Note: This list is subject to changes and will be kept consistent with the one updated on the Oslo Stock Exchange. A press release with details will be circulated typically two weeks in advance on our Investor Relations news site and in our news webpage.

About BW LPG

BW LPG is the world's leading owner and operator of LPG vessels, owning and operating a fleet of more than 50 Very Large Gas Carriers (VLGCs) with a total carrying capacity of over 4 million CBM. With five decades of operating experience in LPG shipping, an in-house LPG trading division and investment in onshore LPG infrastructure, BW LPG offers trusted and reliable services to source and deliver LPG to customers. Delivering energy for a better world – more information about BW LPG can be found at <https://www.bwlpg.com>.

BW LPG is associated with BW Group, a leading global maritime company involved in shipping, floating infrastructure, deepwater oil & gas production, and new sustainable technologies. Founded in 1955 by Sir YK Pao, BW controls a fleet of over 450 vessels transporting oil, gas and dry commodities, with its 200 LNG and LPG ships constituting the largest gas fleet in the world. In the renewables space, the group has investments in solar, wind, batteries, and water treatment.
