9/24/2019

EVANSVILLE, Ind.--(BUSINESS WIRE)-- **OneMain Financial** has implemented a Borrower's Assistance program to provide relief to customers affected by Tropical Storm Imelda in Texas. The program, which went into effect Sept. 23, will give eligible customers options, including deferring loan payments. The program is slated to end Oct. 31 and includes eligible customers in 13 Texas counties.

"OneMain was built on the premise of helping people in difficult situations, and we are sympathetic to the hardships our customers in Texas are facing as a result of Tropical Storm Imelda," said Danny Garza, Senior Managing Director at OneMain Financial, who oversees the company's branches in Texas. "We want to help affected customers and encourage them to contact us if they need assistance with their loans."

Approximately 38,000 accounts across 23 branches in the 13 counties are eligible for the program. OneMain currently has more than 125 branches in the state, employing 876 people. It proudly serves over 200,000 customers in the state, with outstanding loans totaling more than $1.58 billion in Texas.

In addition to a possible deferment, the program ensures that eligible borrowers do not incur additional costs, including interest accrual, late fees and returned payment fees, due to program adjustments.
