# OneMain Holdings, Inc. Reports Second Quarter 2022 Results

7/27/2022

- 2Q 2022 Diluted EPS of \$1.68
- 2Q 2022 C&I adjusted diluted EPS of \$1.87
- 2Q 2022 C&I managed receivables of \$20.1 billion
- Declared quarterly dividend of \$0.95 per share
- Repurchased 2.1 million shares for \$94 million in 2Q

NEW YORK--(BUSINESS WIRE)-- OneMain Holdings, Inc. (NYSE: OMF), the leader in offering nonprime customers responsible access to credit, today reported pretax income of \$280 million and net income of \$209 million for the second quarter of 2022, compared to \$463 million and \$350 million, respectively, in the prior year quarter. Earnings per diluted share were \$1.68 in the second quarter of 2022, compared to \$2.60 in the prior year quarter.

On July 27, 2022, OneMain declared a quarterly dividend of \$0.95 per share, payable on August 12, 2022, to record holders of the Company's common stock as of the close of business on August 8, 2022.

During the quarter, the Company repurchased approximately 2.1 million shares of common stock for \$94 million.

"We had another strong quarter with continued robust demand for our loan products and excellent momentum across our key strategic initiatives, including our BrightWay credit card and new distribution partnerships," said Doug Shulman, Chairman and CEO of OneMain. "We continue to closely monitor the macroeconomic environment and the effects of inflation on our customer base and are prepared to dynamically adjust our underwriting, as

#### needed."

The following segment results are reported on a non-GAAP basis. Refer to the required reconciliations of non-GAAP to comparable GAAP measures at the end of this press release.

### Consumer and Insurance Segment ("C&I")

C&I generated adjusted pretax income of \$311 million and adjusted net income of \$233 million for the second quarter of 2022, compared to \$477 million and \$358 million, respectively, in the prior year quarter. Adjusted earnings per diluted share were \$1.87 for the second quarter of 2022, compared to \$2.66 in the prior year quarter. The decline was primarily driven by the impacts from a normalizing credit environment, partially offset by higher net interest income.

Management runs the business based on C&I capital generation, which it defines as C&I adjusted net income excluding the after-tax change in C&I allowance for finance receivable losses while still considering the current period C&I net charge-offs. C&I capital generation was \$275 million for the second quarter of 2022, representing an 11% decrease versus the prior year period.

Managed receivables, which includes our C&I personal loans, loans serviced for our whole loan sale partners, and credit card receivables, were \$20.1 billion at June 30, 2022, up 10% from \$18.3 billion at June 30, 2021.

Personal loan originations totaled \$3.9 billion in the second quarter of 2022, up 2% from \$3.8 billion in the prior year quarter. The percentage of secured originations was 49% in the second quarter of 2022, consistent with 49% in the prior year quarter.

Personal loans were \$19.4 billion at June 30, 2022, up 7% from \$18.2 billion at June 30, 2021. Secured personal loans were 52% at June 30, 2022, consistent with 52% at June 30, 2021.

Average net finance receivables were \$19.2 billion in the second quarter of 2022, up 8% from \$17.7 billion in the prior year quarter.

Interest income in the second quarter of 2022 was \$1.1 billion, up 3% compared to the prior year quarter, reflecting higher average net finance receivables, partially offset by a lower portfolio yield.

Yield was 23.1% in the second quarter of 2022, down from 24.2% in the prior year quarter. The decrease generally reflected the impact of higher credit quality originations and the normalization of 90+ day delinquent receivables in the portfolio.

The provision for finance receivable losses was \$338 million in the second quarter of 2022, up \$208 million compared to the prior year period. The prior year period results included a reduction in our allowance for finance receivable losses associated with an improving credit environment as well as historically low net charge-offs, while the current quarter reflects a reserve increase associated with growth in our portfolio and higher net change-off rates.

Operating expense for the second quarter of 2022 was \$350 million, up 6% from \$332 million in the prior year quarter reflecting receivables growth and continued investments in the business.

### Funding and Liquidity

As of June 30, 2022, the Company had principal debt balances outstanding of \$18.2 billion, 48% of which was secured. The Company had \$526 million of cash and cash equivalents, which included \$151 million of cash and cash equivalents held at their regulated insurance subsidiaries or for other operating activities that are unavailable for general corporate purposes.

Cash and cash equivalents, together with the Company's potential borrowings of \$1.25 billion of undrawn committed capacity from a corporate revolver, \$5.3 billion of undrawn committed capacity under the revolving conduit facilities, and \$9.6 billion of unencumbered loans, provide a liquidity runway in excess of 24 months under numerous stress scenarios and assuming no access to the capital markets. This liquidity runway calculation contemplates all the cash needs of the Company.

#### Use of Non-GAAP Financial Measures

We report the operating results of Consumer and Insurance using the Segment Accounting Basis, which (i) reflects our allocation methodologies for interest expense and operating costs, to reflect the manner in which we assess our business results and (ii) excludes the impact of applying purchase accounting (eliminates premiums/discounts on our finance receivables and long-term debt at acquisition, as well as the amortization/accretion in future periods). Consumer and Insurance adjusted pretax income (loss), Consumer and Insurance adjusted net income (loss), and Consumer and Insurance adjusted earnings (loss) per diluted share are key performance measures used to evaluate the performance of our business. Consumer and Insurance adjusted pretax income (loss) represents income (loss) before income taxes on a Segment Accounting Basis and excludes the expense associated with the cash-settled stock-based awards, direct costs associated with COVID-19, acquisition-related transaction and integration expenses, net loss resulting from repurchases and repayments of debt, and restructuring charges. We believe these non-GAAP financial measures are useful in assessing the profitability of our segment.

We also use Consumer and Insurance pretax capital generation and Consumer and Insurance capital generation, non-GAAP financial measures, as a key performance measure of our segment. Consumer and insurance pretax capital generation represents Consumer and Insurance adjusted pretax income, as discussed above, and excludes the change in our Consumer and Insurance allowance for finance receivable losses in the period while still considering the Consumer and Insurance net charge-offs during the period. Consumer and Insurance capital generation represents the after-tax effect of Consumer and Insurance pretax capital generation. We believe that these non-GAAP measures are useful in assessing the capital created in the period impacting the overall capital adequacy of the Company. We believe that the Company's reserves, combined with its equity, represent the Company's loss absorption capacity.

We utilize these non-GAAP measures in evaluating our performance. Additionally, these non-GAAP measures are consistent with the performance goals established in OMH's executive compensation program. These non-GAAP financial measures should be considered supplemental to, but not as a substitute for or superior to, income (loss)

before income taxes, net income, or other measures of financial performance prepared in accordance with GAAP.

### Cautionary Note Regarding Forward-Looking Statements

This document contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Statements preceded by, followed by or that otherwise include the words "anticipates," "appears," "are likely," "assumes," "believes," "can," "continues," "could," "estimates," "expects," "forecasts," "foresees," "goal," "intends," "likely," "objective," "plans," "projects," "target," "trend," "remains," and similar expressions or future or conditional verbs such as "could," "may," "might," "should," "will" or "would" are intended to identify forward-looking statements, but these words are not the exclusive means of identifying forward-looking statements.

Forward-looking statements are not statements of historical fact but instead represent only management's current beliefs regarding future events, objectives, goals, projections, strategies, performance, and future plans, and underlying assumptions and other statements related thereto. You should not place undue reliance on these forward-looking statements. By their nature, forward-looking statements are subject to risks, uncertainties, assumptions and other important factors that may cause actual results, performance or achievements to differ materially from those expressed in or implied by such forward-looking statements. Important factors that could cause actual results, performance, or achievements to differ materially from those expressed in or implied by forward-looking statements include, without limitation, the following: adverse changes in general economic conditions, including the interest rate environment and the financial markets; risks associated with the COVID-19 pandemic and the measures taken in response thereto; geopolitical risks, including recent geopolitical actions outside the U.S.; the sufficiency of our allowance for finance receivable losses; increased levels of unemployment and personal bankruptcies; natural or accidental events such as earthquakes, hurricanes, pandemics, floods or wildfires affecting our customers, collateral, or our facilities; a failure in or breach of our information, operational or security systems or infrastructure or those of third parties, including as a result of cyber-attacks, war or other disruptions; the adequacy of our credit risk scoring models; adverse changes in our ability to attract and retain

employees or key executives; increased competition or adverse changes in customer responsiveness to our distribution channels or products; changes in federal, state, or local laws, regulations, or regulatory policies and practices or increased regulatory scrutiny of our industry; risks associated with our insurance operations; the costs and effects of any actual or alleged violations of any federal, state, or local laws, rules or regulations; the costs and effects of any fines, penalties, judgments, decrees, orders, inquiries, investigations, subpoenas, or enforcement or other proceedings of any governmental or quasi-governmental agency or authority; our substantial indebtedness and our continued ability to access the capital markets and maintain adequate current sources of funds to satisfy our cash flow requirements; our ability to comply with all of our covenants; the effects of any downgrade of our debt ratings by credit rating agencies; and other risks and uncertainties described in the "Risk Factors" and "Management's Discussion and Analysis" sections of the Company's most recent Form 10-K filed with the SEC and in the Company's other filings with the SEC from time to time.

The liquidity runway scenario disclosed in the press release is based on management's estimates and assumptions for internal strategic planning purposes and does not constitute guidance or financial projections and should not be regarded or relied on as such.

If one or more of these or other risks or uncertainties materialize, or if our underlying assumptions prove to be incorrect, our actual results may vary materially from what we may have expressed or implied by these forward-looking statements. You should specifically consider the factors identified in this document that could cause actual results to differ before making an investment decision to purchase our securities. Furthermore, new risks and uncertainties arise from time to time, and it is impossible for us to predict those events or how they may affect us.

Forward looking statements included in this document speak only as of the date on which they were made. We undertake no obligation to update or revise any forward-looking statements, whether written or oral, to reflect events or circumstances after the date of this document or to reflect the occurrence of unanticipated events or the non-occurrence of anticipated events, whether as a result of new information, future developments or otherwise, except as required by law.
