a look at significant openings and renovations during the year

PARK HYATT®

NoMI Kitchen is the centerpiece of the [Park Hyatt Chicago](#) seventh floor renovation, which included an extraordinary redesign of the kitchen, lounge, private dining spaces, garden, and new NoMI Spa concept. An artisanal cheese cave now sits in the Wine Cellar, and NoMI Garden adds a new backdrop to the premier luxury destination's outdoor terrace.

The rebranded [Park Hyatt Maldives Hadahaa](#) is Hyatt's first hotel in the Maldives, an exclusive chain of 1,200 coral islands in the Indian Ocean. The hotel offers 50 luxurious and intimate villas - 14 of which are elevated over water - two specialty restaurants, a fitness and health center, multiple swimming pools, and a five-star PADI diving water sports center.

The vibrant lifestyle brand Andaz was introduced in Asia with [Andaz Shanghai](#). Featuring unparalleled city views, the newly constructed and fashionably designed 28-story hotel opened with 307 guestrooms - including 47 premier rooms and suites - lively restaurants and bars, engaging event space, and relaxation facilities including an indoor pool and fitness center.

Manhattan's legendary Hyatt-owned *Grand Hyatt New York* completed a \$130 million, top-to-bottom renovation that included 1,306 meticulously redesigned guestrooms and suites, the addition of *New York Central* restaurant, a transformed lobby and mezzanine, multiple event and meeting spaces, revitalized ballrooms, and a new innovative grab-and-go food outlet, *Market*.

Hyatt 48Lex is a pied-a-terre style hotel that opened on Lexington Avenue in New York City. The newly constructed property features 116 sophisticated and distinctively welcoming studios and suites, a warm and comfortable *Lexicon Lounge* and *Lexington Brass* restaurant, four private executive board rooms, a business workstation, and a state-of-the-art fitness studio.

Located on the top floors of the iconic *Capital Gate* building – which leans a record-breaking 18 degrees – *Hyatt Capital Gate, Abu Dhabi* opened with 189 guestrooms and suites featuring sweeping city and coastline views. The landmark design is complemented by amenities including restaurants, meeting and event space, and a spa and fitness center.

The landmark *Hyatt Regency New Orleans* proudly reopened its doors following a \$275 million redesign and revitalization. Located downtown adjacent to the Mercedes-Benz Superdome, the hotel boasts 1,193 all-new, strikingly sophisticated guestrooms, 200,000 square feet of state-of-the-art, flexible event space, and expansive food and beverage offerings.

The legendary *Hyatt Regency Atlanta*, the first contemporary atrium hotel in the world, nearly completed a \$65 million transformation that included a significant refresh of the hotel's Atrium Tower guestrooms, its 22-story lobby, and its restaurant, lounge, and front entrance. The 29,000 square foot Centennial Ballroom and 40,000 square foot Grand Hall pre-function space of the Hyatt-owned hotel were also revitalized.

Located in the heart of this Tanzanian city, the rebranded *Hyatt Regency Dar Es Salaam, The Kilimanjaro* opened with 180 rooms - including 18 suites - two restaurants and three bars, meeting and event space, as well as a spa, outdoor infinity pool, and fitness center.

Located in a prime location in the West End of Central London, *Hyatt Regency London - The Churchill* underwent a refurbishment of all guestrooms and suites, added six new suites, and refreshed and expanded its Regency Club Lounge to include an additional floor.

Situated along the Peconic River and adjacent to the renowned Long Island Aquarium and Long Island Exhibition Center, *Hyatt Place Long Island/East End* opened with 100 guestrooms, a 24/7 Guest Kitchen, and an intimate Bakery Café. Inspired by multitasking travelers' lifestyle, Hyatt Place combines stylish design and practical amenities with forward-thinking technology and purposeful service.

Hyatt expanded its extended-stay presence in 2011 with multiple acquisitions, including *Hyatt House Santa Clara*. The full portfolio of extended-stay hotels was rebranded to the newly introduced hotel concept, Hyatt House, in early 2012.
