

Announcing Schrödinger Software Release 2018-2

6/6/2018

NOTE: This contains archival information which should not be considered current.

We are pleased to announce Schrödinger software release 2018-2, which is available for **download now**.

This quarterly release includes new features and performance enhancements across all of our software. New tutorials are also available on our **Training Page** covering small molecule membrane permeability, QSAR models, physical property prediction for Materials Science, and many more topics.

Click here to learn more about new features in 2018-2.
