IPG Photonics Corporation to Announce Fourth-Quarter 2007 Financial Results on February 28, 2008

IPG Photonics Corporation to Announce Fourth-Quarter 2007 Financial Results on February 28, 2008

Company to Webcast Conference Call Live Over the Internet

OXFORD, Mass., Feb 08, 2008 (BUSINESS WIRE) -- IPG Photonics (NASDAQ: IPGP) today announced that in conjunction with its scheduled quarterly financial results news release, the Company plans to webcast its fourth-quarter 2007 financial results conference call on Thursday, February 28, 2008 at 10:00 a.m. ET.

IPG's fourth-quarter 2007 conference call will be hosted by IPG Photonics Chairman and Chief Executive Officer Dr. Valentin P. Gapontsev, and Vice President and Chief Financial Officer Timothy P.V. Mammen. To listen to a live webcast of the call, please visit the Company's website at www.ipgphotonics.com prior to the event's broadcast. To listen to the call via telephone, dial (877) 604-9672 or (719) 325-4881. Interested parties unable to participate in the live call may access an archived version of the webcast on IPG's website.

About IPG Photonics Corporation

IPG Photonics is the leading global manufacturer of high-performance fiber lasers and amplifiers for diverse applications in numerous markets, such as materials processing, communications, medical, and scientific and research. Founded in 1990, IPG Photonics pioneered the development and commercialization of optical fiber-based lasers, a new generation of optical sources that combine the advantages of semiconductor diodes with the high amplification and precise beam qualities of specialty optical fibers. Fiber lasers deliver superior performance, reliability and usability at a lower total cost of ownership compared with conventional lasers, allowing end-users to increase productivity and lower operating costs. Headquartered in Oxford, Massachusetts, IPG has additional plants in Germany, Russia, Italy, and India, and regional sales offices in Michigan, Japan, South Korea, China and the United Kingdom. For more information on IPG Photonics, please visit www.ipgphotonics.com.
