Middle market lending — an enduring opportunity

Market size

~200,000 U.S. Middle Market businesses representing one-third of private sector GDP, employing approximately 48 million people.[1]

Continued growth

85% of middle market companies reported year-over-year revenue growth of 12.1%.[1]

Strong credit performance

Middle Market loans have historically experienced lower loss rates than broadly syndicated loans.[2]

Middle market lending remains an attractive alternative to the broadly syndicated loan market for companies seeking capital for business expansion or acquisition.

- Ability for borrowers to obtain customized solutions.
- Ease, speed and certainty of execution.
- Increase in dedicated capital to the sector.
- Ability to fill void created by banks' pullback in lending.
- Value in establishing long-term relationships between borrowers, lenders and private equity sponsors.

Diversified portfolio: emphasis on less-cyclical businesses

Robust downside analysis
performed at underwriting, with an emphasis on companies and industries that can withstand periods of economic stress.

Portfolio emphasis on less-cyclical companies
with strong covenants; investments in cyclical companies typically structured with significant collateral protections.

Each portfolio company investment subject to rigorous quarterly review
process to identify and address new risks if they arise, including future capital needs or potential covenant breaches.

Substantially all investments subject to independent 3rd party valuation process every quarter.

Diversified portfolio: emphasis on less-cyclical businesses

Endnotes – Non-GAAP Financial Measures

On March 18, 2024, BlackRock TCP Capital Corp. ("the Company") completed its previously announced Merger with BlackRock Capital Investment Corporation ("BCIC") . The Merger has been accounted for as an asset acquisition of BCIC by the Company in accordance with the asset acquisition method of accounting as detailed in ASC 805-50 ("ASC 805"), *Business Combinations-Related Issues*. The Company determined the fair value of the shares of the Company's common stock that were issued to former BCIC shareholders pursuant to the Merger Agreement plus transaction costs to be the consideration paid in connection with the Merger under ASC 805. The consideration paid to BCIC shareholders was less than the aggregate fair values of the BCIC assets acquired and liabilities assumed, which resulted in a purchase discount (the "purchase discount"). The consideration paid was allocated to the individual BCIC assets acquired and liabilities assumed based on the relative fair values of net identifiable assets acquired other than "non-qualifying" assets and liabilities (for example, cash) and did not give rise to goodwill. As a result, the purchase discount was allocated to the cost basis of the BCIC investments acquired by the Company on a pro-rata basis based on their relative fair values as of the effective time of the Merger. Immediately following the Merger, the investments were marked to their respective fair values in accordance with ASC 820 which resulted in immediate recognition of net unrealized appreciation in the Consolidated Statement of Operations as a result of the Merger. The purchase discount allocated to the BCIC debt investments acquired will amortize over the remaining life of each respective debt investment through interest income, with a corresponding adjustment recorded to unrealized appreciation or depreciation on such investment acquired through its ultimate disposition. The purchase discount allocated to BCIC equity investments acquired will not amortize over the life of such investments through interest income and, assuming no subsequent change to the fair value of the equity investments acquired and disposition of such equity investments at fair value, the Company may recognize a realized gain or loss with a corresponding reversal of the unrealized appreciation on disposition of such equity investments acquired.

As a supplement to the Company's reported GAAP financial measures, we have provided the following non-GAAP financial measures that we believe are useful:

- **"Adjusted net investment income"** – excludes the amortization of purchase accounting discount from net investment income calculated in accordance with GAAP;
- **"Adjusted net realized and unrealized gain (loss)"** – excludes the unrealized appreciation resulting from the purchase discount and the corresponding reversal of the unrealized appreciation from the amortization of the purchase discount from the determination of net realized and unrealized gain (loss) determined in accordance with GAAP; and
- **"Adjusted net increase (decrease) in net assets resulting from operations"** – calculates net increase (decrease) in net assets resulting from operations based on Adjusted net investment income and Adjusted net realized and unrealized gain (loss).

We believe that the adjustment to exclude the full effect of purchase discount accounting under ASC 805 from these financial measures is meaningful because of the potential impact on the comparability of these financial measures that we and investors use to assess the Company's financial condition and results of operations period over period. Although these non-GAAP financial measures are intended to enhance investors' understanding of our business and performance, these non-GAAP financial measures should not be considered an alternative to GAAP. The aforementioned non-GAAP financial measures may not be comparable to similar non-GAAP financial measures used by other companies.

Endnotes – Internal Investment Rating System Overview

TCPC's Advisor employs a grading system for its entire portfolio in which all loans are rated on a scale of 1 to 4. This system is intended to reflect the Advisor's assessment of the performance of the borrower's business, the collateral coverage of the loans and other factors the Advisor considers relevant and is subject to change from time to time. The following is a description of the conditions associated with each investment rating:

<u>Grade 1</u>: Investments in portfolio companies whose performance is substantially within or above the Advisor's original base case expectations and whose risk factors are neutral to favorable to those at the time of the original investment or subsequent restructuring;

<u>Grade 2</u>: Investments in portfolio companies whose performance is materially below the Advisor's original base case expectations or risk factors have increased since the time of original investment or subsequent restructuring. No loss of investment return or principal (or invested capital) is expected.;

<u>Grade 3</u>: Investments in portfolio companies whose performance is materially below the Advisor's original base case expectations or risk factors have increased materially since the time of original investment or subsequent restructuring. Some loss of investment return is expected, but no loss of principal (or invested capital) is expected.

<u>Grade 4</u>: Investments in portfolio companies whose performance is materially below the Advisor's original base case expectations or risk factors have increased substantially since the time of original investment or subsequent restructuring. Some loss of principal (or invested capital) is expected.

Forward-looking statements

Some of the statements in this Presentation constitute forward-looking statements because they relate to future events, future performance or financial condition or the impacts of the merger of BlackRock Capital Investment Corporation with and into a subsidiary of the Company (the “Merger”) that occurred in 2024. The forward-looking statements may include statements as to: future operating results of TCPC and distribution projections; business prospects of TCPC and the prospects of its portfolio companies; and the impact of the investments that TCPC expect to make. In addition, words such as “anticipate,” “believe,” “expect,” “seek,” “plan,” “should,” “estimate,” “project” and “intend” indicate forward-looking statements, although not all forward-looking statements include these words. The forward-looking statements contained in this Presentation involve risks and uncertainties. Certain factors could cause actual results and conditions to differ materially from those projected, including the uncertainties associated with (i) the ability to realize the anticipated benefits of the Merger, including the expected accretion to net investment income and the elimination or reduction of certain expenses and costs due to the Merger; (ii) risks related to diverting management’s attention from ongoing business operations; (iii) changes in the economy, financial markets and political environment; (iv) risks associated with possible disruption in the operations of TCPC or the economy generally due to terrorism, war or other geopolitical conflict (including the current conflict between Russia and Ukraine and the conflict in the Middle East), trade protections or trade wars, natural disasters or public health crises and epidemics; (v) future changes in laws or regulations (including the interpretation of these laws and regulations by regulatory authorities); (vi) conditions in TCPC’s operating areas, particularly with respect to business development companies or regulated investment companies; and (vii) other considerations that may be disclosed from time to time TCPC’s publicly disseminated documents and filings. TCPC has based the forward-looking statements included in this Presentation on information available to it on the date of this Presentation, and TCPC assumes no obligation to update any such forward-looking statements. Although TCPC undertakes no obligation to revise or update any forward-looking statements, whether as a result of new information, future events or otherwise, you are advised to consult any additional disclosures that it may make directly to you or through reports that TCPC in the future may file with the Securities and Exchange Commission, including annual reports on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K.
