes were cast and received during the Annual Meeting

Question 2: With your high-tech systems, why can't I vote for ALL candidates with one click.

Answer: Our voting system mirrors the voting items on the company's proxy card to ensure voters can vote either for or against each director nominee.
