

COMPANY INFORMATION

Wesdome Gold Mines has had over 30 years of continuous gold mining operations in Canada. The Company is 100% Canadian focused with a pipeline of projects in various stages of development. The Company's strategy is to build Canada's next intermediate gold producer, producing 200,000+ ounces from two mines in Ontario and Quebec. The Eagle River Complex in Wawa, Ontario is currently producing gold at the Eagle River Underground Mine. Wesdome started production at the Kiena Complex in Val d'Or, Quebec in December 2022. The Company trades on the Toronto Stock Exchange under the symbol "WDO"

SUMMARY

Reporting to the Eagle River Underground Mine Foreman, the Underground Development Miner will be part of the underground development crew, responsible for safely and efficiently removing previously blasted material (muck out round), scaling (removing any unstable slabs of rock hanging from the roof and sidewalls to protect workers and equipment from damage), installing support or/and reinforcement using shotcrete, drill face rock, load explosives, and blast explosives.
