OneMain Financial Extends Relief to Customers Impacted by Government Shutdown with Borrower's Assistance Program

1/14/2019

NEW YORK--(BUSINESS WIRE)-- OneMain Financial announced today a Borrower's Assistance program to provide relief to its customers affected by the government shutdown. The program, which went into effect January 10, will give eligible customers options during the shutdown, including deferring loan payments.

"OneMain Financial is built on a commitment to our customers, and we understand this is a difficult time for those affected by the partial government shutdown," said Doug Shulman, President and CEO of OneMain. "Customers should contact us if they need help during this time."

In addition to possible deferment, the program will prevent eligible borrowers from incurring additional costs on their loans due to any adjustment, including interest accrual, late fees and returned payment fees.

For more information, customers should visit www.onemainfinancial.com or call 1-844-791-3990 to discuss assistance options.
