IPG Photonics to Present at Thomas Weisel Partners Technology, Telecom & Internet Conference 2008

IPG Photonics to Present at Thomas Weisel Partners Technology, Telecom & Internet Conference 2008

OXFORD, Mass., Jan 31, 2008 (BUSINESS WIRE) -- IPG Photonics Corporation (NASDAQ: IPGP) today announced that Tim Mammen, chief financial officer, will be presenting in a "Fireside Chat" format at the Thomas Weisel Partners Technology, Telecom & Internet Conference on Monday, February 4, 2008 at approximately 1:20 p.m. (ET). The conference is being held at The Fairmont Hotel in San Francisco.

Interested parties may listen to the live audio webcast of the fireside chat by visiting the "Investors" section of IPG's website at www.ipgphotonics.com. For those unable to listen to the live webcast, an archive will be available on the Company's website.

About IPG Photonics Corporation

IPG Photonics is the leading global manufacturer of high-performance fiber lasers and amplifiers for diverse applications in numerous markets, such as materials processing, communications, medical, and scientific and research. Founded in 1990, IPG Photonics pioneered the development and commercialization of optical fiber-based lasers, a new generation of optical sources that combine the advantages of semiconductor diodes with the high amplification and precise beam qualities of specialty optical fibers. Fiber lasers deliver superior performance, reliability and usability at a lower total cost of ownership compared with conventional lasers, allowing end-users to increase productivity and lower operating costs. IPG has headquarters in Oxford, Massachusetts, and has additional plants and offices throughout the world. For more information, please visit www.ipgphotonics.com.
