

COMPANY INFORMATION

Wesdome Gold Mines has had over 30 years of continuous gold mining operations in Canada. The Company is 100% Canadian focused with a pipeline of projects in various stages of development. The Company's strategy is to build Canada's next intermediate gold producer, producing 200,000+ ounces from two mines in Ontario and Quebec. The Eagle River Complex in Wawa, Ontario is currently producing gold at the Eagle River Underground Mine. Wesdome started production at the Kiena Complex in Val d'Or, Quebec in December 2022. The Company trades on the Toronto Stock Exchange under the symbol "WDO"

SUMMARY

Reporting to the Mine Superintendent, the primary role of the Jumbo Operator is to set up and operate a single or multiple boom jumbo, and to drill and blast in a safe manner. The successful candidate will work in compliance with the Occupational Health and Safety Act, Regulations for Mines and Mining Plants and all other applicable government standards and regulations.
