Notice of Annual Meeting of Stockholders to be held Friday, May 1, 2026

The Annual Meeting of Stockholders of Church & Dwight Co., Inc. will be held on Friday, May 1, 2026 at 12:00 p.m., Eastern Daylight Time. To facilitate stockholder attendance and ability to participate fully and equally from any location around the world at no cost, this year's meeting will be held virtually via a live audio webcast at www.virtualshareholdermeeting.com/CHD2026. At the meeting stockholders will be asked to consider and take action on the following:

1. Election of 11 nominees to serve as directors for a term of one year;
2. An advisory vote to approve the compensation of our named executive officers;
3. Ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2026;
4. Consider a stockholder proposal if properly presented at the meeting; and
5. Transaction of such other business as may properly be brought before the meeting or any adjournments thereof.

All stockholders are cordially invited to attend, although only those stockholders of record as of the close of business on March 4, 2026 will be entitled to notice of, and to vote at, the meeting or any adjournments thereof.

Your vote is important. Whether or not you expect to attend the virtual meeting, we urge you to vote by submitting your proxy. You may vote four different ways: by mail, via the Internet, by telephone, or during the virtual meeting. Please refer to the detailed instructions included herein or with the Notice Regarding the Availability of Proxy Materials.

By Order of the Board of Directors,

PATRICK D. DE MAYNADIER
Corporate Secretary

Ewing, New Jersey
March 19, 2026

CORPORATE GOVERNANCE

We strive to maintain effective corporate governance practices and policies. We believe that the following practices and policies contribute to our strong governance profile:

Director Independence	10 of 11 director nominees are independent under NYSE listing standards - We have an independent Chair 3 fully independent Board committees: Audit, Compensation & Human Capital, and Governance, Nominating & Corporate Responsibility - The Chair presides over executive sessions of, and facilitates communication with, the independent directors
Board Accountability	- Annual election of directors - Our directors are subject to “majority voting,” and each incumbent director nominee submits, prior to the Annual Meeting, an irrevocable resignation in writing that our Board of Directors may accept if a majority of stockholders do not re-elect the director in an uncontested election
Board Leadership	- Annual assessment and determination of Board leadership structure - Independent Board Chair with robust responsibilities
Board Evaluation and Effectiveness	Annual Board, Committee, and individual director evaluations
Board Refreshment	- Board members are required to retire on reaching age 75 - Annual review of board succession plans
Prevent Overboarding	- Our Corporate Governance Guidelines set forth limits on the number of public company boards on which our non-employee directors and CEO may serve: four (including the Company) for our non-employee directors and two (including the Company) for our CEO - Compliance is reviewed annually, and all of our directors are in compliance with this policy
Director Engagement	- Each director attended at least 75 percent of the aggregate number of meetings held by the Board and all committees of the Board on which such director served in 2025 - Stockholder ability to contact directors (as described under “Communication with the Board of Directors”)
Director Access and Resources	- Significant interaction with the Company’s senior business leaders through regular business reviews - Directors have direct access to senior management and other employees - Directors have authorization to hire outside experts and consultants and to conduct independent investigations
Proxy Access	Our Bylaws provide for proxy access by stockholders
No Supermajority Voting Requirements	- No supermajority requirement for stockholders to amend Bylaws - No supermajority requirement for stockholders to amend the Certificate of Incorporation
Right of Stockholders to Request Special Meeting	Stockholders with at least 25% of our outstanding stock have the right to request special meetings of the stockholders
Clawback Policies	- Clawback policies that require the recoupment of excess incentive-based compensation paid to our executive officers as a result of a material financial misstatement in accordance with the Dodd-Frank Act and NYSE rules, and permit recoupment of compensation from a broader group of senior leaders across the Company in the case of material financial misstatements, cause conduct and violations of restrictive covenants - Clawback provisions incorporated into the Company’s Annual Incentive Plan and Omnibus Equity Compensation Plan (and underlying award agreements) that are tied to the clawback policies
Anti-Hedging Policy	Insider trading policy prohibits non-employee directors and employees from engaging in any pledging, short sales, or hedging involving Company stock

Share Ownership	▪ CEO is required to hold shares equivalent to 6x base salary ▪ CFO is required to hold shares equivalent to 3x base salary ▪ All other senior executives are required to hold shares equivalent to 2.5x base salary ▪ Board members are required to hold shares equivalent to 5x the standard annual retainer
Director Compensation	▪ Maximum annual limit of \$750,000, in the aggregate, for Director Compensation
Compensation Practices	▪ Target compensation opportunities are competitive in markets in which we compete for management talent ▪ Use of short-term and long-term incentives ensure a strong connection between Company performance and actual compensation realized ▪ Our Annual Incentive Plan utilizes five diverse metrics to avoid over-emphasis on any one measure ▪ In the event of a change in control, our named executive officers will not receive cash severance, nor will equity granted after July 30, 2019 vest, unless accompanied by a qualifying termination of the named executive officer ▪ No excise tax gross-ups for change in control payments ▪ No defined pension benefit plan or similarly actuarially valued pension plan for executives ▪ Limited perquisites ▪ Repricing of stock options is prohibited without prior stockholder approval
Risk Management/ Sustainability	▪ Risk assessment and risk management are the responsibility of the Company's management, and the Board has oversight responsibility for those processes and findings ▪ The Board and its committees oversee the execution of the Company's sustainability strategy as part of their oversight of the Company's overall strategy and risk management

PROXY STATEMENT

INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

This proxy statement is furnished in connection with the solicitation of proxies by our Board for use at the 2026 Annual Meeting of Stockholders (the “Annual Meeting”) to be held virtually on May 1, 2026, and at any adjournments thereof.

Who Can Vote

Each holder of record of our common stock at the close of business on March 4, 2026, is entitled to vote at the Annual Meeting. At the close of business on March 4, 2026, there were 236,875,094 shares of our common stock outstanding.

Distribution of Proxy Solicitation and Other Required Annual Meeting Materials

The rules of the Securities and Exchange Commission (“SEC”) allow us to mail a notice to our stockholders advising that our proxy statement, annual report to stockholders, electronic proxy card, and related materials are available for viewing, free of charge, on the Internet. These rules give us the opportunity to serve you more efficiently by making the proxy materials available quickly online and reducing costs associated with printing and postage. Stockholders may access these materials and vote over the Internet or by telephone or request delivery of a full set of materials by mail or email. We have elected to utilize this process for the Annual Meeting. We began mailing the required notice, called a Notice Regarding Availability of Proxy Materials (“Notice”), to stockholders on or about March 19, 2026. The proxy materials have been posted on the Internet, at <https://materials.proxyvote.com/171340>. If you received a Notice by mail, you will not receive a paper or email copy of the proxy materials unless you request one in the manner set forth in the Notice.

How You Can Vote

You may vote by any of the following methods:

- *During the virtual Annual Meeting.* Stockholders of record and beneficial stockholders with shares held in street name (held in the name of a broker or other nominee) may vote virtually during the Annual Meeting. If you hold shares in street name, you must obtain a legal proxy from your broker or other nominee to vote virtually during the Annual Meeting.
- *By telephone or via the Internet.* You may vote by proxy, either by telephone or via the Internet, by following the instructions provided in the Notice, proxy card, or voting instruction card.
- *By mail.* If you request printed copies of the proxy materials by mail, you may vote by proxy by signing and returning the proxy card or voting instruction card.

If you vote by telephone or via the Internet, please have your Notice or proxy card available. The control number appearing on your Notice or proxy card is necessary to process your vote. A telephone or Internet vote authorizes the named proxies in the same manner as if you marked, signed, and returned a proxy card by mail.

How You May Revoke or Change Your Vote

You have the power to change or revoke your proxy at any time before it is voted at the Annual Meeting as follows:

- *Stockholders of record.* You may change or revoke your vote by submitting a written notice of change or revocation to our Secretary at the address listed above or by submitting another timely vote (including a vote via the Internet or by telephone). For all methods of voting, the last vote validly cast will supersede all previous votes.
- *Beneficial owners.* You may change or revoke your voting instructions by following the specific directions provided to you by your bank or broker.
- *Savings and Profit Sharing Plan participants.* You may change or revoke your voting instructions by 10:00 a.m. Eastern Daylight Time on April 29, 2026, by either revising your instructions via the Internet, by telephone, or by submitting to the trustee of the Savings and Profit Sharing Plan either a written notice of revocation or a properly completed and signed proxy card bearing a later date.

Required Vote

You are entitled to cast one vote for each share of common stock you owned as of March 4, 2026, the record date. The presence, in person or by proxy, of a majority of the votes entitled to be cast at the Annual Meeting constitutes a quorum. Abstentions and broker “non-votes” are counted as present and entitled to vote for purposes of determining a quorum. A broker “non-vote” occurs when a broker does not vote on a particular proposal because the broker does not have discretionary voting power with respect to the proposal and has not received voting instructions from the beneficial owner.

Our Bylaws provide for majority voting in uncontested director elections. As a result, at the Annual Meeting, directors will be elected by the affirmative vote of a majority of the votes cast (in person or by proxy) in an uncontested election. For this purpose, a majority of the votes cast means that the number of shares voted “for” a director nominee must exceed the number of votes cast “against” that nominee. Abstentions and broker “non-votes” are not counted as votes for or against a nominee. If you “abstain” from voting with respect to director nominees, your shares will be counted for purposes of a quorum but will have no effect on the election of the nominees. All of our director nominees are currently serving on our Board of Directors. If a nominee who is currently serving as a director is not re-elected, Delaware law provides that the director would continue to serve on our Board of Directors as a “holdover director.” Under our Corporate Governance Guidelines (“Corporate Governance Guidelines”), each incumbent director nominee submits, prior to the Annual Meeting, an irrevocable resignation that our Board of Directors may accept if stockholders do not re-elect the director. If a director is not re-elected by our stockholders, the Governance, Nominating & Corporate Responsibility Committee would make a recommendation to our Board of Directors on whether to accept or reject the resignation of that director, or whether to take other action. Our Board of Directors would act on the resignation, taking into account the Governance, Nominating & Corporate Responsibility Committee’s recommendation, and publicly disclose its decision and the rationale behind it within 90 days from the date that the election results are certified.

Our proposal to approve, on an advisory basis, the compensation of our named executive officers (Proposal 2), our proposal to ratify the selection of our independent registered accounting firm for 2026 (Proposal 3) and, if properly presented at the meeting, the consideration of a stockholder proposal seeking to permit stockholder action by written consent (Proposal 4, the “Stockholder Proposal”), will be determined by the affirmative vote of the majority of votes represented at the meeting (in person or by proxy) and entitled to vote on such matters. An abstention will have the same effect as a vote against with respect to the advisory vote on the compensation of our named executive officers, the ratification of our independent registered public accounting firm for 2026, and the consideration of the Stockholder Proposal. Brokers will not have discretionary authority to vote on the election of our directors, the advisory vote on the compensation of our named executive officers, or the Stockholder Proposal. A broker “non-vote” is not counted for purposes of voting on these matters.

How Shares Will be Voted

Stockholders of record. If you are a stockholder of record and you:

- indicate when voting via the Internet or by telephone that you wish to vote as recommended by our Board of Directors; or
- sign and return a proxy card without giving specific voting instructions;

then the proxy holders will vote your shares FOR the election of the nominees described in this proxy statement, FOR the advisory vote to approve the compensation of our named executive officers, FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2026, and AGAINST the Stockholder Proposal.

Beneficial owners. If you hold shares in street name (in the name of a broker or other nominee), you must give instructions to your bank or broker on how you would like your shares to be voted. Under applicable New York Stock Exchange (“NYSE”) rules, your bank or broker has discretion to vote on “routine” matters, such as the ratification of the appointment of an independent registered public accounting firm, but does not have discretion to vote on “non-routine” matters, such as the election of directors, the proposal to approve the compensation of our named executive officers, or the Stockholder Proposal. Thus, if a bank or broker holds your shares and you do not instruct the bank or broker how to vote on these matters, no votes will be cast on your behalf.

Savings and Profit Sharing Plan participants. If you participate in the Church & Dwight Co., Inc. Savings and Profit Sharing Plan for Salaried Employees or the Church & Dwight Co., Inc. Savings and Profit Sharing Plan for Hourly Employees (collectively, the “Plans”), you may have voting rights regarding shares of our common stock credited to your account in the Plans. In order to permit the trustee to tally and vote the shares held in the Plans (“Plan Shares”), your instructions, whether by Internet, by telephone, or by proxy card, must be submitted on or prior to 10:00 a.m. Eastern Daylight Time on April 29, 2026. If you do not instruct the trustee how to vote, your Plan Shares will be voted by the trustee in the same proportion that it votes Plan Shares for those accounts in the Plans for which it did receive timely voting instructions. The proportional voting policy is detailed under the terms of the Plans and the associated trust agreements.

Other matters. Our Board of Directors is not aware of any matters that will be brought before the Annual Meeting other than those described in this proxy statement. However, if any other matters properly come before the Annual Meeting, the persons named on the enclosed proxy card will vote in their discretion on such matters.

Who can attend the virtual Annual Meeting

Only stockholders as of the record date, March 4, 2026, or duly appointed proxies, may attend the virtual Annual Meeting. No guests will be allowed to attend the Annual Meeting.

In accordance with Delaware law, for the 10 days prior to our Annual Meeting, a list of registered holders entitled to vote at our Annual Meeting will be available for inspection in our offices at Princeton South Corporate Park, 500 Charles Ewing Boulevard, Ewing, New Jersey 08628.

Attending the virtual Annual Meeting

To facilitate stockholder attendance and ability to participate fully and equally from any location around the world at no cost, this year’s Annual Meeting will be held exclusively online, with no option to attend in person. If you plan to attend the virtual Annual Meeting, you will need to visit www.virtualshareholdermeeting.com/CHD2026 and use your 16-digit control number provided in the Notice or proxy card to log into the meeting. We encourage stockholders to log in to the website and access the webcast early, beginning approximately 15 minutes before the Annual Meeting’s 12:00 p.m. Eastern Daylight Time start time. If you experience technical difficulties, please contact the technical support telephone number posted on www.virtualshareholdermeeting.com/CHD2026.

Asking questions during the virtual Annual Meeting

Stockholders of record and proxy holders who provide their valid 16-digit control number will be able to participate in the virtual Annual Meeting by asking questions and voting their shares as outlined above.

To submit questions during the meeting, stockholders may:

- log into the virtual meeting website with their 16-digit control number, first and last name, and email, then typing the question into the “Ask a Question” field and clicking “Submit”.

Only stockholders with a valid control number will be allowed to ask questions. Questions pertinent to Annual Meeting matters will be answered during the Annual Meeting as time allows. If we receive substantially similar written questions, we may group such questions together and provide a single response to avoid repetition and allow time for additional question topics. If we are unable to respond to a stockholder’s properly submitted question due to time constraints, we will respond directly to that stockholder using the contact information provided. We may also provide written responses to certain stockholder questions that we were unable to answer during the meeting on our “Investors” page on our website following the Annual Meeting.

Additional information regarding the rules and procedures for participating in the virtual Annual Meeting will be provided in our Annual Meeting rules of conduct, which stockholders can view during the Annual Meeting at the Annual Meeting website.

Costs of Solicitation

Solicitation of proxies on our behalf may be made by our directors or employees by mail, in person, and by telephone. Directors and employees will not be paid any additional compensation for soliciting proxies. We have retained D.F. King & Co., Inc. (“D.F. King”) to aid in the solicitation of proxies for a fee estimated not to exceed \$10,000 plus out-of-pocket expenses. We will pay all costs of the solicitation and will indemnify D.F. King against liabilities relating to or arising from their proxy solicitation services conducted on our behalf, other than those resulting from D.F. King’s willful misconduct or gross negligence. We also will reimburse banks, brokerage houses, and other custodians, nominees, and fiduciaries for forwarding Notices and proxy materials to beneficial owners.

PROPOSAL 1: ELECTION OF DIRECTORS

Our Certificate of Incorporation provides for the annual election of our Board of Directors. At the 2026 Annual Meeting, all of our current directors will stand for election for one-year terms on our Board of Directors. Our Board of Directors currently consists of 11 members.

At the Annual Meeting, all directors will be elected to serve until the 2027 Annual Meeting, in each case, until their successors are elected and qualified. Our Board of Directors has nominated Bradlen S. Cashaw, Richard A. Dierker, Bradley C. Irwin, Penry W. Price, Susan G. Saideman, Ravichandra K. Saligram, Robert K. Shearer, Michael R. Smith, Janet S. Vergis, Arthur B. Winkleblack, and Laurie J. Yoler, all of whom currently serve as members of our Board of Directors. All nominees have agreed to be named in this proxy statement and to serve as directors if elected for an additional term.

We do not anticipate that any of the nominees will become unavailable to serve as a director for any reason prior to the Annual Meeting. However, if any of them becomes unavailable, the persons named in the enclosed form of proxy will vote for any substitute nominee designated by our Board of Directors, unless our Board of Directors determines to reduce the number of directors on our Board.

SKILLS AND QUALIFICATIONS OF OUR BOARD OF DIRECTORS

Our Board of Directors, with support and recommendations from the Governance, Nominating & Corporate Responsibility Committee, oversees the composition and succession of its members. To this end, at least once a year, in connection with the Board's annual evaluation, the Board evaluates itself, its committees, and each director, each director's performance, skills, qualifications and future plans, including any retirement objectives. As part of that evaluation, our Governance, Nominating & Corporate Responsibility Committee identifies areas of overall strength and opportunities for improvement with respect to the Board's and its committees' composition, and the Board sets annual objectives and topics to be addressed at its meetings over the coming year. In addition, the Governance, Nominating & Corporate Responsibility Committee has retained a third-party governance organization that facilitates the Board's annual evaluation process and intends to use, at least every three years, an independent third-party to conduct these evaluations.

Our director nominees possess relevant experience, skills and qualifications that contribute to a well-functioning board. Our Corporate Governance Guidelines provide that the Board should consider whether individual directors possess the following personal characteristics: integrity, education, commitment to the Board, business judgment, business experience, accounting and financial expertise, diversity of experience, reputation, civic and community relationships, high performance standards and the ability to act on behalf of stockholders. In January 2026, the Governance, Nominating & Corporate Responsibility Committee reviewed the skills and experiences that they believe Board members should possess. The skills and experiences that the Board seeks in evaluating its composition, and which inform Board succession planning and director nomination processes, as well as the individual experiences, skills and characteristics of our Board members, are highlighted below. The rating for each skill presented below represents the average of self-ratings for all directors, expressed on a numeric basis on a scale of 1 to 10, with the score for each director corresponding to the following ratings:

RATING KEY	
1-2	Has insufficient experience and understanding
3-4	Has some knowledge and experience
5-6	Has moderate knowledge and experience
7-8	Has strong knowledge and experience
9-10	This is a top personal strength and core competency

The Governance, Nominating & Corporate Responsibility Committee and our Board of Directors believe that the nominees listed below collectively possess these attributes, which, together with their respective experience described in the biographical summaries below, make each nominee well qualified to continue to serve on our Board of Directors.

The rating for each skill presented below is intended as a summary and is not an exhaustive list of the qualifications or contributions to the Board. The following chart summarizes the self-ratings of our Board as a whole on a numeric basis for each skill under “Skills Numeric”, based on the 1 through 10 scale set forth above, while the “Number of Directors” column reflects the number of directors with ratings of at least 7 or greater for the specific skill:

	Skills Numeric	Number of Directors with Strong Knowledge and Experience
Senior Executive Leadership and Strategic Planning: Experience serving in a senior leadership position in a major organization (e.g., CEO, CMO, COO, Chief Financial Officer, Division President, etc.), with a practical understanding and oversight of organizations, processes, strategic planning, and risk management.	 9.0	 11

CORPORATE GOVERNANCE AND OTHER BOARD MATTERS

BOARD OF DIRECTORS' COMPOSITION

Our Board of Directors is currently comprised of Bradlen S. Cashaw, Richard A. Dierker, Bradley C. Irwin, Penry W. Price, Susan G. Saideman, Ravichandra K. Saligram, Robert K. Shearer, Michael R. Smith, Janet S. Vergis, Arthur B. Winkleblack, and Laurie J. Yoler.

CORPORATE GOVERNANCE GUIDELINES AND OTHER CORPORATE GOVERNANCE DOCUMENTS

Our Corporate Governance Guidelines, including guidelines for the determination of director independence, the responsibilities and duties of our Board of Directors, director access to management and independent advisors, director compensation, the committees of our Board of Directors, and other matters relating to our corporate governance, are available on the "Investors" page of our website, www.churchdwight.com. Also available on the "Investors" page are other corporate governance documents, including our Code of Conduct ("Code of Conduct") and the Charters of the Audit Committee, Compensation & Human Capital Committee, Governance, Nominating & Corporate Responsibility Committee, and our Political Contributions Policy.

Our website is not part of this proxy statement; references to our website address in this proxy statement are intended to be inactive textual references only.

BOARD OF DIRECTORS INDEPENDENCE

Our Corporate Governance Guidelines provide that a majority of our Board of Directors shall consist of independent directors who meet the criteria for independence required by the NYSE listing standards. A director will be considered independent if our Board of Directors affirmatively determines that the director has no material relationship with us (directly, or as a partner, stockholder, or officer of an organization that has a relationship with us). In assessing the materiality of a relationship, our Board of Directors considers all relevant facts and circumstances. In addition to the independence standards established by the NYSE, we have adopted categorical standards under the Corporate Governance Guidelines designed to assist our Board of Directors in assessing independence. Under these standards, none of the following relationships necessarily disqualifies a director or nominee from being considered "independent":

- A director's or a director's immediate family member's ownership of five percent or less of the equity of an organization that has a relationship with us;
- A director's service as an executive officer of or employment by, or a director's immediate family member's service as an executive officer of, a company that makes payments to or receives payments from us for property or services in an amount which, in any of the last three fiscal years, is less than the greater of \$1 million or two percent of such other company's consolidated gross revenues; or
- A director's service as an executive officer of a charitable organization that received annual contributions from the Company that have not exceeded the greater of \$1 million or two percent of such charitable organization's annual gross revenues in any of such charitable organization's last three fiscal years.

Our Board of Directors reviewed and analyzed the independence of each nominee for director in January 2026 to determine whether any particular relationship or transaction involving any director, or any director's affiliates or immediate family members, was inconsistent with a determination that the director is independent for purposes of serving on our Board of Directors and its committees. During this review, our Board considered whether there were any transactions or relationships between each director nominee or their affiliates and family members and Church & Dwight. As a result of this review, our Board affirmatively determined that each of Bradlen S. Cashaw, Bradley C. Irwin, Penry W. Price, Susan G. Saideman, Ravichandra K. Saligram, Robert K. Shearer, Michael R. Smith, Janet S. Vergis, Arthur B. Winkleblack and Laurie J. Yoler is independent within the meaning of the NYSE listing standards and under the categorical standards described in the Corporate Governance Guidelines. Mr. Dierker, our President and Chief Executive Officer, is not an independent director.

Our Board of Directors has further determined that each of the members of the Audit Committee, Compensation & Human Capital Committee, and Governance, Nominating & Corporate Responsibility Committee is independent within the meaning of the NYSE listing standards, and that the members of the Audit Committee and the Compensation & Human Capital Committee meet the additional independence requirements of the NYSE listing standards applicable to audit committee members and compensation committee members, respectively. In addition, the members of the Compensation & Human Capital Committee are “non-employee directors” as defined under applicable SEC rules.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of the directors who served on the Compensation & Human Capital Committee in fiscal year 2025 has ever served as one of our officers or employees. In addition, none of the directors who served on the Compensation & Human Capital Committee had any relationship with us or any of our subsidiaries during fiscal year 2025 pursuant to which disclosure would be required under applicable rules and regulations of the SEC pertaining to the disclosure of transactions with related persons. During fiscal year 2025, none of our executive officers served as a member of the compensation committee (or other committee performing similar functions or, in the absence of any such committee, the entire board of directors), of any other entity of which an executive officer of such other entity served on our Board of Directors or the Compensation & Human Capital Committee.

EXECUTIVE SESSIONS OF INDEPENDENT DIRECTORS

Our Board of Directors meets in regularly scheduled executive sessions without any members of our management, including the CEO, present. Our Chair, currently Mr. Saligram, is responsible for chairing the executive sessions of our Board of Directors. In addition, each of the Compensation & Human Capital, Governance, Nominating & Corporate Responsibility and Audit Committees regularly meet alone in scheduled executive sessions without any members of our management, including the CEO, present.

BOARD OF DIRECTORS EDUCATION

Regular continuing education programs enhance the skills and knowledge directors use to perform their responsibilities. These programs may include internally developed programs or programs presented by third parties. In 2025, in addition to the regular sustainability and cybersecurity updates and functional deep dives the Board receives at each meeting, the full Board hosted artificial intelligence (AI) experts and engaged in discussions around the current landscape of AI risks, among other topics. Additionally, we encourage our directors to participate in external continuing director education programs. New directors also participate in comprehensive orientation sessions that provide them with a thorough understanding of their fiduciary duties as well as a robust overview of the Company’s business and strategies, which allows new directors to begin making contributions to the Board at the start of their service.

BOARD OF DIRECTORS RISK OVERSIGHT

Our Board of Directors, acting principally through the Audit Committee, is actively involved in the oversight of the significant risks affecting our business. Our Board of Directors’ and the Audit Committee’s risk oversight activities are focused on management’s risk assessment and management processes, as well as on our ethics and compliance program.

Our Internal Audit Department administers an annual detailed Enterprise Risk Management assessment with management to identify and rank the most significant risks that affect our Company, including consideration of a large number of risks associated with companies in the consumer products industry. Formal alignment of the most significant risks occurs between the Board and executive management every other year and as changes in the risk environment necessitate. The assessed risks encompass, among others, economic, industry, enterprise, operational, cybersecurity, data privacy, compliance, sustainability and financial risks. Our President and Chief Executive Officer assigns an executive officer to lead the management of each of those risks identified as among the most significant. As part of the risk management process, our Internal Audit Department annually prepares an Internal Audit project plan under which it reviews activities directed to mitigate business and financial related risks. This plan is subject to Audit Committee approval.

Our Head of Internal Audit meets quarterly with our executive officers to assess changes in the magnitude of identified risks, as well as the status of mitigation activities with regard to the most significant risks. Our Head of Internal Audit reports directly to the Audit Committee and advises the Audit Committee on a quarterly basis regarding management's risk assessment process and the progress of mitigation activities designed to maintain risk within acceptable levels. The Audit Committee, in turn, reports to our Board of Directors on these matters on a quarterly basis.

Our Board considers cybersecurity risk as part of its risk oversight function and has delegated to the Audit Committee oversight of cybersecurity and other information technology risks. The Audit Committee oversees management's implementation of our cybersecurity risk management program, including reviewing risk assessments from management with respect to our information technology systems and procedures, and overseeing our cybersecurity risk management processes. The Audit Committee, which is tasked with oversight of certain risk issues, including cybersecurity, receives reports from the Executive Vice President, Chief Technology & Analytics Officer ("CTAO") and the Vice President, Chief Information Security Officer ("CISO") each quarter. At least annually, the Board and the Audit Committee also receive updates about the results of exercises and response readiness assessments led by outside advisors who provide a third-party independent assessment of our technical program and our internal response preparedness. The Audit Committee regularly briefs the full Board on these matters, and the full Board also receives periodic briefings regarding our Information Security Program and cyber threats in order to enhance our directors' literacy on cyber issues. In addition, management will update the Audit Committee, as necessary, regarding cybersecurity incidents that we may experience. Our management team, including our CTAO, is responsible for assessing and managing our material risks from cybersecurity threats. The team has primary responsibility for our overall cybersecurity risk management program and oversees both our internal cybersecurity personnel and our retained external cybersecurity consultants. Our management team's cybersecurity risk management is led by our CISO, who has significant experience across digital innovation and technology-enabled growth, information security, infrastructure, operations and compliance. Our management team supervises efforts to prevent, detect, mitigate, and remediate cybersecurity risks and incidents through various means, which include briefings from internal security personnel; threat intelligence and other information obtained from governmental, law enforcement, public or private sources, including external consultants engaged by us; and alerts and reports produced by security tools deployed in the IT environment.

From time to time, the Company adopts new or emerging technologies, such as artificial intelligence, to enable and facilitate business objectives. The Board maintains direct oversight over our technology strategy and risk. Our Audit Committee assists the Board in overseeing our technology governance and risk.

Our Executive Vice President and General Counsel leads our ethics and compliance risk oversight program through the Compliance Council, which is comprised of various functional representatives and compliance subject matter experts. The Compliance Council meets regularly to review the health of the program, opportunities for improvement, and the status of execution against agreed program priorities. Our Executive Vice President and General Counsel also meets regularly with the Audit Committee, either alone or together with subject matter experts from the Compliance Council, to review the health of our compliance and ethics program, its priorities, and the status of execution against those priorities. Annually, our Executive Vice President and General Counsel provides a comprehensive review of the compliance and ethics program to our Board of Directors, and supplements this review, from time to time, as requested by our Board of Directors or as appropriate with respect to specific compliance risk areas or issues.

Our Executive Vice President and General Counsel, Executive Vice President, Chief Technology Officer & Global New Product Innovation, Executive Vice President, Chief Supply Chain Officer and Executive Vice President, Chief Human Resources Officer lead our sustainability program and initiatives through the Corporate Issues Council (the "Council") which is comprised of various functional representatives and subject matter experts. The Council meets regularly to review the health of the program, opportunities for improvement, and the status of execution against agreed program priorities. Our Executive Vice President and General Counsel also meets regularly with the Governance, Nominating & Corporate Responsibility Committee, together with subject matter experts from the Council, to review the health of our sustainability program, and the status of execution against them. The Chair of our Governance, Nominating & Corporate Responsibility Committee reviews the status of our sustainability program with our Board of Directors at each regularly scheduled Board meeting, and supplements this review, from time to time, as requested by our Board of Directors or as appropriate with respect to specific sustainability program matters, other

than those related to human capital, which are overseen by the Compensation & Human Capital Committee and reported on to the Board by the Chair of that Committee.

In addition to the efforts of our Board of Directors and the Audit Committee to address risk oversight, the Compensation & Human Capital Committee annually reviews our compensation policies and practices to confirm that such compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on our Company. As a result of its most recent review in 2025, the Compensation & Human Capital Committee concluded that our incentive compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on us for the following reasons:

- Awards are earned based on achievement of corporate performance objectives under the Annual Incentive Plan.
- The five 2025 performance metrics selected under our Annual Incentive Plan were counterbalanced so that, for example, an undue focus on net sales at the expense of gross margins would not result in a higher payout.
- We cap maximum awards payable under the Annual Incentive Plan. The Annual Incentive Plan uses a performance rating system which corresponds to a payout range from 0.0 (0 percent of target) to a maximum of 2.0 (200 percent of target). Additionally, in no case can the maximum award payable to a participant exceed 350% of a participants base salary. This limits the potential for excessive emphasis on short-term incentives.
- Stock options constitute a substantial portion of an executive's total remuneration and vest as to all underlying shares on the third anniversary of the date of grant. This structure encourages a longer-term focus and rewards our executives only if the price of our common stock appreciates above the exercise price of the stock option. In 2023, performance stock units and restricted stock units were incorporated into the long-term incentive program for the executive leadership team.
- Annual long-term incentive awards result in overlapping three-year vesting periods, which reduces the risk of an inappropriate focus on one vesting date and which encourages continued retention and incentives.
- Our stock ownership guidelines require that our executives hold a significant amount of our common stock to further align their interests to the interests of our stockholders on a long-term basis.

Our Board of Directors believes that our compensation system, our division of risk oversight responsibilities, and our Board of Directors' leadership structure comprise and support the most effective risk management approach.

We believe our policies and practices are designed to promote strong performance and effectively motivate behaviors that drive long-term shareholder value.

BOARD OF DIRECTORS LEADERSHIP STRUCTURE

The Corporate Governance Guidelines provide that our Board of Directors may determine from time to time what leadership structure works best for our Company, including whether the same individual should serve both as Chairman of our Board of Directors and Chief Executive Officer. In addition, the guidelines provide that if the same individual serves as Chairman of our Board of Directors and CEO, or the Chairman is otherwise not independent, our Board of Directors shall have an independent Lead Director, as selected by the independent members of the Board.

Beginning in October 2025, Ravichandra Saligram, who had been serving as our independent Lead Director, was appointed Chairman of the Board. Mr. Saligram has served on our Board since 2006 and served as independent Lead Director from 2023 until September 2025. The Board has nominated Mr. Saligram for reelection to the Board at the Annual Meeting and, contingent upon his reelection, Mr. Saligram is expected to continue in his role as Chairman of the Board. The Board believes that Mr. Saligram's extensive leadership experience in a variety of industries, including consumer packaged goods, provides important continuity of Board leadership and strategic oversight,

allowing Mr. Dierker, who began serving as the Company's CEO in April of 2025, to focus on executing the Company's strategies and managing the global organization. Mr. Dierker is available and provides updates to all directors between meetings and meets regularly with the Chairman of the Board and with the directors individually and as a group to receive feedback from the Board. Mr. Saligram's collaboration with Mr. Dierker allows the Board to focus attention on the issues of greatest importance to the Company and its stockholders and our CEO to focus primarily on leading the Company.

Our Chief Executive Officer has primary responsibility for the operational leadership and strategic direction of the Company, which includes among other responsibilities engagement with the Company's stockholders. Our Chairman facilitates the Board's oversight of management, promotes communication between management and our Board, facilitates engagement with stockholders together with the Chief Executive Officer and other senior members of management, and leads our Board's consideration of key governance matters. As non-executive Chairman, Mr. Saligram's responsibilities include:

- assisting the Board, the Chief Executive Officer and other members of management in promoting compliance with and implementation of the Corporate Governance Guidelines;
- presiding at the executive sessions of the independent directors and having the authority to call additional executive sessions or meetings of the independent directors;
- presiding at Board meetings;
- reviewing and approving information sent to the Board;
- reviewing and approving meeting agendas for the Board and approving meeting schedules to ensure sufficient time for discussion of all agenda items;
- facilitating communications between employees, stockholders and others with the independent directors;
- being available for consultation and direct communication with major stockholders if requested; and
- monitoring and evaluating, along with the members of the Compensation & Human Capital Committee and the other independent directors, the performance of the Chief Executive Officer.

We believe that the presence of a non-executive Board Chairman enhances the ability of our Board of Directors to provide additional independent oversight and supplements the following corporate governance practices, which also facilitate independent oversight:

- All of our directors, other than our President and CEO, are independent.
- All of the members of the Audit Committee, Compensation & Human Capital Committee, and Governance, Nominating & Corporate Responsibility Committee are independent.
- Our Board of Directors and each of its standing committees meet in regularly scheduled executive sessions without the presence of management.
- Our Board of Directors completes an annual assessment of the effectiveness of the full Board of Directors, each of its standing committees, and individual directors.

COMMUNICATION WITH THE BOARD OF DIRECTORS

Our Chairman acts as a contact person to facilitate communications between employees, stockholders and others with the independent directors. The Chairman is responsible for ensuring that stockholder requests, recommendations, and proposals regarding governance-related matters are evaluated by the Governance, Nominating & Corporate Responsibility Committee, the Compensation & Human Capital Committee, or Audit

Committee, as appropriate, and then by our Board of Directors based on the applicable Committee's recommendation.

Any person who wishes to communicate with our Board of Directors, including the Chairman or the independent directors as a group, may direct a written communication to our Board of Directors, the Chairman, or the independent directors, at: Church & Dwight Co., Inc., Princeton South Corporate Park, 500 Charles Ewing Boulevard, Ewing, New Jersey 08628, Attention: Secretary. Such correspondence (other than solicitations) will be logged in and forwarded to the Chairman.

STOCKHOLDER ENGAGEMENT

We recognize the value of and are committed to engaging with our stockholders and soliciting their views and input on various topics. We approach stockholder engagement through various avenues:

Annual Stockholders Meeting

Our annual stockholder meeting is conducted virtually through a live webcast and online stockholder tools, which we believe enhances rather than constrains stockholder access and participation. We believe that a virtual meeting format facilitates stockholder attendance and enables stockholders to participate fully, and equally, from any location around the world, at no cost. This format allows all stockholders to communicate with us both in advance of and during the meeting and provides a forum to ask questions of the members of our Board and management. We believe this is the right choice for a Company with a global stockholder base, not only saving costs for the Company and its stockholders, but also increasing the ability to engage with all stockholders, regardless of the amount of stock owned or physical location.

We do not place restrictions on the type or form of questions that may be asked but reserve the right to edit inappropriate questions. During the live Q&A session of the meeting, we endeavor to answer pertinent questions asked during the meeting as well as those asked in advance, as time permits. If we are unable to respond to a stockholder's properly submitted question during the meeting, we may provide written responses on our corporate website shortly after the meeting, depending on the subject matter and relevance of the questions. Although the live webcast is available only to stockholders at the time of the meeting, a replay of the meeting is made publicly available on the Company's investor relations website.

For more information about the virtual stockholder meeting, see "Information About The Annual Meeting And Voting."

Investor Meeting

We hold our annual Investor Meeting ("Investor Meeting") in January or February of each year. At the Investor Meeting, our CEO and CFO and other members of the executive leadership team discuss the previous quarter and year-end results and provide an update on our strategy and the financial outlook for our upcoming fiscal year. The Investor Meeting is an important opportunity for investors to have access to our management team and provides a deeper understanding of, and direct insight into, our business, strategy, and outlook, as well as any other important topics.

Year-Round Engagement

Our stockholder engagement practices and controls, which are designed to support our commitment to constructive communications between our stockholders and the independent directors, include the ability of our stockholders to cast an annual advisory vote on executive compensation ("say-on-pay"), the ability to submit stockholder proposals and recommend candidates for election to our Board, and the ability to communicate directly with our Board of Directors.

We also engage with our stockholders throughout the year. Our comprehensive stockholder engagement program includes, in addition to the Annual Stockholder Meeting and Investor Meeting, earnings calls and post-

earnings communications, conference presentations and meetings, individual meetings and responses to investor inquiries. The multi-faceted nature of our program allows us to maintain meaningful engagement with our broad investor community, including advisory firms.

We value our stockholders' feedback and are committed to engaging in constructive and meaningful dialogue with stockholders throughout the year, including with respect to our performance, governance practices, executive compensation, and the Board's oversight of risk, strategy, talent and sustainability matters. In 2025, we engaged with a number of stockholders, and topics discussed included our executive compensation program, governance practices, risk management and sustainability. Meetings regarding those matters were led by our CFO, with support from various subject matter experts within the Company, including our General Counsel. In addition, we hosted numerous investor meetings on our business performance, category performance, and competitive actions. Those meetings were attended at times by both our CEO and CFO or with our CFO and an investor relations representative. Maintaining a disciplined approach to the discussions and allowing adequate meeting time ensures that matters important to stockholders are not neglected in favor of addressing only current salient issues. Summaries of all of these communications are provided to our Nominating, Governance & Corporate Responsibility Committee, as well as our Compensation & Human Capital Committee, as applicable, and the Board.

We remain committed to these ongoing discussions and welcome feedback from all stockholders, who can contact our directors or executive officers as described under "Communication with the Board of Directors."

BOARD OF DIRECTORS MEETINGS AND COMMITTEES

Committees of the Board of Directors

The Board has four standing committees as set forth in the table below, as well as a Finance Committee that meets on an ad hoc basis. During 2025, each incumbent director attended at least 75 percent of the aggregate number of meetings held by our Board and all Board committees on which such director served. The following table shows the current members of each of the four standing committees and the number of meetings held during fiscal 2025.

Although we do not have a formal policy requiring attendance of directors at our Annual Meetings, we expect all directors to attend the Annual Meeting absent exceptional circumstances. All incumbent directors attended the 2025 Annual Meeting.

Audit Committee. Under its Charter, the Audit Committee, among other responsibilities, (i) has sole authority to retain, set compensation and retention terms for, terminate, and oversee and evaluate the activities of, our independent registered public accounting firm; (ii) reviews and approves in advance the performance of all audit and permitted non-audit services, subject to the pre-approval policy discussed below under “Pre-Approval of Audit and Permissible Non-Audit Services”; (iii) reviews and discusses with management and our independent registered public accounting firm the annual audited financial statements and quarterly financial statements and certain other disclosures included in our filings with the SEC; (iv) reviews and discusses with management earnings press releases prior to their release; (v) discusses with management, internal audit personnel, and our independent registered public accounting firm, our risk assessment and risk management policies, including our major financial risk exposures, the security of the Company’s computerized information systems, risks from cyber threats and risks arising from the Company’s use of artificial intelligence, machine learning, automation, and data analytics technologies in its operations and financial reporting processes; (vi) oversees the internal audit function; (vii) discusses with management, internal audit personnel, and our independent registered public accounting firm the adequacy and effectiveness of our financial reporting processes, internal control over financial reporting, and disclosure controls and procedures; (viii) keeps the independent auditors informed of the relationships and transactions with related parties that are significant to the Company; and (ix) oversees the adoption, periodic review, and oversight of policies and procedures regarding business conduct and oversees our compliance and ethics program.

Our Board of Directors has determined that each of Mr. Shearer, Mr. Smith and Mr. Winkleblack is an “audit committee financial expert” within the meaning of SEC regulations.

The Audit Committee has established procedures for the receipt, retention, and treatment of complaints regarding accounting, internal accounting controls and auditing matters and the receipt of confidential, anonymous submissions by our employees with respect to concerns regarding potential violations of our compliance and ethics program, including questionable accounting or auditing matters. Such complaints and submissions may be made by writing to the following address: Church & Dwight Co., Inc., Princeton South Corporate Park, 500 Charles Ewing Boulevard, Ewing, New Jersey 08628, Attention: Secretary. Complaints may also be made via the Internet at www.churchdwight.ethicspoint.com, or by calling our toll-free hotline. The Audit Committee regularly receives reports regarding potential violations of our compliance and ethics program and oversees certain investigations relating thereto. The number for calls placed within the United States and Canada is (855) 384-9879. The numbers for calls placed in other countries may be found on the Internet at <https://secure.ethicspoint.com/domain/media/en/gui/33731/index.html>. Such correspondence will be logged in and forwarded to the Chair of the Audit Committee or his/her designated delegates, who provide the Audit Committee with regular reports.

Compensation & Human Capital Committee. Under its Charter, the Compensation & Human Capital Committee is responsible for approving the specific salary, bonuses, stock awards, and other compensation for our elected officers, which includes our named executive officers identified in the Summary Compensation Table. The Compensation & Human Capital Committee also, among other responsibilities: (i) oversees the design of our executive compensation programs, policies, and practices; (ii) reviews and approves the adoption, termination, and amendment of, and administers, our incentive and equity compensation plans; (iii) reviews and approves the adoption, termination and amendment of the health, welfare, wealth accumulation, retirement and other benefit plans of the Company and, where appropriate, its affiliates; (iv) reviews and approves annually corporate goals and objectives as they relate to CEO and other executive officer compensation; (v) evaluates at least annually the performance of the CEO and the other executive officers and establishes their respective compensation; (vi) evaluates whether our compensation policies and practices for our executive officers and other employees create risks that are reasonably likely to have a material adverse effect on us; (vii) collaborates with the Governance, Nominating & Corporate Responsibility Committee, regarding recommendations to our Board of Directors concerning

executive officer succession; (viii) collaborates with the Governance, Nominating & Corporate Responsibility Committee, regarding recommendations to our Board of Directors concerning non-employee director compensation; and (ix) recommends to the Board the development, selection, retention, and dismissal of elected officers. The Compensation & Human Capital Committee also reviews and discusses with management the development, implementation and effectiveness of the Company's policies and strategies related to its human capital management function, including policies and strategies regarding the development, attraction, and retention of Company personnel, workplace environment and culture, and internal communications programs.

In considering executive compensation, the Compensation & Human Capital Committee considers the executive compensation recommendations as well as the comparative public company data provided by independent compensation consultants engaged directly by the Compensation & Human Capital Committee. Semler Brossy Consulting Group, LLC ("Semler Brossy") serves as the Compensation & Human Capital Committee's independent compensation consultant and does not provide any other services to us. See "Compensation Discussion and Analysis" for additional information regarding the services provided by Semler Brossy and information considered by the Compensation & Human Capital Committee. The Compensation & Human Capital Committee also takes into account statistical data and recommendations of our CEO. However, our CEO does not make recommendations and does not participate in any discussions or decisions regarding his own compensation.

Governance, Nominating & Corporate Responsibility Committee. Under its Charter, the Governance, Nominating & Corporate Responsibility Committee, among other responsibilities, (i) develops and periodically reviews, and recommends to our Board of Directors, criteria for the selection of new directors to serve on our Board of Directors; (ii) identifies individuals qualified to become members of our Board of Directors consistent with our Board of Directors' criteria for selecting new directors set forth in the Corporate Governance Guidelines; (iii) recommends to our Board of Directors, director nominees to be elected at the next annual meeting of stockholders and, where applicable, to fill vacancies; (iv) considers and makes recommendations to our Board of Directors on questions of independence and possible conflicts of interest of members of our Board of Directors and executive officers in accordance with the Corporate Governance Guidelines; (v) in collaboration with the Compensation & Human Capital Committee, makes recommendations to our Board of Directors concerning executive officer succession; (vi) oversees Board of Directors and committee evaluations; (vii) makes recommendations to our Board of Directors regarding corporate governance matters; (viii) reviews and make recommendations to the Board of Directors on policies and procedures regarding political contributions and membership in trade associations and other tax-exempt organizations; (ix) in consultation with the Compensation & Human Capital Committee, periodically reviews and makes recommendations to our Board of Directors regarding the compensation of our non-employee directors, and the principles upon which such compensation is determined; and (x) oversees the Company's sustainability program, including, but not limited to, the Company's environmental, climate resilience, responsible packaging, responsible sourcing and product ingredients (other than those related to human capital matters, which are overseen by the Compensation & Human Capital Committee).

The Governance, Nominating & Corporate Responsibility Committee recommends to our Board of Directors candidates for nomination to our Board of Directors. When considering individuals to recommend for nomination, the Governance, Nominating & Corporate Responsibility Committee seeks persons with diverse backgrounds who possess the following characteristics: integrity, education, commitment to our Board of Directors, business judgment, business experience, accounting and financial expertise, diversity, reputation, civic and community relationships, high performance standards, and the ability to act on behalf of stockholders.

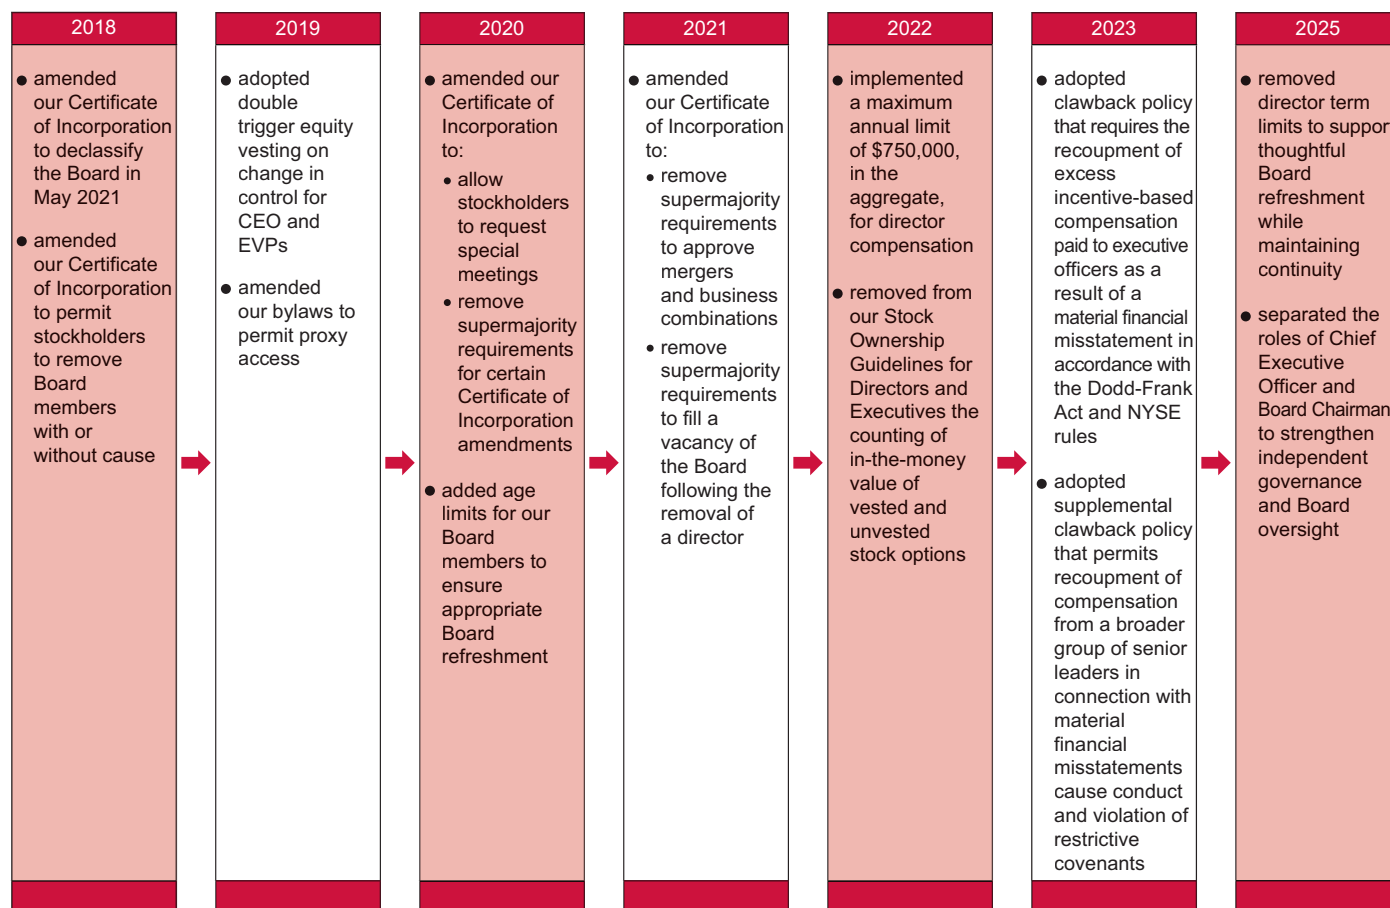

The Governance, Nominating & Corporate Responsibility Committee will consider recommendations for director candidates from stockholders. Stockholder recommendations of candidates should be submitted in writing to: Church & Dwight Co., Inc., Princeton South Corporate Park, 500 Charles Ewing Boulevard, Ewing, New Jersey 08628, Attention: Secretary. In considering any candidate proposed by a stockholder, the Governance, Nominating & Corporate Responsibility Committee will reach a conclusion as to whether to recommend such candidate to our Board of Directors based on the criteria described above. The Governance, Nominating & Corporate Responsibility Committee may seek additional information regarding the candidate. After full consideration, the stockholder

recommending the candidate will be notified of the decision of the Governance, Nominating & Corporate Responsibility Committee (and of our Board of Directors, if the candidate is recommended to our Board of Directors for consideration). The Governance, Nominating & Corporate Responsibility Committee will consider all potential candidates in the same manner regardless of the source of the recommendation.

As highlighted in our Corporate Governance Guidelines, the Board values inclusivity and recognizes the importance of having unique and complementary backgrounds and perspectives in the boardroom. The Board endeavors to include diverse skills, professional experience, and perspectives that reflect our consumer and investor base, and to guide the Company in a way that reflects the best interests of all our stockholders. The Governance, Nominating & Corporate Responsibility Committee reviews the director nominees (including any stockholder nominees) and ascertains whether, as a whole, they meet the Corporate Governance Guidelines in this regard. For this year's election, the Board has nominated 11 individuals who bring varied experiences to the Board. Their collective experience covers a wide range of roles, geographies, and industries. The Governance, Nominating & Corporate Responsibility Committee works with the search firms engaged by the Company to seek a wide range of candidates for serious consideration in all prospective director candidate pools. In addition, the Governance, Nominating & Corporate Responsibility Committee is committed to considering directors with all backgrounds for all future vacancies on the Board. The Company is committed to ongoing Board refreshment. Consistent with its Corporate Governance Guidelines, directors are required to retire upon reaching age 75. In line with the practices of the majority of its peers and most S&P 500 companies, the Company seeks to maintain a level of continuity of valuable experience of its independent Board members and believes this objective is best achieved through a case-by-case assessment rather than by imposing a fixed limit on director tenure. Accordingly, on December 4, 2025, the Board approved an amendment to the Corporate Governance Guidelines to eliminate limits on the number of years a director may serve on the Board. The Board also believes that tenure diversity should be considered in order to achieve an appropriate balance between the detailed Company-knowledge and wisdom that comes with many years of service as a director, and the fresh perspective of newer Board members. We believe that our current Board has an appropriate balance of experienced and newer directors and a consistent practice of regularly adding new Board members. The Governance, Nominating & Corporate Responsibility Committee balances all of the above considerations when assessing the composition of our Board of Directors. The Governance, Nominating & Corporate Responsibility Committee may engage the services of third-party search firms to assist in identifying and assessing the qualifications of director candidates.

We have adopted policies to ensure that our directors do not have excessive time commitments. As set forth in our Corporate Governance Guidelines, ordinarily, members of our Board of Directors should not serve on the board of directors of more than four public companies (including the Company), and our Chief Executive Officer should not serve on the board of directors of more than two public companies (including the Company), without the approval of the Governance, Nominating & Corporate Responsibility Committee. Compliance with this policy is reviewed annually, and all of the members of our Board are currently in compliance with this policy.

The Board continuously evaluates and, as appropriate, updates our corporate governance practices based on recommendations from the Governance, Nominating & Corporate Responsibility Committee. Over the years we have made significant governance changes designed to facilitate stockholder participation and engagement, including the following:

Executive Committee. The Executive Committee may exercise the authority of our Board of Directors, except as specifically reserved by Delaware law to our Board of Directors or as our Board of Directors otherwise provides. Mr. Dierker is chair of the Executive Committee. Messrs. Price, Saligram and Winkleblack and Ms. Vergis also serve on the Executive Committee.

Finance Committee. The Board also has a Finance Committee, which meets on an ad hoc basis. The Finance Committee reviews financing and capital markets issues but has no decision autonomy. Mr. Winkleblack is chair of the Finance Committee. Messrs. Cashaw, Irwin and Shearer also serve on the Finance Committee.

SUCCESSION PLANNING

Our Board of Directors recognizes that one of its most important duties is to ensure excellence and continuity in our senior leadership by overseeing the development of executive talent and planning for the effective succession of the Chairman of our Board of Directors and our CEO and other senior members of executive management. Our CEO and other senior executive succession planning process includes identifying external candidates, where appropriate, and identifying and developing potential internal candidates on an ongoing basis. Our succession planning process was evidenced in 2025 and 2026 through several key leadership transitions. In 2025, the Board appointed Richard Dierker, our Executive Vice President, Chief Financial Officer and Head of Business Operations, to succeed Matthew Farrell as our President and Chief Executive Officer. Lee McChesney, a former executive of MSA Safety Inc. succeeded Richard Dierker as Executive Vice President, Chief Financial Officer and Mark Magazine, our

former Vice President, Grocery, succeeded Carlen Hooker as Executive Vice President, Chief Commercial Officer. In 2026 Raman (Ray) Bajaj, the former Global Chief Data & Technology Officer at Kimberly-Clark Corporation, succeeded Kevin Gokey as Executive Vice President, Chief Technology & Analytics Officer.

The criteria used when assessing the qualifications of potential CEO successors are included on a position specification developed by our Board of Directors. Our Board of Directors is committed to being prepared for a planned or unplanned change in our leadership in order to ensure our stability.

In continuation of this process, the Governance, Nominating & Corporate Responsibility Committee, in collaboration with the Compensation & Human Capital Committee, agree upon and recommend to the Board a succession plan for our CEO and other senior members of executive management in the ordinary course of business and in emergency situations. Through this process, our Board of Directors receives from our CEO and the Executive Vice President, Chief Human Resources Officer qualitative evaluations of, and recommendations concerning, potential successors to our CEO and our other senior executives, along with a review of any development plans recommended for such individuals. At least once annually, our Board of Directors reviews our succession plans. Succession planning is also regularly discussed in executive sessions of our Board of Directors and in committee meetings, as applicable. Our directors become familiar with internal potential successors for key leadership positions through various means, including a comprehensive annual talent and succession review, Board of Directors and committee meeting presentations, and less formal interactions throughout the course of the year.

CODE OF CONDUCT

We have adopted a Code of Conduct that applies to all employees and directors of Church & Dwight and our global subsidiaries. Among other things, the Code of Conduct is designed to deter wrongdoing and to promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships, promote full, fair, accurate, timely and understandable disclosures in periodic reports we are required to file, promote compliance with applicable governmental laws, rules, and regulations and promote a harassment-free work environment. The Code of Conduct requires the prompt internal reporting of violations of the Code of Conduct and contains provisions regarding accountability for adherence to the Code of Conduct. The Code of Conduct is available on the “Investors” page of our website at www.churchdwight.com. We are committed to satisfying the disclosure requirements regarding any amendment to, or waiver from, a provision of the Code of Conduct, including the conduct of an executive officer or member of our Board, by making disclosures concerning such matters available on the “Investors” page of our website. See “Corporate Governance and Other Board Matters—Board of Directors Meetings and Committees—Audit Committee” for a summary of our procedures for the submission, receipt, retention, and treatment of complaints with respect to concerns regarding potential violations of our compliance and ethics program. Confidentiality terms in our settlement agreements with employees comply with all federal and state laws regarding limitations on confidentiality provisions and explicitly permit employees to report to government agencies and participate in government proceedings. Moreover, it is our practice not to use arbitration clauses in agreements with employees.

INSIDER TRADING POLICIES AND PROCEDURES

We have longstanding insider trading policies and procedures applicable to our directors, officers, and employees, and have implemented related processes for the Company that we believe are designed to promote compliance with insider trading laws, rules, and regulations, and the NYSE listing standards. Our Policy on Trading in Church & Dwight Co., Inc. Securities by Directors, Officers and Other Employees (the “Insider Trading Policy”) prohibits our directors, officers and employees and related persons and entities from trading in our Common Stock and that of other companies while in possession of material, nonpublic information. Our Insider Trading Policy also prohibits our employees from disclosing material, nonpublic information regarding the Company, or regarding other publicly traded companies, to others who may trade on the basis of that information. Our Insider Trading Policy requires that directors, officers and other designated employees only transact in Company securities during an open window period, upon obtaining advance approval, subject to limited exceptions. The foregoing summary of our insider trading policies and procedures does not purport to be complete and is qualified by reference to our Insider Trading Policy, a copy of which can be found as an exhibit to our Annual Report on Form 10-K for the fiscal year ended December 31, 2025.

POLITICAL EXPENDITURES

As set forth in our Code of Conduct and our Political Contributions Policy, we have a longstanding policy against making direct or indirect contributions to any political party or candidate. In addition, each year, we request that U.S. trade associations to which the Company pays in excess of \$25,000 annually confirm their compliance with our policy. The Political Contributions Policy is available on our website on the “Investors” page.

SUSTAINABILITY STRATEGY

We believe that sustainability is critical to the health of the communities in which we operate, contributes to a better world and benefits our business both financially and operationally. Each year we publish a Sustainability Report that discloses our business and corporate responsibility commitments and details our sustainability performance metrics and targets and other components of our sustainability efforts. Our 2024 Sustainability Report is available on our web site at <https://churchdwight.com/pdf/Sustainability/2024-Sustainability-Report.pdf>, and our 2025 Sustainability Report will be available in April 2026 (collectively, the “Sustainability Reports”). References to our Sustainability Reports are for informational purposes only and neither the Sustainability Reports nor the other information on our website is incorporated by reference into this Proxy Statement.

The following six pillars are the core focus of our sustainability efforts. Each is supported through our Governance practices, which are intended to maintain a system of rules and practices that determine how we operate and align the interests of our stakeholders in support of ethical business practices and financial success.

- Our Brands: Delight consumers with our brands and contribute toward a more sustainable world.
- Products: Provide safe and effective products for consumers and the environment.
- Packaging: Utilize consumer friendly and environmentally responsible packaging.
- Employees and Communities: Embrace a mindset of inclusivity for all, good corporate citizenship and social responsibility within our communities.
- Environment: Minimize environmental impact of our global operations, with a focus on increased renewable energy usage, reduced water consumption, greenhouse gas emissions and solid waste to landfills.
- Responsible Sourcing: Improve our suppliers’ environmental, labor, health and safety and ethical practices.

Environmental

We manage our global operations to strengthen efficiency, protect brand trust, meet the requirements of leading retailers and consumers and comply with evolving federal, state, local and foreign laws, rules and regulations governing environmental matters. Our priorities include delighting consumers through our brands; delivering safe, effective products; optimizing packaging to reduce cost and improve recyclability; lowering energy and water use to expand margins; minimizing waste and disposal expense; strengthening ethical, reliable, high-quality supply through our suppliers; and fostering an inclusive culture and responsible corporate citizenship.

Our emissions and packaging initiatives are driven by cost efficiency, retailer access, and consumer expectations. We prioritize absolute emissions reductions, energy and water efficiency, and recyclable packaging to reduce operating costs, strengthen supply-chain reliability, and maintain competitiveness across major retail channels. We have established both science-based emissions reduction targets, which were approved by the Science Based Targets Initiative (SBTi) in 2022, and operational climate goals that support progress toward those targets. Our science-based targets focus on reducing absolute GHG emissions across our operations and value chain through 2030. Separately, we have set an operational goal for our owned and controlled global operations to maintain carbon-

neutral status through a combination of GHG reduction programs, renewable energy credits (RECs), and purchased carbon credits. We report our progress towards our goals in our Sustainability Reports.

Our operations are subject to federal, state, local and foreign laws, rules and regulations governing environmental matters, including air emissions, wastewater discharges, solid and hazardous waste management activities, and employee safety. We endeavor to take the necessary actions to comply with such regulations. These steps include periodic environmental, health and safety audits of our facilities. The audits, conducted by independent firms with expertise in environmental, health and safety compliance, include site visits at each location, and a review of documentation, to determine compliance with such federal, state, local and foreign laws, rules and regulations.

Social

Our Social focus is driven by our goals of delighting consumers with our brands through our contributions toward a more sustainable world, improving our suppliers' labor, health & safety, environmental and ethical practices, and supporting our employees and communities—all to create a stronger, more resilient company.

Employee safety and wellness remain two of our highest priorities. We administer company-wide policies designed to ensure the safety of each team member and compliance with Occupational Safety and Health Administration (OSHA) and local standards. We embrace our employees across all dimensions and believe that a strong sense of belonging fosters innovation and supports an environment enriched by diverse perspectives, talents, and experiences. We strive to cultivate a culture and processes that support our ability to recruit, hire, develop, and retain talent at every level based on merit. We do not discriminate in our recruiting, hiring, or promotion on the basis of protected class characteristics or conditions. We encourage our employees to become involved in their communities through our Employee Giving Fund, which supports charitable organizations where our employees work and live, and The Church & Dwight Philanthropic Foundation (the "Foundation") which is focused on helping to create educational and employment opportunities and advancing environmental preservation. The Employee Giving Fund and the Foundation are administered by our employees.

Governance

Our sustainability governance focus includes the processes, rules, resources and systems in support of our operational and sustainability efforts. The Council, comprised of senior executives representing all of our key functional areas, guides the integration of sustainability within all parts of our business and drives continuous improvement in our sustainability approach and performance. The Council takes the lead in defining and implementing our sustainability strategy across our six pillars. Its duties include allocating resources to appropriately address sustainability issues; reporting on our progress to drive continuous improvement in our sustainability approach and performance; and monitoring, prioritizing and addressing evolving standards and stakeholder requirements. Our Board of Directors, acting principally through its Governance, Nominating & Corporate Responsibility Committee, oversees our sustainability program and sustainability efforts, including our climate related policies and programs. The Governance, Nominating & Corporate Responsibility Committee focuses on governance, brands, products, packaging, responsible sourcing, environmental, and all other areas of our Sustainability Program not otherwise overseen by the Compensation & Human Capital Committee and the Audit Committee. Our Compensation & Human Capital Committee focuses on issues related to our people. Our Audit Committee oversees our compliance and ethics program. Each of the Committees report to the Board on their respective areas of responsibility each quarter. Our Board also reviews the results of our periodic employee engagement surveys and has oversight over our planned response strategy.

As described in our Sustainability Reports, our continued progress in key areas of sustainability has earned recognition from various third parties.

HUMAN CAPITAL

Overview

Much of our success comes from our culture. Our people share a collective energy and ambition towards making a difference supporting the greater good, by providing affordable, quality products for everyday life, as reflected in our sustainability commitments, and by giving back to their communities. Our culture generates a collective passion, strength and determination to make an outsized impact, every day.

Safety and Wellness

Employee safety and wellness in both plants and offices remain two of our highest priorities. We developed and administer company-wide policies to ensure the safety of each team member and compliance with OSHA standards.

Our Employees

As of December 31, 2025, we had approximately 5,550 global employees, a decrease of approximately 200 compared to December 31, 2024. Approximately 85% of our workforce is located in the Americas, 11% in Europe, Middle East, and Africa, and 4% in the Asia-Pacific region. About 55% of our employees are salaried and about 45% are paid hourly wages. During fiscal 2025, our turnover rate was approximately 17%. Our revenue per employee in fiscal 2025 was approximately \$1.12 million.

Inclusive and Effective Workplace

We embrace the diversity of our employees in all dimensions and our efforts aspire to help us achieve a more inclusive workforce and optimize our long-term performance. We also strive to cultivate a culture and processes that support and enhance our ability to recruit, develop and retain talent at every level based on merit.

As a company we remain committed to fair treatment, access, opportunity, and advancement for all.

In 2025, our employees successfully operated the Company's Employee Resource Groups (ERGs) for a second consecutive year. These company-supported, employee-run groups, which all employees are welcome to join, contribute to our goal of building and maintaining a diverse and inclusive workplace. Membership in the ERGs is open to all employees, and they are intended to help create safe, inclusive environments where all global employees feel connected, valued, and inspired to build customer value and contribute to our Company's success. In addition to our existing ERGs VALOR (veterans), BOLD (black employees) and WAVE (female employees), we launched our fourth ERG (HOPE) in September 2025 that focuses on Hispanic employees.

Hiring, Development and Retention

Our talent strategy is focused on attracting the best talent and recognizing and rewarding performance, while continually developing, engaging and retaining our talented employees.

We invest resources in professional development and growth as a means of improving employee performance and improving retention. This includes management training aimed at continuous learning, professional training and development opportunities, targeted leadership development courses for aspiring new and existing leaders of different levels of seniority, tuition reimbursement, onboarding efforts, job specific programs for our employees, cultural reinforcement and more.

Compensation and Benefits

Attracting and retaining talent is a priority at Church & Dwight. We offer competitive pay and a range of benefits that support the well-being of our workforce. This includes offering competitive salaries and wages, as well as benefits such as health insurance, retirement and profit-sharing plans, and paid time off.

Employees are eligible for health insurance, prescription drug benefits, dental, vision, hospital indemnity, accident, critical illness, and disability insurance, life insurance, health savings accounts, flexible spending accounts, reproductive rights coverage, participation in savings plans, and identity theft insurance, in each case subject to the terms and conditions of the applicable plans and programs.

Communities

We encourage our employees to become involved in their communities, and in 2025, our Employee Giving Fund supported our communities by providing approximately \$1.3 million in employee and corporate contributions to 224 deserving community organizations through annual grants, disaster relief, and other monetary support. Employees purchased back-to-school supplies online to support disadvantaged youth, donated clothes and non-perishable items for clothing and food drives and provided supplies for a summer camp and holiday dinner for families in need. In 2020, the Company established The Church & Dwight Philanthropic Foundation (the “Foundation”) with the focus on helping to create educational and employment opportunities and advancing environmental preservation. In 2025, 10 organizations were chosen and received grants in aggregate totaling approximately \$1.1 million. The Foundation and the Employee Giving Fund are administered by our employees.

COMPENSATION OF DIRECTORS

In 2025, our directors’ fees, other than Mr. Dierker, consisted of the following:

Annual Retainer 2025	
• Chairperson of the Board 1-1-25 to 9-30-25	\$ 270,000
• Chairperson of the Board 10-1-25 to 12-31-25	\$ 295,000
• Lead Director	\$ 150,000
• Chairperson of the Audit Committee	\$ 145,000
• Chairperson of the Compensation & Human Capital Committee	\$ 140,000
• Chairperson of the Finance Committee (per meeting)	\$ 2,000
• Chairperson of the Governance, Nominating & Corporate Responsibility Committee	\$ 140,000
• Other non-employee directors	\$ 120,000
Annual Equity 2025	
• Annual Equity Grant	\$ 160,000
Special Assignment 2025	
• Special Assignment (Per Meeting)	\$ 2,000

The table above does not include a separate annual retainer for Mr. Dierker, who is a Board member, as he receives no additional compensation for his service on the Board.

We pay fees to our directors in accordance with the Amended and Restated Compensation Plan for Directors (the “Compensation Plan for Directors”). Any fees payable to our directors under the Compensation Plan for Directors may be deferred in accordance with our Deferred Compensation Plan for Directors, provided that a timely election is made by the director seeking such deferral. We also provide annual restricted stock units and stock option awards to our directors under the Church & Dwight Co., 2022 Omnibus Equity Compensation Plan (the “Omnibus Equity Compensation Plan”). All of these arrangements are described in further detail below.

Compensation Plan for Directors. The Compensation Plan for Directors was amended and restated in February 2023 and further amended and restated on November 1, 2023 and October 27, 2025 (as so amended and restated, the “Compensation Plan for Directors”) and provides for the payment of fee-based compensation (i.e., an annual retainer and any special assignment meeting fees) and annual equity grants to our directors who are not full-

time employees of the Company or its affiliates. Special assignment meeting fees of \$2,000 per meeting may be paid in consideration for attendance at meetings with respect to certain non-scheduled activities and special projects as determined by the Governance, Nominating & Corporate Responsibility Committee and cannot exceed \$20,000 per special assignment committee member, including the chair of such committee. The annual retainer amount is pro-rated for any director with less than a full year of service. Mr. Farrell retired as President and Chief Executive Officer on April 1, 2025, but continued as Chairman of the Board until September 30, 2025. Mr. Farrell received a pro-rata portion of the Board retainer for his services from April 2, 2025 to September 30, 2025.

The Compensation Plan for Directors provides each director with the choice of receiving his or her fee-based compensation (i) 100 percent in cash if that director has fully satisfied the Company's Stock Ownership Guidelines for Directors, (ii) 50 percent in cash and 50 percent in shares of our common stock if specifically elected by a director or (iii) 100 percent in shares of our common stock (the default method of payment). For 2025, all directors (other than Mr. Farrell who retired as President and Chief Executive Officer on April 1, 2025, but continued as Chairman of the Board until September 30, 2025) made their elections for how to receive their fee-based compensation in December 2024. Mr. Farrell made his election within 30 days of April 2, 2025. To determine the number of shares a director is entitled to receive under the Compensation Plan for Directors, the annual retainer or special assignment meeting fee amount (as applicable) is divided by the closing price of a share of our common stock as reported on the NYSE on the applicable payment date.

Annual Equity Grants for Directors. The Compensation Plan for Directors provides that, beginning in January 2023, non-employee directors will receive 50 percent of their Annual Equity Grant in the form of stock option awards and 50 percent in the form of restricted stock units ("RSUs"), in each case, granted under the 2022 Omnibus Equity Compensation Plan. These grants will be made on the first day of the first open trading window following the Company's earnings release associated with the annual meeting of stockholders. A new director will receive his or her initial equity grant on the date such individual commences service with us as a director. The stock options will vest in full on the earlier of (i) the third anniversary of the date of grant, or (ii) the third annual meeting of the Company's stockholders following the date of grant, provided that the director continues to serve on the Board until such date. Upon any cessation of service due to death or disability, all outstanding stock options, to the extent unvested, continue to vest and remain outstanding until the third anniversary of such death or disability (or earlier until expiration of the option term). With respect to stock option awards, for directors who retire after service on the Board for at least six years ("Retirement"), any stock options (to the extent unvested) will continue to vest and all unexercised stock options remain outstanding for the remainder of the option term. The RSUs will vest in full on the first anniversary of the date of grant, provided that the director continues to serve on the Board until such date. Upon any cessation of service due to death or disability all unvested RSUs will vest in full and will be settled by the payment of underlying shares following vesting. Upon Retirement, 100 percent of the RSUs will immediately vest. No non-employee director may receive more than one equity grant in any calendar year.

Deferred Compensation Plan for Directors. The Deferred Compensation Plan for Directors provides an opportunity for our directors to defer payment of all or a portion of their respective director fees into a notional account until after termination of service. A director electing to defer payment must decide whether to receive the deferred payment in a lump sum or in annual installments over a period of up to 10 years. A director must make any of the foregoing elections prior to the beginning of the calendar year for which the deferred fees are earned. Also, newly elected directors may make such election within 30 days of becoming a director. A director's election is deemed to remain in effect with respect to the following year unless the director revokes or changes such election prior to the commencement of such following year. Following a termination of service, the director generally receives a number of shares of our common stock in accordance with his or her timely filed election, either in a lump sum or in annual installments over a period of up to 10 years, equal to the number of notional shares then outstanding in the director's deferred compensation account under the plan. On a change in control, any and all deferred accounts (including any account being paid in installments) will be immediately distributed. The number of notional shares represented by amounts in a participating director's account is set forth below in the table captioned "Securities Ownership of Certain Beneficial Owners and Management."

2025 Annual Compensation Limit for Directors. Consistent with market practice, the Compensation Plan for Directors incorporates a maximum annual limit of \$750,000 on the aggregate grant date value of equity and equity-based awards plus the aggregate amount of cash-based compensation granted to any non-employee director (whether elected to be paid in cash or shares of common stock or on a current or deferred basis).

2026 Director Compensation. On January 28, 2025, the Governance, Nominating & Corporate Responsibility Committee and the Compensation & Human Capital Committee, reviewed the compensation of our non-employee directors in consultation with Semler Brossy, the independent compensation consultant retained by the Compensation & Human Capital Committee, to determine if any changes are appropriate for fiscal 2025. Based upon its review, and in anticipation of Mr. Farrell being appointed as non-executive Chairman of the Board, the Governance, Nominating & Corporate Responsibility Committee recommended to the Board, and the Board approved, an annual retainer of \$270,000 for the Chair of the Board of Directors, which consists of a standard retainer of \$120,000 and a Non-Executive Chairman retainer of \$150,000 (in addition to a standard annual equity grant with a fair value of \$160,000).

On July 29, 2025, the Governance, Nominating & Corporate Responsibility Committee and the Compensation & Human Capital Committee, reviewed the compensation of our non-employee directors in consultation with Semler Brossy. Based upon its review, the Governance, Nominating & Corporate Responsibility Committee recommended to the Board, and the Board approved, the following increased director compensation, which became effective January 1, 2026:

Annual Retainer 2026	
• Chairperson of the Board	\$ 295,000
• Lead Director (if applicable)	\$ 155,000
• Chairperson of the Audit Committee	\$ 145,000
• Chairperson of the Compensation & Human Capital Committee	\$ 142,500
• Chairperson of the Finance Committee (per meeting)	\$ 2,000
• Chairperson of the Governance, Nominating & Corporate Responsibility Committee	\$ 142,500
• Other non-employee directors	\$ 120,000
Annual Equity 2026	
• Annual Equity Grant	\$ 170,000
Special Assignment 2026	
• Special Assignment (Per Meeting)	\$ 2,000

As part of its analysis of the compensation of our non-employee directors, Semler Brossy reviewed the total compensation and each element of our non-employee director compensation program compared to the director compensation programs of our Compensation Peer Group, as identified and discussed in Compensation Discussion and Analysis--Role of Peer Groups. The Governance, Nominating & Corporate Responsibility Committee targets the total compensation paid to our non-employee directors at a level that approximates the 50th percentile of the compensation paid to non-employee directors of the Compensation Peer Group. Based on its analysis, Semler Brossy concluded that the total compensation paid to our non-employee directors was below the median of the director compensation of the Compensation Peer Group.

The following table provides information regarding compensation paid to our non-employee directors in 2025.

2025 DIRECTOR COMPENSATION TABLE

- ⁽¹⁾ Amounts shown represent the aggregate grant date fair values computed in accordance with FASB ASC Topic 718 for each director. Awards include grants of RSUs (Stock Awards) and options (Option Awards) under the 2022 Omnibus Equity Compensation Plan. The assumptions used in determining these amounts are set forth in note 12 to our consolidated financial statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2025, filed with the SEC on February 12, 2026.

See “Compensation Plan for Directors” and “Deferred Compensation Plan for Directors” for information regarding the computation of the number of shares or notional shares provided to a director in payment of director fees. Three directors deferred payment of all or a portion of their 2025 fees under the Deferred Compensation Plan for Directors, as follows: Mr. Cashaw, \$120,000; Mr. Shearer, \$60,000 and Mr. Smith, \$120,000.

- ⁽²⁾ At December 31, 2025, the number of shares of our common stock underlying options held by each of the directors listed in the table was: Mr. Cashaw, 22,670; Mr. Farrell, 2,274,760; Mr. Irwin, 41,930; Mr. Price, 79,680; Ms. Saideman, 33,060; Mr. Saligram, 79,680; Mr. Shearer, 41,930; Mr. Smith, 5,360; Ms. Vergis, 66,720; Mr. Winkleblack, 55,130; and Ms. Yoler, 55,680. At December 31, 2025, the number of RSUs held by each of the directors listed in the table was: Mr. Cashaw, 860; Mr. Farrell, 860; Mr. Irwin, 860; Mr. Price, 860; Ms. Saideman, 860; Mr. Saligram, 860; Mr. Shearer, 860; Mr. Smith, 860; Ms. Vergis, 860; Mr. Winkleblack, 860; and Ms. Yoler, 860.
- ⁽³⁾ Mr. Farrell retired as President and Chief Executive Officer on April 1, 2025, but continued as Chairman of the Board until September 30, 2025. Mr. Farrell received a pro-rata portion of the Board retainer as well as options and RSUs for his services from April 2, 2025 to September 30, 2025.

STOCK OWNERSHIP GUIDELINES FOR DIRECTORS

In order to ensure that their interests are aligned with the interests of our stockholders, it is expected that each non-employee director will have, within five years from the date on which they join the Board, a number of shares having a value of at least five times the standard annual retainer (which is the annual retainer received by any director who is not a committee chair, the Lead Director or the Chairman). The annual retainer was \$120,000 for 2025 and the dollar value of shares required to be held by our directors who have served five or more years was \$600,000 as of December 31, 2025. The calculation of ownership includes:

- shares or RSUs owned by the director (or members of his or her immediate family residing in the same household);
- notional shares held for the account of the director in the Deferred Compensation Plan for Directors; and
- shares held in a trust for which a director has shared voting or investment power.

No portion of the value of stock options are taken into account towards the directors stock ownership guidelines (added by an amendment on April 27, 2022 (the “Amendment Date”)).

Until a non-employee director satisfies his or her stock ownership requirement, the director will be required to hold 50 percent of all shares of our common stock received upon the exercise of stock options, grants of stock, or upon lapse of the restrictions on restricted stock (in each case, net of any shares utilized to pay for the exercise price of an option and/or to satisfy tax withholding obligations). All of our non-employee directors are on track to meet their stock ownership guidelines within five years of the later of the Amendment Date or the date on which they joined the Board.

- ⁽¹⁾ Applicable percentage of ownership is based on 236,875,094 shares of our common stock outstanding as of March 4, 2026. Beneficial ownership is determined in accordance with the rules of the SEC and means voting or investment power with respect to securities. Shares of our common stock issuable upon the exercise of stock options exercisable currently or within 60 days of March 4, 2026, or issuable pursuant to RSUs which are subject to vesting and settlement conditions expected to occur within 60 days of March 4, 2026, are deemed outstanding and to be beneficially owned by the person holding such option or RSU for purposes of computing such person’s percentage ownership but are not deemed outstanding for the purpose of computing the

percentage ownership of any other person. Does not include shares of common stock underlying performance-based units that are subject to vesting to the extent that performance objectives are achieved.

- (2) The shares listed in the “Shares” column do not include notional shares of our common stock credited to the account of directors under the Deferred Compensation Plan for Directors or credited to the account of executive officers under the Executive Deferred Compensation Plan. Notional shares do not represent actual shares, but represent interests equivalent in value to the fair market value of shares of our common stock; gains or losses in the interests are based upon gains or losses in the fair market value of our common stock. These notional shares are reflected in the table in the column labeled “Notional Shares in Deferred Compensation Plans.” Because notional shares do not represent actual shares, holders of notional share accounts are not entitled to vote with respect to the notional shares.
- (3) The numbers in this column include shares that are subject to stock options exercisable currently, or within 60 days of March 4, 2026, as follows: Mr. Cashaw, 17,420 shares; Mr. Dierker, 145,600; Mr. Farrell, 2,023,980 shares; Mr. Irwin, 36,680 shares; Mr. Price, 74,430 shares; Ms. Saideman, 27,810 shares; Mr. Saligram, 74,430 shares; Mr. Shearer, 36,680 shares; Mr. Smith, 0 shares; Ms. Vergis, 61,740 shares; Mr. Winkleblack, 49,880 shares; Ms. Yoler, 50,430 shares; Mr. de Maynadier, 102,350 shares; Mr. McChesney, 0 shares; Mr. Raup, 0 shares; Mr. Read, 96,730 shares; and all executive officers and directors as a group, 3,267,552 shares.
- (4) The numbers in this column include shares that are issuable pursuant to RSUs which are subject to vesting and settlement conditions expected to occur within 60 days of March 4, 2026, as follows: Mr. Cashaw, 860 shares; Mr. Dierker, 0 shares; Mr. Farrell, 860 shares; Mr. Irwin, 860 shares; Mr. Price, 860 shares; Ms. Saideman, 860 shares; Mr. Saligram, 860 shares; Mr. Shearer, 860 shares; Mr. Smith, 860 shares; Ms. Vergis, 860 shares; Mr. Winkleblack, 860 shares; Ms. Yoler, 860 shares; Mr. de Maynadier, 0 shares; Mr. McChesney, 10,823 shares; Mr. Raup, 0 shares; Mr. Read, 0 shares; and all executive officers and directors as a group, 20,043 shares.
- (5) BlackRock, Inc. provided the following information in Amendment No. 14 to its Schedule 13G, filed with the SEC on January 25, 2024. As of December 31, 2023, BlackRock, Inc. and its affiliates named in such report (collectively, “BlackRock”) reported aggregate beneficial ownership of 21,993,660 shares of our common stock with sole voting power over 20,123,893 shares, shared voting power over no shares, sole dispositive power over 21,993,660 shares and shared dispositive power over no shares. COMPENSATION DISCUSSION AND ANALYSIS

INTRODUCTION

This Compensation Discussion and Analysis addresses the compensation paid for 2025 to our named executive officers, which include our Chief Executive Officer (CEO), our Chief Financial Officer (CFO), and our three other most highly-compensated executive officers serving as of the end of the fiscal year. Our named executive officers ("named executive officers" or "NEOs") for the year ended December 31, 2025 were as follows:

Richard A. Dierker	President and Chief Executive Officer
Matthew T. Farrell	Former Chairman, President and Chief Executive Officer
Lee B. McChesney	Executive Vice President, Chief Financial Officer
Charles R. Raup	Executive Vice President, US Domestic President
Patrick D. de Maynadier	Executive Vice President, General Counsel and Secretary
Michael G. Read	Executive Vice President, International

EXECUTIVE SUMMARY

CEO Transition Highlights

In September 2024 we announced a planned CEO succession. Effective April 2, 2025, the Board promoted Richard A. Dierker, formerly Executive Vice President, Chief Financial Officer and Head of Business Operations, to President and Chief Executive Officer. Matthew T. Farrell retired as President and Chief Executive Officer on April 1, 2025 and remained Chairman of the Board through September 30, 2025 to support the transition. In connection with the CEO transition, the Compensation & Human Capital Committee approved certain compensation arrangements which are summarized below:

President & CEO - Mr. Richard A. Dierker:

- annual base salary of \$1,075,000;
- annual bonus target under our Annual Incentive Plan of 125% of his base salary, prorated for 2025;
- annual long-term incentive equity award target for 2025 of \$7,084,250, in the form of 75% stock options, 15% performance stock units and 10% restricted stock units, which is consistent with the 2025 equity award mix provided to the other executive officer.

Former Chairman, President & CEO - Mr. Matthew T. Farrell:

- remained eligible to receive a pro-rated portion of his 2025 annual bonus opportunity under our Annual Incentive Plan as well as a pro-rated portion of his annual long-term incentive grant for services through his April 1, 2025 retirement date.

2025 Key Business Highlights and Strong Pay for Performance Alignment

We believe that the 2025 compensation of our named executive officers appropriately reflects and rewards their significant contributions in a year marked by disciplined execution, strong new product performance, and effective management of external pressures. During 2025 we delivered the following results and closely aligned our executive compensation programs with these results and our business strategy.

Financial Highlights

\$6.2B NET SALES	45.2% ADJUSTED GROSS MARGIN	\$3.53 ADJUSTED DILUTED EPS	\$1.22B CASH FROM OPERATIONS
RETURNED \$1.2B TO SHAREHOLDERS		125 CONSECUTIVE YEARS OF DIVIDEND PAYMENTS	

For our 2025 Annual Incentive Plan, we retained the same design as in 2024, utilizing Net Sales, Adjusted Diluted EPS, Cash from Operations, and Strategic Initiatives metrics, with one modification to the Gross Margin metric - to return to Absolute Gross Margin from Relative Gross Margin, as had been in place prior to 2023. The effect of the financial results and the Strategic Initiatives metric on payouts under our Annual Incentive Plan, are discussed in further detail below under the heading “Annual Incentive Plan.”

Alignment to Strategy

The Compensation & Human Capital Committee, or the “Committee,” reviews and analyzes the executive compensation program each year for alignment with our business strategy and evolving market and governance practices for executive compensation. We believe that our current programs are aligned with the Company’s business priorities and designed to encourage stockholder value creation.

As part of the foregoing analysis, the Committee evaluates the relationship between pay and performance of our named executive officers. The analysis includes a review of the relationship between the compensation paid to the CEO and the other named executive officers and Company performance relative to roles having generally corresponding responsibilities within other similarly sized companies. For 2025, the analysis shows a strong link between Company pay and Company performance as it relates to key operating measures.

We focus on the following objectives in making compensation determinations:

- Provide compensation that is competitive in markets in which we compete for management talent. We refer to this objective as “**competitive compensation**”.
- Condition the majority of a named executive officer’s compensation on achievement of both short- and long-term performance. We refer to this objective as “**performance incentives**”.
- Encourage the aggregation and maintenance of meaningful equity ownership, and the alignment of executive officer and stockholder interests as an incentive to increase stockholder value. We refer to this objective as “**alignment with stockholder interests**”.
- Provide an incentive for long-term continued employment with us. We refer to this objective as “**retention incentives**”.

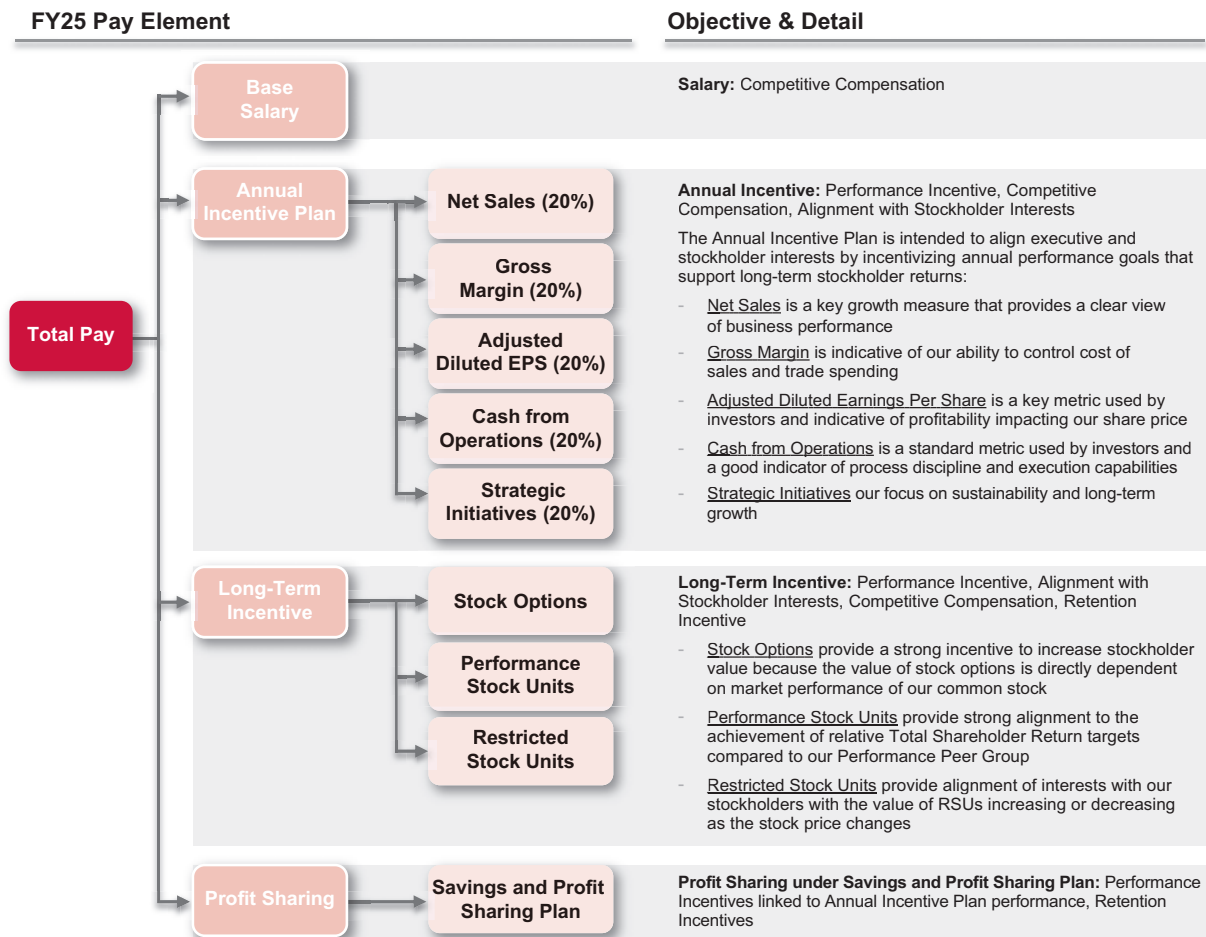

Church & Dwight’s fiscal year 2025 results continued to be aligned with pay in the following ways:

- Annual Incentive Plan (“AIP”): AIP aligns the interests of our executives and stockholders by achieving goals that support long-term stockholder return. Each year the Committee assesses the difficulty of the projected EPS goal and provides a rating that influences the target payout. In 2025, the AIP rating was set at 1.1, a level 10 percent higher than a 1.0 target rating because our projected EPS growth on a percentage basis was significantly more challenging to achieve than the median projected EPS growth of the Corporate Incentive Plan Rating Peer Group (as defined below). The Company achieved a plan performance rating of 1.14 based on 2025 actual performance, subject to the plan rating adjustment. After adjusting for the plan rating, the resulting AIP payout rating for 2025 was 1.25. The process for establishing the plan rating each year and the AIP payouts provided to our named executive officers for 2025 are discussed in further detail below under “2025 Compensation – Annual Incentive Plan.”

- Long-Term Incentive (“LTI”): The Committee utilizes stock options as the primary form of long-term compensation. The Committee believes that stock options provide a strong incentive to increase stockholder value, since the value of stock options is directly dependent on the market performance of our common stock. The Committee believes that options are an appropriate vehicle for long-term equity compensation because they directly reflect the stockholder experience, are straightforward to communicate, and provide value only if our stock price increases over time, which aligns our executives’ interests with those of our stockholders in delivering TSR. Beginning in 2023, the Committee approved performance stock units (“PSUs”) and restricted stock units (“RSUs”) as additional LTI vehicles in order to more closely align with market practice and to provide our executives with alternative forms of incentives that complement our stock option awards. In deciding the weighting among LTI vehicles, the Committee benchmarked the Compensation Peer Group but also balanced the historical reliance on stock options in driving successful results. For 2024 and 2025, 75% of the long-term incentive awards for the executive officers consisted of stock options, 15% of PSUs, and 10% of RSUs. The performance stock units granted in 2024 and 2025 are measured based on a relative ranking of total shareholder return over a three-year performance period.

2025 COMPENSATION

The principal components of 2025 compensation that we paid to our named executive officers were designed to meet our compensation objectives as follows:

EXECUTIVE COMPENSATION GOVERNANCE PRACTICES

Our executive compensation programs include strong governance and reflect best practices to protect and promote our stockholders' interests.

What We Do:

- ☑ Significant stock ownership and stock holding requirements are in place for senior executives.
- ☑ A majority of our executive compensation is performance-based.
- ☑ Limited perquisites for executives.
- ☑ Appropriate balance between short-term and long-term compensation discourages short-term risk taking at the expense of long-term results.
- ☑ Our Annual Incentive Plan utilizes five diverse metrics to avoid over-emphasis on any one short-term measure.
- ☑ Engage in risk mitigation by including balanced performance metrics in our compensation programs, clawback provisions and oversight to identify risk.
- ☑ Change in control cash severance payments and vesting of stock options granted on or after July 30, 2019 require a "double trigger" before payment can be made or equity can vest (requiring a qualifying termination following a change in control).
- ☑ Our Compensation & Human Capital Committee engages an independent compensation consultant, who performs no other work for Church & Dwight, to advise on executive and non-employee director compensation matters.
- ☑ Robust clawback policies that require the recoupment of excess incentive-based compensation paid to executive officers as a result of a material financial misstatement in accordance with the Dodd-Frank Act and NYSE rules and that permit the recoupment of compensation from a broader group of senior leaders in the case of material financial misstatements, cause conduct, and violations of restrictive covenants.

What We Do Not Do:

- ☒ No gross-up payments to cover personal income taxes or excise taxes that pertain to executive or severance benefits (other than pursuant to our standard relocation policy available on the same basis to Vice Presidents and above).
- ☒ No hedging, pledging or short sales by our non-employee directors or employees with respect to Company securities.
- ☒ No repricing stock options without prior stockholder approval.
- ☒ No overlapping metrics between our annual incentives and our long-term incentives.
- ☒ No guaranteed annual incentives.

COMMITTEE CONSIDERATION OF 2025 SAY-ON-PAY VOTE

At the 2025 Annual Meeting of Stockholders, we asked our stockholders to vote to approve, on an advisory basis, the compensation paid to our named executive officers, commonly referred to as a Say-on-Pay vote. Our stockholders approved compensation to our named executive officers, with approximately 89 percent of votes cast in favor of our say-on-pay resolution. We value this positive endorsement by our stockholders of our executive compensation program. Accordingly, while we maintained our general approach to compensation for 2025, specifically our pay-for performance philosophy and our efforts to attract, retain, and motivate our executives, for 2026 the Committee approved certain substantive changes to our programs consistent with our pay-for-performance philosophy, which are referenced below and discussed in more detail in the section below titled "2026 Compensation Changes". We believe these changes to our programs will ensure they remain effective, market competitive and aligned with the interests of our stockholders. The Compensation & Human Capital Committee will continue to seek and consider stockholder feedback in the future.

2025 EXECUTIVE COMPENSATION HIGHLIGHTS

In 2025 the Committee continued with the following overall design of our AIP and LTI awards that were approved in 2024, with some minor refinements. The Committee approved an administrative adjustment to narrow the payout range for the Strategic Initiatives metric, improving alignment with the specific objectives included in the scorecard and strengthening the connection between performance and payout. To maintain the plan's 200% maximum payout opportunity, the Committee expanded the payout ranges for the financial metrics, ensuring appropriate differentiation based on financial results. The Committee also reinstated Gross Margin as one of the four financial metrics in the Annual Incentive Plan. From 2023 to 2024, the Committee used Relative Gross Margin to better reflect post-COVID supply-chain and inflationary pressures; with those conditions now stabilized, the Committee determined that returning to the Absolute Gross Margin metric was appropriate as it creates a more direct performance incentive related to the effective management of both our product pricing and cost of sales.

Overview of Evolution of Incentive Program Design

	2023-2024	2025	2026
Long Term Incentive Plan¹	Vehicle Mix: 75% Stock Options 15% PSUs 10% RSUs PSU Metric: 100% rTSR	Vehicle Mix: 75% Stock Options 15% PSUs 10% RSUs PSU Metric: 100% rTSR	Vehicle Mix: 50% Stock Options 40% PSUs 10% RSUs PSU Metrics: 50% rTSR, 50% Cumulative Cash from Operations
Annual Incentive Plan	Metrics: Net Sales, Relative Gross Margin, Adjusted Diluted EPS, Cash from Operations, and Strategic Initiatives	Metrics: Net Sales, Absolute Gross Margin, Adjusted Diluted EPS, Cash from Operations, Strategic Initiatives	Metrics: Net Sales, Absolute Gross Margin, Adjusted Diluted EPS, and Cash from Operations

¹Beginning with the 2024 PSU grant, the Committee made a minor administrative refinement to adjust the start date of the PSU performance period to the grant date, rather than using January 1st of the year of grant, to limit the year-over-year variability of the Monte Carlo pricing methodology.

In 2023, the Committee approved the inclusion of a fifth "strategic initiatives" metric in the Annual Incentive Plan to advance key long-term priorities, including international expansion, environmental stewardship, and diversity and inclusion. These priorities are now fully integrated into our annual leadership performance goals as critical strategic drivers of the Company. As a result, the Committee concluded that a separate strategic initiatives metric within the Annual Incentive Plan was no longer necessary and for 2026 elected to revert back to the prior plan design of four core financial metrics – Net Sales, Gross Margin, Adjusted Diluted EPS, and Cash from Operations - with each metric equally weighted.

Finally, after introducing PSUs in 2023, the Committee has approved prospective changes in 2026 to the equity mix of the LTI to better balance both the risk profile of the program and better align pay-for-performance outcomes, reducing the allocation of stock options from 75% to 50% for all employees and increasing the PSU allocation of executive officers from 15% to 40%. In connection with the increased PSU weighting, the Committee also approved the introduction of an additional PSU metric (Cumulative Cash from Operations) at an equal weighting to relative TSR.

Further information on these prospective changes can be found in the section below titled: “2026 Compensation Changes.”

COMPONENTS OF OUR EXECUTIVE COMPENSATION PROGRAM

MIX OF PAY

For 2025, approximately 89 percent of the CEO's target total compensation and, on average 73 percent of the other named executive officers' target total compensation was variable, based on Company and individual performance. Variable compensation consists of the target Annual Incentive Plan payout, target Profit Sharing amount and the target value of long-term incentive awards granted. The percentages below are calculated by dividing each compensation element by target total compensation, which consists of base salary, target Annual Incentive Plan compensation, target Profit Sharing amount plus target long-term incentives.

CEO TARGET TOTAL COMPENSATION

NEO TARGET TOTAL COMPENSATION

SALARIES

For 2025, the Committee set Mr. Dierker's base salary in connection with his appointment as President and CEO. In connection with his planned retirement on April 1, 2025, Mr. Farrell's base salary remained unchanged. The Committee set Mr. McChesney's base salary in connection with his hiring and appointment as Executive Vice President, Chief Financial Officer on March 24, 2025, and set Mr. Raup's base salary in connection with his hiring and appointment as Executive Vice President, US Domestic President on June 25, 2025. The Committee also approved base salary increases averaging approximately 6 percent for Messrs. de Maynadier and Read to further align base salaries with the corresponding median levels of our Compensation Peer Group and industry survey data. The base salaries of our named executive officers in effect as of December 31, 2025 are set forth in the table below:

Named Executive Officer	2025 Annualized Base Salary (\$)
Richard A. Dierker ⁽¹⁾	\$ 1,075,000
Matthew T. Farrell ⁽²⁾	\$ 1,240,000
Lee B. McChesney ⁽³⁾	\$ 700,000
Charles R. Raup ⁽⁴⁾	\$ 700,000
Patrick D. De Maynadier	\$ 558,000
Michael G. Read ⁽⁵⁾	\$ 575,000

- (1) Mr. Dierker was appointed President and Chief Executive Officer effective April 2, 2025.
- (2) Mr. Farrell retired as President and Chief Executive Officer effective April 1, 2025.
- (3) Mr. McChesney was hired as Executive Vice President, Chief Financial Officer on March 24, 2025.
- (4) Mr. Raup was hired as Executive Vice President, US Domestic President on June 25, 2025.
- (5) Base salary for Michael G. Read is denominated in U.S. dollars (USD); however, as he is employed by Church & Dwight's Canadian subsidiary, he is paid in Canadian dollars (CAD). Mr. Read's base salary has been converted to USD from CAD using the average conversion rate for 2025 of 0.72497 USD per CAD (the "CAD Conversion Rate")

The compensation of each of our named executive officers is set forth on the "2025 Summary Compensation Table."

ANNUAL INCENTIVE PLAN

Our Annual Incentive Plan utilizes five equally weighted metrics, namely: Net Sales, Gross Margin, Adjusted Diluted EPS, Cash from Operations and Strategic Initiatives. The table below summarizes the reasons the Committee utilizes these metrics for our Annual Incentive Plan.

Measure (Weighting)	Rationale	
Net Sales (20%)	The Committee selected net sales as a measure of corporate performance because it is a key growth metric used in our industry. The Committee believes that in a mature industry subject to intense competition, net sales is a fundamental measure of our ability to compete effectively and grow.	Payouts for each of these four metrics range from 0.0 to 2.20 rating (equivalent to a 0% to 220% payout)
+		
Gross Margin (20%)	The Committee selected gross margin as a measure of corporate performance because the Committee believes that our ability to control cost of sales and trade spending are critical components in facilitating sustainable investment in our brands and operational capabilities. The effect of labor costs, raw material and energy costs on our margins has underscored the need for effective management of both our product pricing and cost of sales.	
+		
Adjusted Diluted EPS (20%)	The Committee selected adjusted diluted earnings per share as a measure of corporate performance because it is a key metric used by investors and is indicative of profitability affecting our share price. This metric is closely followed by analysts, investors, and our employees. It also is commonly used by other consumer packaged goods companies.	Payout for this metric ranges from a 0.80 to 1.20 rating (equivalent to a 80% to 120% payout)
+		
Cash from Operations (20%)	The Committee selected cash from operations as a measure of corporate performance, including our working capital utilization, because the Committee believes cash from operations is a standard performance metric used by investors and a good indicator of process discipline and execution capabilities. It also is a tool used by our management. The Committee believes that cash from operations provides a useful indication of our ability to pursue acquisitions, drive new product development, make capital expenditures to support organic growth and gross margin improvements.	
+		
Strategic Initiatives (20%)	The Committee selected certain strategic initiatives as an additional metric. Strategic Initiatives include both sustainability and long-term growth, with sustainability focused on progress towards our environmental and diversity and inclusion efforts, and long-term growth focused on our progress towards developing the international infrastructure to support expansion, and our digital transformation and acquisitions.	

The principal objective of the Annual Incentive Plan is to align executive and stockholder interests by providing an incentive to our named executive officers to achieve annual performance goals that support long-term stockholder return. The performance goals for the financial metrics are established each year to reflect specific objectives set in our annual budget. For the Strategic Initiatives metric, the Committee establishes specific objective goals under each category and measures the attainment of such goals using a detailed scorecard approach. The Committee considers competitive factors, including competitive market data for total cash compensation, which includes salary and target annual incentive bonus opportunities, in determining the amount of annual incentive award opportunities for our named executive officers.

To more accurately reflect the operating performance of our business, the Committee has approved adjustment principles to our reported financial results for the Annual Incentive Plan. Generally, these adjustments are intended to exclude one-time or unusual items and may have either a favorable or unfavorable impact to the payout on the Annual Incentive Plan. Examples of common adjustments include the elimination of the effect of foreign exchange rates that differed from budgeted amounts and the impact of unplanned acquisitions and divestitures. The actual adjustments that apply can vary from year to year and depend on the one-time or unusual events occurring within the year.

As noted below, in structuring target total direct compensation for our named executive officers, we have referenced the 50th percentile of direct compensation of the Compensation Peer Group and survey data. This median has influenced our annual incentive compensation target award levels, although we have from time to time, set target payouts above the median level when we believed that our planned performance was well ahead of the targets of a subset of non-food companies in our Performance Peer Group (the "Corporate Incentive Plan Rating Peer Group", as described further below).

The Committee uses a numerical performance rating system with a range from 0.0 to 2.00 to determine the payout amounts under the Annual Incentive Plan and establishes a Corporate Incentive Plan Rating. At the beginning of each year, the Committee determines the specific rating for that year by comparing the Company's projected EPS growth for that year to the median projected EPS growth of the Company's Corporate Incentive Plan Rating Peer Group. A rating of 1.0 normally represents the target achievement level for plan performance with each participant's target payout based on his or her target percentage of his or her annual base salary (though in certain cases operating plan level performance results in an above target level payout). For 2025, a 1.1 rating was determined to be appropriate and the target achievement level for plan performance was therefore set to reflect a 1.1 rating with a payout range from 0.0 to 2.0. In 2025, the Company delivered Adjusted Diluted EPS of \$3.57 after adjusting for the loss on sale of our Vitamin, Mineral and Supplement business (\$0.19), operational results and transaction costs of the acquisition of Touchland ("Touchland Acquisition") (\$0.11), operational results and one-time costs to exit the Flawless, Spinbrush and Waterpik Showerheads businesses (\$0.12), impact of unmitigated tariff costs (\$0.09), ERP implementation costs (\$0.02), cost of restricted stock issued for the Hero acquisition (\$0.02), the positive impact of unplanned share repurchases (-\$0.01) and the impact of changes in foreign currency exchange rates (\$0.01); which is consistent with prior year adjustments. Adjusted Diluted EPS resulted in a year-over-year increase in EPS of 2.6 percent, exceeding the average of the Corporate Incentive Plan Rating Peer Group, and our target Adjusted Diluted EPS growth. The Company exceeded its planned targets for Gross Margin, Adjusted Diluted Earnings Per Share, Cash from Operations, and Strategic Initiatives resulting in a plan performance rating of 1.14. Following the plan rating adjustment, the resulting performance rating for payout under the 2025 Annual Incentive Plan was 1.25. The bonus amounts payable to our named executive officers under our Annual Incentive Plan are included in the "Non-Equity Incentive Plan Compensation" column of the "2025 Summary Compensation Table."

The following table indicates the percentage of salary payable at a 1.0 target rating, the percentage of salary payable at a 1.1 plan rating and the award opportunity for 2025, based on a 1.1 plan rating for each of our named executive officers:

**Named Executive Officers

As described further below, in 2025 the Committee referenced competitive compensation data provided by Semler Brossy Consulting Group ("Semler Brossy") in setting the percentage levels.

The following table indicates, with respect to each corporate performance measure, the threshold level of 2025 performance for which a payout could be made, the target performance level, the maximum performance level, and the actual performance and performance ratings.

2025 Annual Incentive Plan Performance Ranges, Actual Performance and Performance Ratings

PROFIT SHARING AMOUNT

Under our Savings and Profit Sharing Plan for Salaried Employees, in which our named executive officers and other salaried employees in the United States participate, we make an annual contribution to each salaried employee's account based on Company performance during the prior year. The performance metrics used to determine the profit sharing amount are the same ones used for the Annual Incentive Plan. For 2025, the contribution was equal to 6.25 percent of each U.S. named executive officer's 2025 eligible compensation.

Mr. Read is employed by Church & Dwight Canada and receives benefits consistent with other Church & Dwight Canada employees. Church & Dwight Canada employees receive retirement benefits through the Deferred Profit Sharing Plan (DPSP), where Church & Dwight Canada provides a base contribution of 2% of eligible earnings and matches employee contributions to the Registered Retirement Savings Plan (RRSP) up to 3%, depositing the match into the DPSP. In addition, the Company may provide an annual discretionary Profit-Sharing contribution based on Company performance. Based on 2025 performance results, the Compensation & Human Capital Committee approved a total annual company profit sharing contribution to Church & Dwight Canada employees, including Mr. Read, equal to 5.25% of eligible earnings (inclusive of the 2% base contribution provided during the year).

Additional information on the profit sharing amount for 2025 is under the heading “Saving and Profit Sharing Plan for Salaried Employees.” The profit sharing contributions made to each named executive officer in 2025 are included in the “All Other Compensation” column of the “2025 Summary Compensation Table.”

LONG-TERM INCENTIVE

2025 Annual Long-Term Incentive Grant

We provide long-term, equity-based executive compensation for our named executive officers, which aligns our performance and executive officer compensation with the interests of our stockholders. Each year, the Committee approves a target long-term equity award for each executive officer, expressed below as a target award value. For 2025, our named executive officers received 75% of their total target annual long-term incentive award in stock options, 15% in PSUs, and 10% in RSUs. The number of shares underlying stock options, RSUs, and PSUs granted to our named executive officers are set forth below in the “2025 Grants of Plan-Based Awards” table.

In connection with our 2025 long-term incentive grants, the Committee set the following annual long-term incentive target values based on market data for our named executive officers:

Named Executive Officers Annual Long-Term Incentive Targets

Name	Grant Date Target Award Value
Richard A. Dierker	\$ 7,084,250
Matthew T. Farrell ⁽¹⁾	\$ 8,060,000
Lee B. McChesney	\$ 1,715,000
Charles R. Raup ⁽²⁾	\$ 1,715,000
Patrick D. De Maynadier	\$ 948,600
Michael G. Read	\$ 805,000

⁽¹⁾ Mr. Farrell's actual 2025 long-term incentive grant was pro-rated in connection with his retirement on April 1, 2025.

⁽²⁾ Mr. Raup did not receive a 2025 annual long-term incentive grant due to the timing of his hire date in June 2025.

Stock Options. In 2025, the Committee continued to utilize options on our common stock as our principal form of long-term compensation. The number of shares underlying options granted to our named executive officers is calculated by designating 75% of the named executive officer's annual LTI target value and dividing that amount by the grant date fair value of the shares underlying the option, in accordance with U.S. generally accepted accounting principles, rounded to the nearest 10 shares. The grant date fair value of the stock options is calculated in accordance with ASC Topic 718. Stock options granted in 2025:

- have a 10-year term;
- vest on the third anniversary of the date of grant;
- vesting is subject to continued service through such vesting date; and
- the exercise price is equal to the fair market value per share on the date of grant, based on the closing price as reported on the NYSE on that date.

The Committee believes that stock options provide a strong incentive to increase stockholder value, because the value of the stock options is directly dependent on the market performance of our common stock following the date of grant. Stock options also directly reflect the stockholder experience, are straightforward to communicate, and provide value only if our stock price increases over time, which aligns our executives' interests with those of our stockholders in delivering TSR.

Restricted Stock Units. The number of shares underlying RSUs granted to our named executive officers is calculated by designating 10% of the named executive officer's annual LTI target value and dividing that amount by the grant date fair value of a share of our common stock, rounded to the nearest 10 shares. RSUs align the interests of our named executive officers with those of our stockholders because the value of the RSUs increases or decreases as the price of our stock changes. RSUs vest in equal installments over a three-year period, beginning one year from the date of grant.

Performance Stock Units. The number of shares underlying PSUs granted to our named executive officers is calculated by designating 15% of the named executive officer's annual LTI target value and dividing that amount by the grant date fair value of a share of our common stock underlying the PSUs as determined in accordance with U.S. generally accepted accounting principles using Monte Carlo valuation methodology rounded to the nearest 10 shares. PSUs align the interests of our named executive officers with those of our stockholders because the number of shares of stock earned are tied to the achievement of performance targets as well as changes in our stock price. For 2025, PSUs pay out at the end of a three-year performance period only if we meet relative Total Shareholder Return targets compared to our Performance Peer Group, as described further below.

Payout Scale: Church & Dwight's TSR is ranked against the Performance Peer Group with the following payout scale:

Relative Ranking	Payout
>= 80 th Percentile	200.0%
75 th to <80 th Percentile	180.0% - 199.9%
50 th to <75 th Percentile	95.0% - 179.9%
25 th to <50 th Percentile	50.0% - 94.9%
<25 th Percentile	0.0%

(1) Straight-line interpolation applies to percentile ranks in-between performance levels. If TSR is negative, maximum payout is capped at 100%

Grant Practices. The annual long-term incentive award grant date occurs on the first trading day of March. Grants to new employees are effective on the date the employee commences employment, and one-time grants made to employees at times other than the time of the annual grant are effective on the tenth trading day of the month following approval of the grant. The per share exercise price of stock options is equal to the closing price of a share of our common stock on the date of grant. Grants of long-term incentive awards made to our executive officers must be approved by the Committee. The Committee approves and grants annual incentive awards, including options, at approximately the same time every year. Outside of the annual grant cycle, the Committee may, from time to time, grant one-time equity awards, such as in connection with a new hire. In October 2024, the Committee approved shifting the grant date for off cycle awards from the first trading day of the month to the tenth trading day of the month, except for the month of February when off cycle awards will be granted on the first trading day of March. However, the Committee retains discretion to determine the final grant dates utilized for any such one-time equity awards, taking into account all relevant factors. It is the Company's policy, and the Committee's practice, that long-term incentive awards, including options, should be made, to the extent possible and subject to adjustment by the Committee, when all material nonpublic information regarding the Company or its securities has been sufficiently publicly disclosed and that the disclosure of material nonpublic information is not timed for the purpose of affecting the value of long-term incentive awards or executive compensation. We set a schedule in advance for when grants will be made that are set to occur during the Company's regular open trading windows. We believe that our grant practices are appropriate and eliminate any questions regarding "timing" of grants in anticipation of material events, since grants become effective in accordance with a long-standing schedule.

We do not permit repricing of options without prior stockholder approval.

PERFORMANCE SHARE UNITS BASED ON 2023-2025 PERFORMANCE

In January 2026, the Committee evaluated the results of the three-year performance period for the performance-based restricted share units that were granted in March 2023. The performance objective for these 2023 awards was based on the comparison of relative Total Shareholder Return against our Performance Peer Group with the following payout scale:

Relative Ranking	Payout
$\geq$ 80 th Percentile	200.0%
75 th to <80 th Percentile	180.0% - 199.9%
50 th to <75 th Percentile	95.0% - 179.9%
25 th to <50 th Percentile	50.0% - 94.9%
<25 th Percentile	0.0%

(1) Straight-line interpolation applies to percentile ranks in-between performance levels. If TSR is negative, maximum payout is capped at 100%

Based upon the January 1, 2023 – December 31, 2025 TSR calculation of 7.82%, which ranked at the 83rd percentile of the ‘Performance Peer Group’ during that time period, the Committee certified a final payout for the 2023 PSUs of 200%.

PERQUISITES AND CHARITABLE CONTRIBUTIONS

We provide very limited perquisites to our named executive officers. Our named executive officers may receive a comprehensive physical examination through a provider selected by the executive from among three providers that we have approved. We believe it is in our best interest to ensure that our named executive officers’ health is monitored so that any health-related issues pertaining to an executive can be identified and addressed promptly. The average cost for providing this benefit in 2025 is approximately \$3,557 per participating executive. We also offer a financial planning program to our named executive officers. The average cost for providing this benefit in 2025 is approximately \$12,026 per participating executive.

Except as noted above, we do not have programs for providing personal benefit perquisites to executive officers. From time to time the Company makes donations to non-profit organizations or educational institutions as requested by our executive officers and directors. The aggregate amount of all such donations with respect to all executive officers was \$60,000 in 2025.

2026 COMPENSATION AND BENEFITS DECISIONS

One-Time 2030 Long Term Strategy Grant

The Committee believes that the achievement of the key transformational goals outlined at our January 2026 Investor Day (including significant growth of the Arm & Hammer brand, expansion in international markets, and stronger net sales in oral care products) is critically important to long-term shareholder value creation, and warrants linkage to a one-time, performance-based equity grant (the “2030 Long Term Strategy Grant”). The 2030 Long Term Strategy Grant, designed in partnership with our independent compensation consultant was approved by the Committee to align senior leadership and employees around a focused set of long-term strategic priorities targeting the three areas outlined above. This grant is subject to rigorous performance thresholds that exceed those applicable to our existing annual and long-term compensation plans and require both sustained performance and continued employment over a four-year performance period. Broad-based Long Term Strategy grants were awarded in January 2026, and Mr. Dierker’s grant was awarded in March 2026.

Because these goals are meant to incentivize and align a long-term transformation of the Company, all employees of the Company, including the NEOs, were eligible to receive the 2030 Long Term Strategy Grant. The Committee determined that such broad employee participation was appropriate to promote shared accountability for the 2030 objectives, reinforce how critical these goals are to our future, and underscore the significance of the

upcoming four-year period of transformation. The exact award design for each employee pool is differentiated based on job level and each role's potential impact on the Company's future growth.

For Company employees at the director level and above, including the NEOs, awards were granted in the form of PSUs that cliff-vest following a four-year performance period. This performance period is intentionally separate from the Company's standard incentive plan cycles, underscoring the uniquely critical and transformational nature of the grant. In addition, grant recipients, including the NEOs must remain continuously employed by the Company for the full four-year performance period; otherwise, the entire award is forfeited.

The PSU awards are tied to three equally weighted core long term-growth drivers that the Committee determined are central to the Company's 2030 strategic plan. Performance is measured over the performance period of January 1, 2026, through December 31, 2029, and are individually achievable if significant growth occurs in the applicable areas described below:

- the Company's net sales compound annual growth rate ("CAGR") of the Arm & Hammer brand ("Arm & Hammer Power Brand Expansion"),
- the net sales CAGR derived from sources outside of the United States ("International Growth"),
- the net sales CAGR derived from oral care products, including TheraBreath ("Oral Care Expansion Behind TheraBreath").

The Committee selected these measures because they represent the Company's critical long-term value drivers and require sustained performance across the entire four-year performance period to be achieved. Achievement at these targets requires sustained revenue acceleration in a mixed macroeconomic environment with growth rates meaningfully exceeding recent baselines across key brands and international markets over an extended four-year period. The table below summarizes the baseline, target, and maximum performance levels necessary for achievement:

2030 Long Term Strategy Performance Goals

Performance Goal	Baseline CAGR Growth (0.0 Rating)	Target CAGR Growth (1.0 Rating)	Maximum CAGR Growth (1.5 Rating)
Arm & Hammer Power Brand Expansion	1.1%	2.6%	3.0%
International Growth	7.0%	9.5%	10.0%
Oral Care Expansion Behind TheraBreath	4.2%	6.6%	8.0%

The Committee believes that these performance goals are rigorous and their achievement is uncertain, and the payout thresholds have been set accordingly, with payouts only provided based on overperformance against the regular compensation plan. Consistent with this approach, the threshold, which pays out at 0%, is set at the corporate financial plan's existing baseline level, and the maximum level is set far above the maximum levels of the existing incentive plan to incentivize truly above and beyond performance in these key areas. Overall, payout opportunities under the PSUs range from 0% for achieving baseline growth, 100% for achieving the target, and 150% for achieving the maximum. Payouts will be determined on a straight-line interpolated basis if the percentages achieved fall between the percentages specified in the table above.

In determining the design of the 2030 Long Term Strategy Grant, the Committee considered that they, along with our independent compensation consultant, routinely conduct risk and compensation audits. As such, the Committee, as advised by its consultant, believes that there are sufficient safeguards against excessive risk taking and any one-time stock price anomalies considering the design of the Long Term Strategy Grant program includes: the four-year performance period; the four-year service requirement; the significant growth based performance objectives that require maintaining above baseline levels of growth over the entire four-year performance period in order to obtain a payout under the program, along with the continuance of awards under the normal incentive programs that focus on operational excellence, and awards being covered by the existing clawback provisions under the 2022 Omnibus Plan.

The Committee determined the grant date values (for NEOs other than Mr. Dierker) of the 2030 Long Term Strategy Grant in consultation with Mr. Dierker. The Committee determined the value of the grants to the NEOs (other

than Mr. Dierker) based on a tiered structure, with grant amounts varied based on their specific roles and direct impact on achieving the growth drivers. The table below summarizes payout opportunities under the 2030 Long Term Strategy Grant to the NEOs:

Named Executive Officer 2030 Long Term Strategy Grant Opportunities

Named Executive Officer	Payout at Baseline Achievement (0.0 Rating)	Payout at Target Achievement (1.0 Rating)	Payout at Maximum Achievement (1.5 Rating)
Richard A. Dierker	\$ —	\$ 5,000,000	\$ 7,500,000
Lee B. McChesney	\$ —	\$ 1,000,000	\$ 1,500,000
Charles R. Raup	\$ —	\$ 2,500,000	\$ 3,750,000
Patrick D. de Maynadier	\$ —	\$ 1,000,000	\$ 1,500,000
Michael G. Read	\$ —	\$ 2,000,000	\$ 3,000,000

In determining the size of the 2030 Long Term Strategy Grant for the NEOs, the Committee also reviewed benchmarking data from peer companies that have implemented similar one-time strategic awards. The Committee believes that the design of the 2030 Long Term Strategy Grant—including its broad-based structure, alignment with the Company's transformational strategic goals, rigorous performance requirements for payout, and emphasis on multi-year performance-based vesting for senior leaders and key employees—reflects a disciplined, meaningful and stockholder-aligned approach to this pivotal period of transformation for the Company.

2026 Compensation Changes

The Committee approved the following changes to the 2026 target total direct compensation of our named executive officers, taking into account median levels of our Compensation Peer Group and industry survey data for such year.

Base Salaries. As shown in the table below, the Committee approved the following salary increases in 2026 for each named executive officer.

2026 Base Salary

Named Executive Officer	2025 Base Salary (\$)	2026 Base Salary (\$)	Base Salary % Increase
Richard A. Dierker	\$ 1,075,000	\$ 1,200,000	11.6%
Lee B. McChesney	\$ 700,000	\$ 740,000	5.7%
Charles R. Raup	\$ 700,000	\$ 720,000	2.9%
Patrick D. De Maynadier	\$ 558,000	\$ 600,000	7.5%
Michael G. Read ⁽¹⁾	\$ 575,000	\$ 590,000	2.6%

⁽¹⁾ The dollar figures have been converted to USD using the CAD Conversion Rate.

Annual Incentive Plan Targets. As shown in the table below, the Committee approved the following Annual Incentive Plan targets in 2026 for each named executive officer.

2026 Annual Incentive Plan Target

Named Executive Officer	2025 Annual Incentive Plan Target (%)	2026 Annual Incentive Plan Target (%)
Richard A. Dierker	125%	150%
Lee B. McChesney	85%	85%
Charles R. Raup	85%	85%
Patrick D. De Maynadier	65%	80%
Michael G. Read	65%	75%

Long-Term Incentive Targets. As shown in the table below, the Committee approved the following LTI increases in 2026 for each named executive officer.

Named Executive Officer	2025 Long Term Incentive Target (\$)	2026 Long Term Incentive Target (\$)	Long Term Incentive Target Increase
Richard A. Dierker	\$ 7,084,250	\$ 7,500,000	5.9%
Lee B. McChesney	\$ 1,715,000	\$ 1,887,000	10.0%
Charles R. Raup	\$ 1,715,000	\$ 1,764,000	2.9%
Patrick D. De Maynadier	\$ 948,600	\$ 1,170,000	23.3%
Michael G. Read ⁽¹⁾	\$ 805,000	\$ 944,000	17.3%

⁽¹⁾ The dollar figures have been converted to USD using the CAD Conversion Rate.

Annual Incentive Plan Changes

The Committee reviewed the effectiveness of the Annual Incentive Plan and approved changes for 2026 to remove the Strategic Initiatives metric and return the plan design to the four core financial metrics - Net Sales, Gross Margin, Adjusted Diluted EPS, and Cash from Operations - with each metric equally weighted. The Committee also approved implementing a 25% overall plan payout minimum and a 200% overall plan payout maximum.

Long Term Incentive Plan Changes

The Committee reviewed the effectiveness of the Annual Long Term Incentive Plan and for 2026 approved the following changes:

Mix of Long Term Incentive Vehicles: Beginning in 2023, the Committee expanded the LTI program by introducing RSUs for all employees and PSUs for executive officers. Beginning with the 2026 grant cycle, the Committee approved changes to the equity mix, reducing the allocation of stock options from 75% to 50% for all employees and increasing the PSU allocation for executive officers from 15% to 40%. These changes are intended to better balance the inherent risk profile of stock options while further reinforcing the program's emphasis on pay-for-performance. RSUs will remain at 10% of the executive officer equity mix and will increase for non-executive levels of the organization. The Committee believes that expanding the use of PSUs strengthens alignment between pay and performance.

Design of Annual PSU Plan: The Committee approved the addition of a second performance metric to the annual PSU program, supplementing relative TSR with a three year cumulative Cash from Operations metric, with each metric equally weighted. Consistent with prior years, the 2026 PSU program will continue to provide an earning opportunity ranging from 0% to 200% of target.

GOVERNANCE FEATURES OF OUR EXECUTIVE COMPENSATION PROGRAM

EXECUTIVE STOCK OWNERSHIP GUIDELINES

In order to further align the interests of executive officers with the interests of our stockholders, we maintain stock ownership guidelines for our executive officers that require each executive officer to hold equity in the Company's stock equal to a multiple of each executive's salary.

The stock ownership guidelines applicable to each of our named executive officers at the end of 2025 are shown in the following table:

Title	Multiple of Salary Subject to Guidelines
Chief Executive Officer	6.0x
Chief Financial Officer	3.0x
Executive Vice President	2.5x

The calculation of ownership includes:

- shares acquired and held upon stock option exercises;
- the value of any vested or unvested stock or restricted stock;
- stock held in the Company's Profit Sharing Plan;
- stock held in the Company's Employee Stock Purchase Plan;
- share equivalents held in the Executive Deferred Compensation Plan;
- shares held in trust; and
- shares held outright.

Executives are generally expected to achieve the guidelines within five years from the date on which they become subject to our stock ownership guidelines. On April 27, 2022, the Committee approved the removal of 60% of the in-the-money value of vested and unvested stock options, such that no portion of the value of options are taken into account towards the guidelines for executive officers. As a result of the amendment, effective April 27, 2022 (the "Amendment Effective Date"), executive officers employed as of the Amendment Effective Date have five years from the Amendment Effective Date to meet the new guidelines. If an executive is ever below their ownership requirements, our guidelines require the executive to hold 50 percent of the net, after-tax value of any equity received from the Company's ongoing compensation programs. As of December 31, 2025, all our executive officers employed as of the Amendment Effective Date are on track to meet their stock ownership guidelines within five years of the Amendment Effective Date and all our executive officers employed following the Amendment Effective Date are on track to meet their stock ownership guidelines within five years of the date on which they became subject to our stock ownership guidelines.

SHORT SALE, HEDGING AND PLEDGING

In accordance with our Insider Trading Policy, and as set forth in "Corporate Governance--Insider Trading Policies and Procedures" above, our directors, executive officers, and other employees are prohibited from (i) engaging in short sales of our securities, (ii) buying or selling puts or calls or other derivative securities on our securities, (iii) participating in equity swap transactions involving Company stock, (iv) purchasing Company stock on margin, (v) short-term trading, (vi) pledging Company stock, (vii) standing orders, and (viii) entering into hedging or monetizing transactions or similar arrangements with respect to our securities (including, without limitation, prepaid variable forward contracts, equity swaps, collars, and exchange funds).

CLAWBACK POLICIES

In accordance with the listing standards and rules of the NYSE, the Board has adopted a mandatory clawback policy that requires the Board to recoup excess incentive-based compensation paid to our executive officers as a result of a material financial misstatement. The Board also adopted a supplemental clawback policy with broad discretion, allowing the Board to seek recoupment from a broader group of senior leaders across the Company when a mandatory recoupment is not required. The supplemental policy covers material financial misstatements as well as cause conduct and violations of restrictive covenants. In addition, clawback provisions are incorporated into the Company's Annual Incentive Plan and Omnibus Equity Compensation Plan (and underlying award agreements) that are tied to the clawback policies.

ONGOING AND POST-EMPLOYMENT COMPENSATION

We have plans and agreements addressing compensation for our named executive officers that accrue value as the executive officers continue to work for us, provide special benefits upon certain types of termination events, or provide retirement benefits. These plans and agreements were designed to be part of a competitive compensation package, in some cases not only for executive officers, but for other employees as well.

SAVINGS AND PROFIT SHARING PLAN FOR SALARIED EMPLOYEES

This plan, which we sometimes refer to below as the "Savings and Profit Sharing Plan," is a tax-qualified defined contribution plan available to all of our salaried employees in the United States. All of our named executive officers participate in the plan. Under the plan, an employee may contribute, subject to the limitations of the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code"), up to a maximum of 70 percent of his or her eligible compensation (approximately 15 percent for highly compensated employees in 2025), which includes salary and payments under the Annual Incentive Plan, on a pre-tax basis or as Roth contributions. We provide a matching contribution equal to 100 percent of the first five percent of eligible compensation that an employee contributes in any year. In addition, the plan provides a profit sharing feature under which we make an annual contribution to the account of each employee based on our performance in the preceding year and can make additional contributions for all employees excluding at or above the executive vice president level, including our named executive officers. The performance measures and results used to calculate the annual contribution level are identical to the Company-wide measures described applicable to payouts under the Annual Incentive Plan described above under "2025 Compensation—Annual Incentive Plan." Achievement of a performance rating of 1.0 would have resulted in a contribution of five percent of a participant's base salary and Annual Incentive Plan payments made in 2025. Based on 2025 performance results, the Compensation & Human Capital Committee approved a contribution equal to 6.25 percent of each of the U.S. named executive officer's eligible compensation in 2025. Amounts credited to an employee's account in the plan may be invested among a number of funds, including a Company stock fund. A participant's account is adjusted to reflect the rate of return, positive or negative, on the investments. Employee contributions and compensation on which our profit sharing contributions may be based cannot exceed limits under the Internal Revenue Code (the eligible compensation limit was \$350,000 in 2025).

Mr. Read is employed by Church & Dwight Canada and receives benefits consistent with other Church & Dwight Canada employees. Church & Dwight Canada employees receive retirement benefits through the Deferred Profit Sharing Plan (DPSP), where Church & Dwight Canada provides a base contribution of 2% of eligible earnings and matches employee contributions to the Registered Retirement Savings Plan (RRSP) up to 3%, depositing the match into the DPSP. Additionally, Church & Dwight Canada may contribute up to 4% more in profit sharing to the DPSP. Any profit sharing amounts above 6% are made to a Non-Registered Savings Plan (NRSP), with total company profit sharing contributions typically reaching 7% of eligible earnings. Based on 2025 performance results, the Compensation & Human Capital Committee approved a contribution equal to 5.25% of eligible earnings for Mr. Read.

EXECUTIVE DEFERRED COMPENSATION PLAN

The Executive Deferred Compensation Plan (“EDCP”) and its predecessors collectively have been in effect for over 20 years. The EDCP is a nonqualified deferred compensation plan that provides potential tax benefits for certain employees in the United States, including our named executive officers. Under the EDCP in effect during 2025, an executive officer could defer up to 70 percent of their salary and, in general, up to 70 percent of amounts paid to the executive officer under the Annual Incentive Plan. In addition, an executive can make a separate deferral, which we refer to below as the “Excess Compensation Deferral,” of up to five percent of compensation that exceeds Internal Revenue Code limits on eligible contributions under the Savings and Profit Sharing Plan. We provide a contribution equal to (i) 100 percent of the Excess Contribution Deferral; (ii) five percent of other salary and Annual Incentive Plan deferrals; and (iii) the profit sharing contributions we would have made to the participant’s account under the Savings and Profit Sharing Plan were it not for the Internal Revenue Code limit on the amount of eligible compensation under that plan and the participant’s deferrals into the EDCP. Amendments were made to the EDCP, effective January 1, 2024, to permit “in-service” account elections, adjust base salary and bonus deferral(s) to 1% minimum and 70% maximum (versus the previous minimum of 10% and the previous maximum of 85%), limit the Company match to active participants and retirees for periods of active service, provide additional flexibility on vesting, and make certain operational investment changes.

Amounts deferred under the EDCP generally are not subject to federal, and in many cases state, income taxes until they are distributed. An executive officer can choose to have his or her contributions allocated to one or more of several notional investments, including a notional investment in our common stock. A participant may not initially allocate more than 50 percent of his or her contributions to our common stock, although the participant can increase the notional common stock amount through intra-plan transfers of notional investments previously made. A participant’s account is adjusted to reflect the deemed rate of return, positive or negative, on the notional investments. An executive officer may choose to receive a payout following retirement, either in a lump sum or in annual installments, in accordance with the terms of the EDCP. The EDCP also includes provisions for payment upon termination (pre-retirement) death or disability. See the “2025 Nonqualified Deferred Compensation” table and accompanying narrative for additional information.

CHANGE IN CONTROL AND SEVERANCE AGREEMENTS

We have adopted change in control and severance agreements for our executive officers because we believe that these agreements can create management stability during a period of potential uncertainty. Absent such agreements, there is an increased risk that executive officers may be encouraged to seek other employment opportunities if they became concerned about their employment security following a change in control. We also believe that the agreements provide financial security to an executive officer in the event of an involuntary termination of the executive officer without cause or for good reason following a change in control by providing a meaningful payment to the executive officer. The agreements also provide clear statements of the rights of the executive officers and protect against a change in employment and other terms by an acquirer that would be unfavorable to the executive officer. We also provide severance benefits to our executive officers, although at a lower level, for certain types of employment terminations that do not follow a change in control. We believe these arrangements provide a competitive benefit that enhances our ability to hire and retain capable executive officers.

The change in control and severance agreements provide for payments and other benefits if an executive officer's employment is terminated without cause, or if an executive officer terminates employment for "good reason," within two years following a change in control. These provisions require what is sometimes called a "double trigger," namely both a change in control and a specified termination event, before payment is made. The agreements also provide for lesser payments if these types of terminations occur outside of the context of a change in control. The agreements do not contain an excise tax gross-up provision and, instead provide that, in the event that payments to be made to an executive under the agreements in connection with a change in control would result in the imposition of the excise tax under Section 4999 of the Internal Revenue Code, the payments will be reduced to the highest amount that could be paid without triggering the excise tax if, following the reduction, the executive would retain a greater amount of net after-tax payments than if no reduction were made. If no reduction is made, the executive officer will pay any applicable excise tax.

See "Potential Payments Upon Termination or Change in Control" for further information regarding benefits under the change in control and severance agreements.

HOW COMPENSATION DECISIONS ARE MADE

In connection with 2025 compensation for executive officers, Mr. Farrell, aided by our Human Resources department, provided statistical data and recommendations to the Committee. Mr. Farrell did not make recommendations and does not participate in discussions or decisions regarding his own compensation. While the Committee utilized this information, and valued Mr. Farrell's observations with regard to compensation for our other executive officers, the ultimate decisions regarding executive compensation and goal setting were made by the Committee. For 2026 compensation decisions, the same process was utilized with respect to Mr. Dierker's recommendations to the Committee.

ROLE OF THE COMPENSATION & HUMAN CAPITAL COMMITTEE IN EXECUTIVE COMPENSATION

As set forth in its written Charter, one of the Committee's purposes is to administer our executive compensation program. It is the Committee's responsibility to oversee the design of executive compensation programs, policies, and practices; to determine the types and amounts of compensation for executive officers; and to review and approve the adoption, termination, and amendment of, and to administer, our incentive compensation and stock option plans. All compensation for our executive officers ultimately must be approved by the Committee. Our Human Resources department supports the Committee's work, and in some cases, acts under delegated authority to administer compensation programs. In addition, as described above, the Committee directly engages Semler Brossy, an outside independent compensation consulting firm, to assist in its review of compensation for executive officers.

ROLE OF THE INDEPENDENT COMPENSATION CONSULTANT

Representatives from Semler Brossy attend Committee meetings, participate in executive sessions, and communicate directly with the Committee. Semler Brossy also provides independent consulting services to the Nominating, Governance & Corporate Responsibility Committee regarding non-employee director compensation. In its role as independent compensation consultant, Semler Brossy provides recommendations on compensation for our named executive officers, regularly reviews the Company's executive compensation programs, in cooperation with management, and regularly reviews the Company's compensation philosophy, peer group (as described further below) and target competitive positioning for reasonableness and appropriateness.

ROLE OF PEER GROUPS

The Committee utilizes two distinct peer groups for purposes of benchmarking compensation as well as measuring financial and plan performance – the “Compensation Peer Group” and the “Performance Peer Group” (with an additional non-food companies subset of this peer group, the “Corporate Incentive Plan Rating Peer Group”), each of which is described further below.

Compensation Peer Group. The Compensation Peer Group consists of a group of 17 consumer-packaged goods companies that have revenues in the range of approximately 1/3x to 3x our revenues. Within this classification, the Committee referenced companies with similar distribution channels and a significant focus on brand recognition, with an emphasis on identifying our closest business competitors as well as companies with relatively high market valuations. We believe there is a strong likelihood that the skills of our named executive officers are transferable among the companies in the Compensation Peer Group and, accordingly, we would expect to compete with these companies for executive officer talent. Below are the criteria used to determine the 2025 Compensation Peer Group:

Criteria for Determining Compensation Peer Group

- ✓ **Industry: consumer packaged goods (other than tobacco and spirits)**
- ✓ **Revenue: within 1/3x to 3x of Church & Dwight**
- ✓ **Business Fit: similar distribution channels and brand recognition focus**

In 2025 the Committee reviewed the Compensation Peer Group to determine potential changes to use when evaluating 2026 compensation and determined that no changes were necessary.

Compensation Peer Group and Survey Data. The Committee primarily utilizes data from proxy materials with respect to the Compensation Peer Group for our CEO and CFO. With respect to our other named executive officers, the Committee primarily uses survey data in determining compensation due to the limited amount of comparable data available in the proxy materials from companies within the Compensation Peer Group, although the Committee does reference Compensation Peer Group data in determining our other named executive officers' compensation when there is a meaningful level of relevant data for those positions.

In determining a 2025 competitive market guideline with respect to target total direct compensation, namely base salary, short-term incentive targets and long-term incentives, the Committee referenced a level that approximates the 50th percentile of the Compensation Peer Group, or the survey companies, as applicable. However, the Committee considers overall performance during the year, including TSR and other key financial performance metrics, when evaluating pay levels for our named executive officers. In addition, because a majority of our named executive officers' compensation is performance-based, actual cash compensation paid to our named executive officers could further vary from that paid to executive officers in the Compensation Peer Group or the survey companies, based on achievement of performance targets.

In making executive compensation decisions for 2025, the Committee reviewed data provided by Semler Brossy to compare the compensation of our named executive officers to the compensation of executives in the competitive market. The Committee relies on various sources of compensation information to ascertain the competitive market for our named executive officers such as data obtained from proxy materials of the Compensation Peer Group and survey data provided by national compensation consulting firms such as Willis Towers Watson, FW Cook, and Equilar relating to companies in the consumer staples and consumer discretionary sectors within the Company's revenue scope. The Committee utilizes these materials to assist in decisions regarding base pay, short-term incentive targets under our Annual Incentive Plan and long-term incentives.

Performance Peer Group. In addition to the Compensation Peer Group, the Company utilizes a performance peer group. Beginning in 2023, in connection with the introduction of PSUs that vest based on achievement of a relative TSR metric, the Committee established a Performance Peer Group and selected a group of twenty-five consumer-packaged goods companies which are (1) direct competitors within our industry or strong comparators

within related industries, primarily non-durable consumer packaged goods with a strong brand identity, (2) have revenues and market capitalizations of greater than \$2 billion to ensure companies are comparable in scale and economic dynamics and (3) are included in the S&P 500 Consumer Staples index. The Performance Peer Group is used for determining the relative TSR performance for the 2025 PSU grants. Separately, a non-food companies subset of the Performance Peer Group, the Corporate Incentive Plan Rating Peer Group, was used to compare the Company's projected 2025 results with respect to Adjusted Diluted EPS in determining the Annual Incentive Plan rating.

The Performance Peer Group did not change in 2025 from the prior year.

ACCOUNTING AND TAX CONSIDERATIONS

The Committee may consider various accounting and tax implications of equity-based and other forms of compensation.

When determining the amounts of equity-based awards to be granted, the Committee examines the accounting cost associated with the grants. Under ASC 718, grants of stock options, restricted stock units, and performance stock units result in an accounting charge for the Company equal to the fair value of the award issued.

Section 162(m) of the Internal Revenue Code (“Section 162(m)”) generally disallows a federal income tax deduction for compensation paid by publicly held companies to certain of their executive officers that is in excess of \$1,000,000 per year. Although the Committee is mindful of Section 162(m), the Committee grants compensation consistent with its stated objectives of providing competitive compensation, conditioning the majority of executive officer compensation on the achievement of performance goals, aligning executive officer and stockholder interests, and providing retention incentives. As a result, the Committee has approved, and expects to continue to approve, compensation to current and future executive officers that is not deductible for federal income tax purposes.

COMPENSATION & HUMAN CAPITAL COMMITTEE REPORT

The Compensation & Human Capital Committee has reviewed and discussed with management the Compensation Discussion and Analysis required by Securities and Exchange Commission regulations. Based on its review and discussions, the Compensation & Human Capital Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and, through incorporation by reference, in Church & Dwight's Annual Report on Form 10-K for the fiscal year ended December 31, 2025.

Respectfully submitted,

Penry W. Price, Chair

- (1) Some of our named executive officers deferred a portion of their salary and non-equity incentive plan compensation in 2025 under the EDCP as follows: Mr. Dierker, \$924,659; Mr. Farrell, \$16,907 and Mr. McChesney, \$74,939.
- (2) The amounts shown for option and stock awards are based on the grant date fair value of awards calculated in accordance with ASC Topic 718. The assumptions used in determining the amounts in this column are set forth in note 12 to our consolidated financial statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2025 filed with the SEC on February 12, 2026. The below table provides the aggregate value of the performance stock units at the grant date at the target and maximum performance levels. The actual value of the performance stock units at the time of payout will depend upon the achievement of the relative TSR performance measure, as well as the price of our Common Stock at the time of the vesting. For information regarding the number of shares subject to 2025 stock option grants and other features of those grants, see the “2025 Grants of Plan-Based Awards” table.

Named Officer	PSU Value at Target Level (Reported in Stock Awards column above) (\$)	PSU Value at Maximum Level (\$)
Richard A. Dierker	\$ 1,062,754	\$ 2,125,508
Matthew T. Farrell	\$ 302,264	\$ 604,528
Lee B. McChesney	\$ 257,363	\$ 514,727

Patrick D. De Maynadier	\$ 142,290	\$ 284,580
Michael G. Read	\$ 115,800	\$ 231,601

- (3) Includes payments under the Annual Incentive Plan based on achievement of corporate performance measures. See “Compensation Discussion and Analysis—2025 Compensation—Annual Incentive Plan” for further information regarding payments for 2025.
- (4) Mr. Dierker’s annual base salary increased to \$1,075,000 effective April 2, 2025 in connection with his promotion to President and Chief Executive Officer.
- (5) Mr. Farrell retired as President and Chief Executive Officer on April 1, 2025.

- (6) Mr. McChesney began employment with Church & Dwight on March 24, 2025. His 2025 salary reflects compensation earned from his date of employment through December 31, 2025, based on an annualized base salary of \$700,000. As part of his offer, Mr. McChesney received a cash sign-on bonus of \$200,000 and a sign-on grant of restricted stock units with a grant date fair value of \$2,200,000. Additionally due to his hire date coinciding with the annual grant month, on his date of hire he was given a Long-Term Incentive award equal to his annual grant value of \$1,715,000, delivered in the same mix as the annual grant (75% options, 15% PSUs, 10% RSUs).
- (7) Mr. Raup began employment with Church & Dwight on June 25, 2025. His 2025 salary reflects compensation earned from his date of employment through December 31, 2025, based on an annualized base salary of \$700,000. As part of his offer, Mr. Raup received a cash sign-on bonus of \$150,000 and a sign-on grant with a grant date fair value of \$1,715,000 (comprised of 50% restricted stock units with a grant date fair value of \$857,500 and 50% stock options with a grant date fair value of \$857,500).
- (8) Mr. de Maynadier's annual base salary increased to \$558,000 effective March 1, 2025.
- (9) Mr. Read's annual base salary increased to \$575,000 effective March 1, 2025. All dollar figures in the table have been converted to USD using the CAD Conversion Rate.
- (10) The following table sets forth the component amounts presented in the "All Other Compensation" column above for the year ended December 31, 2025:

(2) There is no specified minimum award payout.

(3) Constitutes target and maximum award opportunities for our named executives under our Annual Incentive Plan. See “Compensation Discussion and Analysis—2025 Compensation—Annual Incentive Plan” for information regarding the criteria applied in determining the amounts payable under the awards. The actual amounts paid with respect to these awards are included in the “Non-Equity Incentive Plan Compensation” column in the “2025 Summary Compensation Table”.

(4) Constitutes the performance stock units target and maximum award opportunities for our named executive officers.

(5) These amounts include restricted stock units granted on March 3, 2025 for Messrs. Farrell, Dierker, de Maynadier, and Read, March 24, 2025 for Mr. McChesney, and June 25, 2025 for Mr. Raup.

- (6) The amounts shown in this column represent the shares of our common stock underlying options granted under the Omnibus Equity Compensation Plan in 2025. All options were granted with an exercise price per share equal to the closing price per share as reported on the NYSE on the date of grant. The options vest as to all underlying shares on the third anniversary of the date of grant and terminate ten years from the date of grant, subject to earlier termination upon the occurrence of specified events. All stock options granted on or after July 20, 2019, require a “double trigger” before payment can be made or equity can vest (requiring a qualifying termination following a change in control).
- (7) The grant date fair value is computed in accordance with ASC Topic 718. The assumptions used in determining the amounts in this column are set forth in note 12 to our consolidated financial statements in our Annual Report Form 10-K for the fiscal year ended December 31, 2025 filed with the SEC on February 12, 2026.

In the event of a “change in control,” as defined in the Omnibus Equity Compensation Plan, all stock options granted prior to July 30, 2019, immediately vest upon a change in control unless our Board of Directors determines otherwise. All stock options granted on or after July 20, 2019, require a “double trigger” before payment can be made or equity can vest (requiring a qualifying termination following a change in control).

- (3) Based on the closing price per share of our common stock on December 31, 2025, of \$83.85.
- (4) Represents the number of performance stock units awarded to the named executive officers. As the threshold payout amount is zero, such number represents the number of shares based on the target payout at the end of fiscal year 2025.

2025 NONQUALIFIED DEFERRED COMPENSATION

Our US-based named executive officers are among the employees eligible to participate in the Executive Deferred Compensation Plan (“EDCP”). Mr. Read, as a Canada-based employee, is eligible to participate in the Canadian non-qualified deferred compensation arrangement, the Non-Registered Savings Plan (“NRSP”). Participants may invest amounts deferred into the EDCP in one or more notional investments, including a notional investment in our common stock. The other notional investments are based on a group of mutual funds. We also made contributions to a participant’s EDCP account equal to the matching contributions and profit sharing contributions that would have been made to the participant’s account under the Savings and Profit Sharing Plan for Salaried Employees but for (i) limitations imposed by the Internal Revenue Code on plan contributions, and (ii) the participant’s deferrals under the EDCP. Upon retirement, EDCP participants may elect to receive either a lump sum payment or installment payments for up to 20 years. A participant’s interest in the portion of his or her account derived from our contributions, vests, depending on the nature of the contribution, between two to five years from commencement of employment.

The following table provides details regarding nonqualified deferred compensation for our named executive officers in 2025.

- (1) All amounts shown in this column are reported as compensation in the “2025 Summary Compensation Table” for 2025. These amounts include contributions made after the end of 2025 which were earned with respect to 2025.
- (2) Includes amounts that are reported as compensation in the “2025 Summary Compensation Table” for 2024 and 2023 as follows: Mr. Farrell, \$657,651; Mr. Dierker, \$1,110,556 and Mr. de Maynadier, \$517,757. Amounts shown in this column also include contributions made after the end of 2025 which were earned with respect to 2025.
- (3) Mr. Read, as a Canadian employee, participates in the NRSP.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

In this section, we describe payments that may have been made to our named executive officers upon several events of termination, including termination in connection with a change in control, assuming the termination event occurred on December 31, 2025 (except as otherwise noted).

The information in this section does not include information relating to the following:

- distributions under the EDCP—see “2025 Nonqualified Deferred Compensation” for information regarding this plan,
- other payments and benefits provided on a nondiscriminatory basis to salaried employees generally upon termination of employment, including the Savings and Profit Sharing Plan for Salaried Employees,
- restricted shares and shares underlying options that vested prior to the termination event—see the “2025 Outstanding Equity Awards at Fiscal Year-End” table, and
- short-term incentive payments that would not be increased due to the termination event.

CHANGE IN CONTROL AND SEVERANCE AGREEMENTS

We have entered into Change in Control and Severance Agreements with each named executive officer with the exception of Mr. Farrell, who retired from his employment with the company in April 2025. The agreements provide for benefits upon specified termination of employment events within two years following a change in control and upon specified termination of employment events at any time for reasons unrelated to a change in control. A “change in control” occurs under the agreements if:

- a person becomes the beneficial owner of 50 percent or more of our common stock,
- the consummation of a merger or other business combination or a sale of all or substantially all of our assets, or
- within any 24-month period, “incumbent directors” no longer constitute at least a majority of our Board of Directors; “incumbent directors” are (i) persons who were directors immediately before the beginning of the 24-month period and (ii) persons who are elected to our Board of Directors by a two-thirds vote of the incumbent directors.

Upon the termination of an executive officer’s employment without cause or by the executive officer for good reason, generally within two years following a change in control and following the executive officer’s execution of a release, the executive officer will receive:

- a lump sum payment equal to two times (three times for Mr. Dierker) the sum of such executive officer’s base salary plus target bonus award under the Annual Incentive Plan for the year in which such termination occurs, and
- a lump sum payment equal to the executive officer’s target bonus award under the Annual Incentive Plan multiplied by a fraction equal to the portion of the year that has expired on the date of termination of employment.

Each lump sum payment will be made six months following the date of termination of employment.

Upon the termination of an executive officer's employment without cause or by the executive officer for good reason other than as a result of a change in control and following the executive officer's execution of a release, the executive officer will receive:

- a lump sum payment equal to the executive officer's base salary (Mr. Dierker will receive an amount equal to two times his base salary) for the year in which the termination occurs (one-half of the payment will be paid six months following the date of termination of employment and the remaining one-half will be paid in six equal monthly installments thereafter), and
- a lump sum payment equal to the Annual Incentive Plan award that would have been payable to the executive officer based on actual performance multiplied by a fraction equal to the portion of the year that has expired on the date of termination of employment (to be paid on the later of the regularly scheduled payment date for the award and six months following the date of termination of employment).

"Good reason" means the occurrence of any of the following events, without the consent of the executive officer: (i) the executive officer suffers a material demotion in title, position, or duties; (ii) the executive officer's base salary and target award percentage or benefits are materially decreased; (iii) we fail to obtain the assumption of the agreement by an acquirer; or (iv) the executive officer's office location is moved by more than 50 miles.

In the event that an executive officer becomes liable for payment of any excise tax under Section 4999 of the Internal Revenue Code with respect to any "excess parachute payments" under Section 280G of the Internal Revenue Code to be received under the agreement in connection with a change in control, we will reduce the payments below the threshold amount for "excess parachute payments" set forth in Section 280G, if the reduction would provide the executive with greater net after-tax payments than would be the case if no reduction were made and the payments were subject to excise tax under Section 4999 of the Internal Revenue Code.

In addition, under any event of termination covered by the agreement, the executive officer may elect to continue group medical and dental coverage at the then prevailing employee rate for a period of 24 months (12 months if termination occurs other than as a result of a change in control)—or, in the case of Mr. Dierker, 36 months (24 months if termination occurs other than as a result of a change in control) from the date of termination. The executive officer will also be entitled to receive (i) group life insurance coverage for a period of 24 months (12 months if termination occurs other than as a result of a change in control)—or, in the case of Mr. Dierker, 36 months (24 months if termination occurs other than as a result of a change in control) from the date of termination; (ii) outplacement assistance; and (iii) payment for unused vacation time. The agreement also contains non-competition, non-solicitation, and non-disparagement provisions.

The Change in Control and Severance Agreement replaced related provisions, if any, in the executive officer's employment agreement.

VESTING PROVISIONS PERTAINING TO LONG-TERM INCENTIVE AWARDS UPON A CHANGE IN CONTROL

Under the Church & Dwight Co., Inc. 2022 Omnibus Equity Compensation Plan a "double trigger" is required for the vesting of grants made under the Omnibus Equity Compensation Plan on or after July 30, 2019, to participants with the title of Executive Vice President or Chief Executive Officer. Pursuant to the Omnibus Equity Compensation Plan, if, in connection with a "change of control," which definition of "change of control" is similar to the definition of "change in control" under the Change in Control and Severance Agreements, an acquirer of the Company assumes, substitutes or converts such grants to similar grants of the surviving corporation on an economically-equivalent basis and otherwise in accordance with the Plan, and the applicable participant's employment terminates without "cause" or for "good reason" as defined in the Change in Control and Severance Agreements upon or within 24 months following the change of control, then upon such termination, grants of stock options, restricted stock units and performance stock units will automatically accelerate and become fully vested (at target values, if such grants are subject to performance conditions). However, pursuant to our 2025 performance stock unit grant agreement, performance stock units will vest at the target level of performance on a pro-rated basis, calculated by multiplying the number of shares

subject to the grant of performance stock units by a fraction, the numerator of which is the number of days that have elapsed from the start of the applicable performance period until the date of the grantee's termination of employment, and the denominator of which is 1,095 for performance stock units granted in 2023, 1,036 for performance stock units granted in 2024 and 1,034 for performance stock units granted in 2025. Stock options granted prior to July 30, 2019, vest immediately upon a change of control, unless the Board of Directors determines otherwise.

TABLE OF BENEFITS UPON TERMINATION EVENTS

The following tables show potential payments to our named executive officers, other than Mr. Farrell, including those made in connection with a change in control, assuming a December 31, 2025, termination date. In connection with the amounts shown in the table:

- Stock option benefit amounts for each option as to which vesting will be accelerated upon the occurrence of the termination event are equal to the product of the number of shares underlying the option multiplied by the difference between the exercise price per share of the option and the \$83.85 closing price per share of our common stock on December 31, 2025, as reported on the NYSE. Restricted stock unit and performance stock unit benefit amounts for each unit as to which vesting will be accelerated upon the occurrence of the termination event are equal to the product of the number of shares underlying the units multiplied by \$83.85. The values set forth in the tables below assume that each named executive officer's employment is terminated simultaneously with the occurrence of a change in control. Stock options are included in the table as they continue to vest in accordance with the terms of grant for three years for named executive officers who either are terminated without cause or voluntarily terminate and, in each case, meet our "age plus years of service" and other contractual qualifications for "retirement" treatment, and upon death or disability, in accordance with the terms of our plans. Amounts for restricted stock units are included in the table as they would accelerate for named executive officers who either are terminated without cause or voluntarily terminate and, in each case, meet our "age plus years of service" and other contractual qualifications for "retirement" treatment, and upon death or disability, in accordance with the terms of our plans. Amounts for performance stock units are included in the table as they would accelerate for named executive officers who are terminated upon death or disability, in accordance with the terms of our plans. Performance stock units are included in the table as they will continue to vest and be subject to the achievement of the applicable performance goals for named executive officers who either are terminated without cause or voluntarily terminate and, in each case, meet our "age plus years of service" and other contractual qualifications for "retirement treatment, in accordance with the terms of our plans.
- As of December 31, 2025, Mr. de Maynadier met the minimum "age plus years of service" requirement for retirement.
- Health and Welfare Benefits are equal to the costs we would incur to maintain such benefits for the applicable period.
- Under the Change in Control and Severance Agreements, a named executive officer whose employment is terminated without cause or who resigns for good reason is entitled to receive a target-level Annual Incentive Plan bonus payment. However, if such a termination occurs on December 31 of the plan year, the executive will not receive any additional payments under the Annual Incentive Plan beyond the amount actually earned for that year. For terminations not related to a change in control—including a termination without cause, retirement, death, or disability—the executive likewise will not be entitled to any additional severance payments tied to the Annual Incentive Plan beyond the amount actually earned. The amounts actually earned by each named executive officer under the Annual Incentive Plan for 2025 are reported in the "Non-Equity Incentive Plan Compensation" column of the "2025 Summary Compensation Table" and therefore are omitted from the table below.

CEO PAY RATIO

We believe executive pay must be internally consistent and equitable to motivate our employees to create shareholder value. We are committed to internal pay equity, and the Compensation & Human Capital Committee monitors the relationship between the pay our officers receive and the pay our non-officer employees receive. The compensation for our CEO in 2025 was approximately 120.7:1 times the 2025 pay for our median employee.

As a result of the rules adopted by the SEC under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”), we are required to disclose the ratio of the annual total compensation of our CEO to the annual total compensation of our median employee, using the required calculations. We identified our median employee utilizing data as of December 31, 2025 by examining the 2025 target total cash compensation (base salary plus target bonus) for all individuals excluding our CEO, who were employed by us on December 31, 2025. We included all employees, whether employed on a full-time or part-time basis. We did not make any assumptions, adjustments, or estimates with respect to target total cash compensation. We excluded four employees from Brazil, which represented less than one percent of the Company’s total employee population as of December 31, 2025. We believe the use of target total cash compensation for all employees is a consistently applied compensation measure because we do not widely distribute annual equity awards to employees.

We calculated annual total compensation for that employee using the same methodology we use for our named executive officers as set forth in the 2025 Summary Compensation Table in this Proxy Statement.

As illustrated in the table below, our 2025 CEO to median employee pay ratio is 120.7:1.

	CEO to Median Employee Pay Ratio

DELINQUENT SECTION 16(A) REPORTS

Each Director, executive officer and Chief Accounting Officer of the Company and any greater than 10% beneficial owner of Common Stock is required to report to the SEC, by a specified date, his or her transactions involving our Common Stock. Based solely on a review of the copies of reports furnished to us and related written representations from the reporting persons, we believe that for transactions during 2025 all reports required by Section 16(a) were timely filed, except as follows: (i) Kevin Gokey, Executive Vice President, filed one late Form 4 reporting one transaction; (ii) Surabhi Pokhriyal, Executive Vice President, Chief Digital Growth Officer, filed one late Form 4 reporting one transaction; (iii) Carlos Ruiz Rabago, Executive Vice President and Chief Supply Chain Officer, filed one late Form 4 reporting one transaction; (iv) Matthew Farrell, Former Chairman of the Board, filed one late Form 4 reporting three transactions; (v) Bradlen Cashaw, director, filed one late Form 4 reporting one transaction; (vi) Michael Smith, director, filed one late Form 4 reporting one transaction; (vii) Penry Price, director, filed one late Form 4 reporting one transaction; (viii) Robert Shearer, director, filed one late Form 4 reporting one transaction; (ix) Janet Vergis, director, filed one late Form 4 reporting one transaction; and (x) Laurie Yoler, director, filed one late Form 4 reporting one transaction. Each of the foregoing late filings was due to administrative oversight.

PAY VERSUS PERFORMANCE

As required under the SEC pay versus performance rules adopted under the Dodd-Frank Act (“PvP Rules”), we are providing the following information about the relationship between “compensation actually paid” to our CEO (referred to below as our principal executive officer or PEO) and average “compensation actually paid” to our named executive officers (“NEOs”) and certain financial performance of the Company for the last five years, in each case, calculated in a manner consistent with PvP Rules. For further information concerning the Company’s variable pay-for-performance philosophy and how the Company’s aligns executive compensation with the Company’s performance, refer to “Compensation Discussion and Analysis.”

(1) Mr. Farrell was the PEO for the entirety of FY 2024, 2023, 2022, 2021. Mr. Dierker succeeded Mr. Farrell as PEO on April 2, 2025 and each was PEO for a portion of FY 2025.

(2) The non-principal executive officer (PEO) named executive officers (NEOs) reflected in columns (d) and (e) represent the following individuals for each of the years shown:

2025: Lee McChesney, Charles Raup, Patrick de Maynadier, Michael Read

2024: Richard Dierker, Patrick de Maynadier, Carlos Ruiz Rabago, Michael Read

2023: Richard Dierker, Patrick de Maynadier, Barry Bruno, Carlos Linares

2022: Richard Dierker, Patrick de Maynadier, Barry Bruno, Carlos Linares

2021: Richard Dierker, Patrick de Maynadier, Britta Bomhard, Barry Bruno

(3) The dollar amounts reported in columns (c) and (e) represent the amount of “compensation actually paid” (“CAP”) to Mr. Farrell and Mr. Dierker, who served as principal executive officers during the applicable years, and to our NEOs other than Mr. Farrell and Mr. Dierker, respectively. The dollar amounts do not reflect the actual amount of compensation earned by or paid to our NEOs during the applicable year. In accordance with the PvP Rules, the following adjustments were made to the “Total” amount of compensation reported on the Summary Compensation Table (“SCT”):

(4) As permitted by SEC rules, the peer group referenced for purposes of “Peer Group Total Shareholder Return” is that of the S&P 500 Households Products Index, which is the industry index reported in Part II, Item 5, of our Annual Report on Form 10-K for the year ended December 31, 2025, in accordance with Item 201(e) of Regulation S-K. For the Company and our peer group, the TSR for each year reflects what the cumulative value would be based upon an initial \$100 investment, including reinvestment of dividends, made at the beginning of the applicable performance period (December 30, 2020).

(5) Net Income is as reported in our Form 10-K.

(6) Adjusted Diluted EPS, is as adjusted for purposes of calculating Adjusted Diluted EPS under the “Annual Incentive Plan” and includes the following:

Required Tabular Disclosure of Most Important Measures to Determine FY2025 CAP

As described in greater detail in our Compensation Discussion and Analysis (“CD&A”) within the sections titled “2025 Key Business Highlights and Strong Pay for Performance Alignment” and “Annual Incentive Plan”, the Company’s executive compensation program reflects a variable pay-for-performance philosophy. The metrics that the Company uses for both our long-term and short-term incentive awards are selected based on an objective of incentivizing our NEOs to increase the value of our enterprise for our stockholders. The four items listed below represent the most important metrics we used to determine CAP for FY2025.

Most Important Performance Measures

- > Net Sales
- > Gross Margin
- > Adjusted Diluted EPS
- > Cash from Operations

We believe in the importance of our stock price by delivering significant value to our stockholders and linking executive pay to our performance. Beyond the Company stock price, we believe that Adjusted Diluted EPS (which is a metric used for purposes of our Annual Incentive Plan – see additional details regarding adjustments in the section titled “Compensation Discussion and Analysis – Annual Incentive Plan”) represents the most important financial performance measure (that is not otherwise required to be disclosed in the above table) linking NEO CAP to Company performance because it is indicative of our profitability and impacts our stock price, and accordingly, Adjusted Diluted EPS is the “Company-Selected Measure” that is required to be disclosed in accordance with the PVP Rules.

Discussion Regarding Pay versus Performance Relationship

The graphs that follow provide descriptions of the relationship between compensation actually paid and TSR, net income and our company-selected metric (Adjusted Diluted EPS) for both the PEO and the average non-PEO NEO cohort. The graphs also describe the relationship between our own TSR and a peer group TSR based upon an initial \$100 investment made at the beginning of the applicable performance period (January 1, 2020). Compensation actually paid is influenced by numerous factors, including but not limited to the timing of new grant issuances and outstanding grant vesting, share price volatility during the fiscal year, our mix of short-term and long-term metrics, and many other factors.

PROPOSAL 2: ADVISORY VOTE TO APPROVE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

In accordance with the provisions of Section 14A of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), enacted as part of the Dodd-Frank Act, we are providing our stockholders the opportunity to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC’s rules, commonly referred to as a say-on-pay vote. Specifically, these rules address the information we must provide in the compensation discussion and analysis, compensation tables, and related disclosures included in this proxy statement. In accordance with the advisory vote of our stockholders at our 2023 Annual Meeting of Stockholders, we provide to our stockholders the opportunity to vote annually to approve, on an advisory basis, the compensation of our named executive officers. Accordingly, the next vote to approve, on an advisory basis, the compensation of our named executive officers is at this Annual Meeting of Stockholders.

As described under “Compensation Discussion and Analysis,” our compensation objectives have focused on providing compensation that is competitive, includes meaningful performance incentives, aligns the interests of our executive officers and stockholders and provides an incentive for long-term continued employment with us.

We believe that our compensation program, which includes meaningful, performance-based components, has met these objectives and has enabled us to attract, motivate, and retain talented executives who have helped us achieve strong financial results. Please refer to the “Compensation Discussion and Analysis” for a detailed discussion of the performance goals addressed by our incentive programs and our compensation programs generally. Moreover, we believe that our compensation program is aligned with the long-term interests of our stockholders and contributed to our achievement of an average annual total stockholder return over the past three, five, and ten years of 2.5 percent, 0.4 percent, and 8.5 percent, respectively.

At the 2025 Annual Meeting of Stockholders, we asked our stockholders to vote to approve, on an advisory basis, the compensation paid to our named executive officers. Our stockholders approved compensation to our named executive officers, with approximately 89 percent of votes cast in favor of our say-on-pay resolution. We value this positive endorsement by our stockholders of our executive compensation program. After soliciting input from and engaging with various major stockholders regarding our executive compensation program, the Compensation & Human Capital Committee assessed our compensation programs and found our current mix of performance metrics to be balanced and supportive of our pay-for-performance philosophy, consistent with the solid support expressed by our stockholders. Accordingly, we continued our general approach to executive compensation for 2025. We believe our programs are effectively designed, are working well, and are aligned with the interests of our stockholders. The Compensation & Human Capital Committee will continue to seek and consider stockholder feedback in the future. Based on stockholder feedback, the Committee approved the addition of performance stock units and restricted stock units as long-term incentive vehicles beginning in 2023.

Accordingly, our Board of Directors recommends that our stockholders vote in favor of the following resolution:

RESOLVED, that the stockholders of Church & Dwight Co., Inc. approve, on an advisory basis, the compensation paid to our named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation discussion and analysis, the compensation tables and any related material disclosed in the proxy statement for the 2026 Annual Meeting of Stockholders.

This is an advisory vote, which means that the stockholder vote is not binding on us. Nevertheless, the Compensation & Human Capital Committee values the opinions expressed by our stockholders, will continue to seek and consider stockholder feedback in the future, and will carefully consider the outcome of the vote when making future compensation decisions for our named executive officers.

Your Board of Directors unanimously recommends a vote FOR approval, on an advisory basis, of the compensation of our named executive officers.

PROPOSAL 3: RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee selected Deloitte & Touche LLP to serve as our independent registered public accountant for 2026. In accordance with past practice, this selection will be presented to our stockholders for ratification at the Annual Meeting; however, consistent with the requirements of the Sarbanes-Oxley Act of 2002, the Audit Committee has ultimate authority in respect of the selection of our auditors. The Audit Committee may reconsider its selection if the appointment is not ratified by our stockholders. Deloitte & Touche LLP has served as our independent registered accountant since 1968.

A representative of Deloitte & Touche LLP will be in attendance at the Annual Meeting to respond to appropriate questions and will be afforded the opportunity to make a statement at the Annual Meeting, if he or she desires to do so.

Your Board of Directors unanimously recommends a vote FOR the ratification of the appointment of Deloitte & Touche LLP.

PROPOSAL 4: STOCKHOLDER PROPOSAL

In accordance with SEC rules, we have set forth below a stockholder proposal, along with the supporting statement of the stockholder proponent. The Company is not responsible for any inaccuracies it may contain. As explained below, our Board unanimously recommends that you vote **"AGAINST"** the stockholder proposal.

The Accountability Board, Inc. 401 Edgewater Place STE 600, Wakefield, MA 01880-6200, beneficial owner of at least \$2,000 in market value of shares of Common Stock, is the proponent of the following stockholder proposal. The proponent has advised us that the proponent or a representative will present the proposal and related supporting statement at the Annual Meeting.

THE
ACCOUNTABILITY
BOARD

encourages you to support this important corporate governance and accountability reform.

RESOLVED: Shareholders ask the Board to take the necessary steps to permit action by written consent of the holders of outstanding stock having at least the number of votes that would be necessary to authorize or take the action at a meeting at which all shares entitled to vote thereon were present and voted.

DEAR FELLOW SHAREHOLDERS:

Written consents allow shareholders to approve corporate action without having to wait for an annual or special meeting to be scheduled, thereby saving time and resources while ensuring a critical year-round accountability tool for shareholders. Authorization by written consent has the same effect as actions approved at a meeting, but instead of a proxy vote on an action, shareholders sign and deliver to management written consents to the action.

In Delaware—where Church & Dwight is incorporated—the law by default authorizes shareholder action by written consent in lieu of a meeting. Companies can, however, include language in their charters that eliminates this critical shareholder right, which Church & Dwight has done. As the company explicitly says, “stockholder action may not be effected by a consent in writing.”

Giving shareholders the right to act by written consent is widely recognized as good governance.

For example, Institutional Shareholder Services (ISS) has reported that an “inability to act via written consent can block potential benefits to shareholders.” It’s also said the ability to act by written consent can “enhance the rights of the company’s shareholders by affording them [a] means of acting in between annual meetings” and that adopting this right “is generally in shareholders’ best interests.”

Similarly, Glass Lewis says it “strongly supports the right of shareholders to effect change at their portfolio companies including by acting by written consent.”

BlackRock says that since “[s]hareholders should have the opportunity to raise issues of substantial importance without having to wait for management to schedule a meeting” they “should have the right to solicit votes by written consent.”

Vanguard Group says it “will generally support shareholder proposals to adopt this right,” if the company does not already provide shareholders the right to call special meetings (which Wyndham doesn’t).

State Street says providing shareholders the right to act by written consent is appropriate, and Fidelity says it “generally will support proposals regarding shareholders’ right to act by written consent.”

Further, just a small sample of major companies whose proxy statements have touted the fact that their shareholders can act by written consent includes JP Morgan Chase, Home Depot, MGM Resorts, Labcorp, Northrop Grumman, Mattel, Wendy’s, JetBlue, KraftHeinz, Motorola Solutions, Capital One, Ecolab, BNY Mellon, Walgreens Boots Alliance, Intuit, Cisco, Campbell Soup, Sysco, Oracle, AIG, and Apple.

Looking ahead, we believe the company should allow shareholders to act by written consent and that adoption of this proposal is clearly warranted. Thank you.

The proponent asks that you vote "FOR" this proposal.

The Board's Statement in Opposition to Stockholder Proposal

After careful consideration, and for the following reasons, the Board believes that the proposal is not in the best interests of the Company or its stockholders, and the Board recommends voting "AGAINST" this proposal.

The Board of Directors has given careful consideration to this shareholder proposal and recommends that stockholders vote AGAINST this proposal for the following reasons: (i) we have a proactive, year-round stockholder engagement process; (ii) we believe that matters requiring stockholder approval should be presented to, and voted on, by stockholders at a meeting where all stockholders can participate; (iii) our stockholders already have meaningful rights that allow them to voice their views; and (iv) our strong governance policies further empower stockholders and promote Board accountability and responsiveness to stockholders.

We have a longstanding commitment to stockholder engagement and corporate governance

We believe the ability to act by written consent is unnecessary because of our longstanding commitment to corporate governance and proactive stockholder outreach. Our Board and management team greatly value the opinions and feedback of our stockholders, and throughout the year we engage with our stockholders to discuss a range of topics focused on corporate governance, corporate responsibility and sustainability, and executive compensation. Refer to the "Corporate Governance – Stockholder Engagement" section in this proxy statement for additional details on our corporate governance and stockholder engagement policies and practices.

We believe stockholder action is better undertaken at stockholder meetings rather than by written consent

In order to allow all stockholders equal time and opportunity to consider and act upon any matter requiring stockholder approval, the Board believes that all matters requiring stockholder approval should be presented and considered at an annual or special meeting of stockholders. In contrast, action by written consent can disenfranchise stockholders who do not have the opportunity to vote. Adoption of the written consent right requested by this proposal would permit a small group of stockholders, including those who accumulate a short-term voting position, to initiate action in a manner that would prevent all stockholders from having an opportunity to deliberate on matters in an open and transparent manner, and to consider arguments for and against any action, including the Company's position. In addition, a stockholder seeking action by written consent may attempt to solicit the fewest possible stockholders needed to take action, rather than seeking input from all stockholders, and may rely on consents obtained from some stockholders without allowing stockholders to evaluate a proposal, express their views, and vote. Unlike action by written consent, when stockholders act at a special or annual meeting of stockholders, all stockholders receive advance notice of the meeting and have clearly established times during which they can evaluate the issues, engage with us and other stockholders, communicate their views, and vote. Permitting stockholder action by written consent could also lead to substantial confusion and disruption for stockholders, with potentially multiple, even conflicting, written consents being solicited by multiple stockholder groups. According to data from FactSet as of March, 2026, less than one third of companies in the S&P 500 permit stockholder action by written consent.

Our stockholders have strong rights

Our governing documents provide the ability for one or more stockholders owning shares representing at least 25% of the voting power of our outstanding shares of common stock to request that the Company call a special meeting of stockholders. A special meeting permits stockholders, the Board, and Company management to share information and hold a discussion on matters in between annual meetings and empowers all stockholders to participate collectively in a single meeting. This informed and collective process does not occur in an action taken by written consent, which only requires the holders of a majority of outstanding shares to participate in the process. In addition, the Board has adopted a market-standard proxy access Bylaw right. This provision permits stockholders to nominate Board candidates and include these nominees in our proxy materials, subject to certain provisions included in our Bylaws. This proxy access right complements the ability of stockholders to request a special meeting of stockholders, as both mechanisms provide stockholders owning a minority of shares with the ability to voice their views.

The Company has strong corporate governance practices

The Board is committed to good corporate governance and has adopted policies and practices that provide our stockholders with additional opportunities to have their voices heard and that encourage effective, independent Board oversight of our management: (i) all directors are elected annually, and stockholders can remove directors with or without cause; (ii) we have adopted a majority voting standard for the election of directors in uncontested elections, and directors who do not receive a majority of the votes cast are subject to the Company's resignation policy; (iii) ten out of eleven of our Board nominees are independent, and our only nominee who is not independent is Mr. Dierker, our Chief Executive Officer; (iv) we have an independent Board Chair with robust duties, and all members of our Audit Committee, Compensation & Human Capital Committee, and Governance, Nominating & Corporate Responsibility Committee are independent directors.

In light of our proactive and year-round stockholder engagement program, the special meeting and proxy access rights provided to our stockholders, which allow stockholders to voice their views in a way that is less onerous than taking action by written consent, and the fact that we already have in place strong corporate governance practices that promote Board responsiveness and accountability to stockholders, the Board believes that this proposal is unnecessary.

Required Vote; Recommendation Only

The affirmative vote of the holders of a majority of shares of the Company's common stock present in person or represented by proxy at the Annual Meeting and entitled to vote on the subject matter is required to approve this Proposal 4 to recommend that the Board take the requested action. Stockholders should be aware that this stockholder proposal is simply a request that the Board take the action stated in the proposal. Approval of this proposal may not result in the requested action being taken by the Board, and therefore, its approval would not effectuate the actions requested by the proposal.

FOR THE REASONS STATED ABOVE, THE BOARD UNANIMOUSLY RECOMMENDS A VOTE "AGAINST" THIS STOCKHOLDER PROPOSAL

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries to satisfy delivery requirements for notices of Internet availability of proxy materials and, if applicable, proxy statements and annual reports to stockholders, with respect to two or more stockholders sharing the same address by delivering a single copy of the material addressed to those stockholders. This process, commonly referred to as “householding,” is designed to reduce duplicate printing and postage costs. We and some brokers may household notices of Internet availability of proxy materials and, if applicable, annual reports to stockholders and proxy materials, by delivering a single copy of the material to multiple stockholders sharing the same address unless contrary instructions have been received from the affected stockholders.

If a stockholder wishes in the future to receive a separate notice of Internet availability of proxy materials or, if applicable, the annual report to stockholders and proxy statement, or if a stockholder received multiple copies of some or all of these materials and would prefer to receive a single copy in the future, the stockholder should submit a request by telephone or in writing to the stockholder’s broker if the shares are held in a brokerage account or, if the shares are registered in the name of the stockholder, to our transfer agent, Computershare Investor Services LLC, 250 Royall Street, Canton, MA 02021, telephone: (866) 299-4219. We promptly will send additional copies of the relevant material following receipt of a request for additional copies.

OTHER BUSINESS

We are not aware of any matters, other than as indicated above, that will be presented for action at the Annual Meeting. However, if any other matters properly come before the Annual Meeting, the persons named in the enclosed form of proxy intend to vote such proxy in their discretion on such matters.

STOCKHOLDER PROPOSALS AND NOMINATION OF DIRECTOR CANDIDATES

Any proposals submitted by stockholders for inclusion in our proxy statement and proxy for the 2027 Annual Meeting of Stockholders pursuant to SEC Rule 14a-8 must be received at our principal executive offices (to the attention of the Secretary) no later than November 19, 2026 and must comply in all other respects with applicable rules and regulations of the SEC relating to such inclusion.

Any stockholder who wishes to propose any business to be considered by the stockholders at the 2027 Annual Meeting of Stockholders, other than a proposal for inclusion in the proxy statement pursuant to SEC regulations, or who wants to nominate a person for election to our Board of Directors at that meeting, must provide a written notice that sets forth the specified information described in our Certificate of Incorporation concerning the proposed business or nominee. The notice must be delivered to the Secretary at our principal executive offices, at the address set forth on the first page of this proxy statement, no more than 120 days and no less than 90 days prior to the first anniversary of the previous year's annual meeting, or not later than January 31, 2027 and no earlier than January 1, 2027 for proposed business or nominees to be brought at the 2027 Annual Meeting of Stockholders. A copy of our Certificate of Incorporation can be obtained upon request directed to the Office of the Secretary at the address set forth on the first page of this proxy statement.

In addition, stockholders must provide notice that provides the information required by Rule 14a-19 under the Exchange Act, which notice must be postmarked or transmitted electronically to the Company at the Company's principal executive offices no later than 60 calendar days prior to the one-year anniversary date of the Annual Meeting (for the 2027 Annual Meeting, no later than March 2, 2027). If the date of the 2027 Annual Meeting is changed by more than 30 calendar days from such anniversary date, however, then the stockholder must provide notice by the later of 60 calendar days prior to the date of the 2027 Annual Meeting and the 10th calendar day following the date on which public announcement of the date of the 2027 Annual Meeting is first made.

The Board has adopted proxy access, which allows a stockholder or group of up to 20 stockholders who have owned at least 3% of the Company's Common Stock for at least three years to submit director nominees (up to the greater of two individuals or 20% of the Board) for inclusion in the Company's proxy materials if the stockholder or group provides timely written notice of such nomination and the stockholder or group, and the nominee(s) satisfy the requirements specified in the Company's Bylaws. To be timely for inclusion in the Company's proxy materials, notice must be received by the Corporate Secretary at the principal executive offices of the Company no earlier than the close of business on October 21, 2026, and no later than the close of business on November 20, 2026. The notice must contain the information required by the Company's Bylaws, and the stockholder or group and its nominee(s) must comply with the information and other requirements in our Bylaws relating to the inclusion of stockholder nominees in the Company's proxy materials.
