OneMain Financial Extends Relief to Oklahoma Customers Impacted by Severe Winter Storms

EVANSVILLE, Ind. – March 2, 2021 – OneMain Financial has implemented a Borrower's Assistance program to provide relief to customers affected by severe winter storms in Oklahoma. The program, which went into effect on March 2, will give eligible customers options, including deferring loan payments. The program is slated to end March 16 and includes eligible customers in 16 Oklahoma counties.

"Severe winter storms have left many individuals and families in Oklahoma without power, water or safe housing. OneMain is committed to providing support to communities as they recover from this emergency," said Danny Garza, Senior Managing Director at OneMain.

OneMain currently has 20 branches in the state, employing approximately 80 people. It services nearly 40,000 customer accounts with outstanding receivables of more than $317 million in Oklahoma.

In addition to a possible deferment, the program ensures that eligible borrowers who have contacted a OneMain representative and been accepted into the program do not incur additional costs, including late fees and returned payment fees, due to program adjustments.

Customers should call 844-791-3990 to discuss assistance options.
