# Announcing Schrödinger Software Release 2018-3

8/21/2018

NOTE: This contains archival information which should not be considered current.

We are pleased to announce Schrödinger software release 2018-3, which is available for **download now**.

This quarterly release includes new features and performance enhancements across all of our software. New tutorials are also available on our **Training Page** covering enumeration tools, defining QM and MM regions in QSites, and A Chemist's Guide to Maestro Materials Science.

**Click here** to learn more about new features in 2018-3.
