

Mine Foreman

COMPANY INFORMATION

Wesdome Gold Mines has had over 30 years of continuous gold mining operations in Canada. The Company is 100% Canadian focused with a pipeline of projects in various stages of development. The Company's strategy is to build Canada's next intermediate gold producer, producing 200,000+ ounces from two mines in Ontario and Quebec. The Eagle River Complex in Wawa, Ontario is currently producing gold the Eagle River Underground Mine. Wesdome is actively exploring its brownfields asset, the Kiena Complex in Val d'Or, Quebec. The Kiena Complex is a fully permitted former mine with a 930-metre shaft and 2,000 tonne-per-day mill. The Company trades on the Toronto Stock Exchange under the symbol "WDO".

SUMMARY

Reporting to the Mine Captain, the Mine Foreman works directly with the mechanical and electrical department's surface and warehouse to ensure a smooth liaison with each and is responsible for underground mine operation and associated surface infrastructure. The responsibility includes safety of the employees, mine development, mine production, and mine services, allocation of men, equipment, and material to the workplace to ensure timely completion of tasks required.
