A MESSAGE FROM THE PRESIDENT AND CEO

ANTHEA BATH

After almost three decades of continuous operation, Wesdome has a rich history and an engaging story. A story full of challenges, changes, and success. This Code of Conduct and Ethics tells the story of Wesdome's long-standing commitment to ethical business practices. It describes what we believe in, what we care about, and our ability and willingness to be held accountable for all aspects of our business.

Put more simply, we believe in doing the right things for the right reasons. We are committed to putting the health and safety of our people first. We understand that we have a tremendous responsibility to protect the environment, and to engage and support the communities in which we operate. We believe in conducting business transparently and in compliance with laws and regulations. We act fairly, behave honestly, and treat each other with respect.

Of paramount importance is preserving our reputation as an ethical company that conducts business with unwavering integrity. Every Wesdome director, officer, employee, consultant, contractor and partner is expected to read and understand the Code and make decisions and take actions in keeping with our values. Working together, we can ensure that Wesdome continues to be a company that makes us all proud.

Anthea Bath
President & Chief Executive Officer

OVERVIEW OF THE CODE

The Code of Business Conduct and Ethics (“Code”) of Wesdome Gold Mines Ltd. (“Wesdome” or the “Company”) is a mandate for ethical behaviour by all of our employees, officers, directors, consultants, contractors and partners (“Wesdome Representatives”). The Code sets out the ethical standards required of all Wesdome Representatives and, together with other Wesdome policies implemented by the Company from time to time (each a “Wesdome Policy” and collectively “Wesdome Policies”), is intended to promote honest conduct, compliance with applicable laws, rules and regulations and to foster a work environment founded on respect and dignity.

While the Code is founded on general legal principles and sound judgement, Wesdome Representatives should be familiar with all applicable laws, Wesdome Policies, and site-specific policies and procedures. The Code does not address every situation that may arise.

Therefore, in considering any challenging or uncertain situation, we should:

 Consider what is LEGAL AND FAIR!	 Ask ourselves the question DOES IT JUST "FEEL WRONG"?	 APPLY THE “NEWSPAPER TEST” How would I feel if I read about my actions on the front page of the newspaper?
---	--	---

If you are still uncertain after considering the above, you should ask your immediate supervisor, or one of the Primary Contacts listed in Appendix A to the Code (the “Primary Contacts”).

Application of the Code

All Wesdome Representatives are expected to comply with the principles set out in the Code at all times, and everyone is required to sign an acknowledgement form on an annual basis confirming that the individual has read, understands and agrees to comply with the principles set out in the Code and all other Wesdome Policies.

Responsibility for the Code

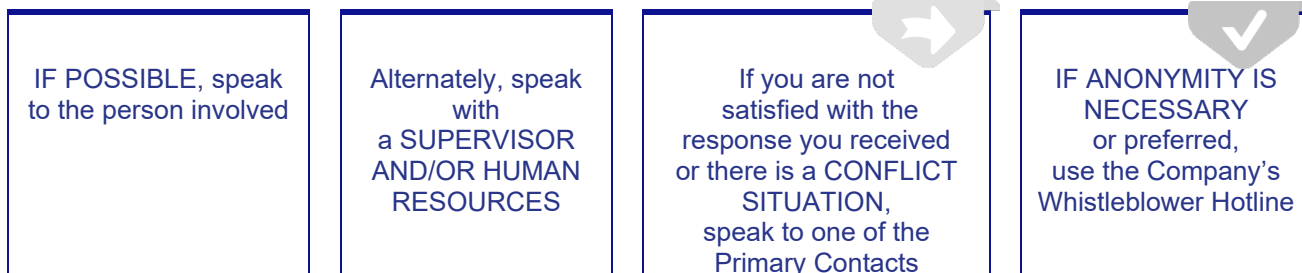

The Board of Directors of the Company (the “Board”) has overall responsibility for the Code and must approve any changes before they can be made and put into practice. You will be informed of any changes made to the Code. Compliance with the Code is monitored by the Audit Committee of the Board, either directly or through a designated officer of the Company. Executive management is responsible for maintaining the Code and putting it into practice throughout the Company. Copies of the Code are available on the Company’s website at www.wesdome.com, on the System for Electronic Document Analysis and Retrieval at www.sedarplus.ca and can also be obtained from any of the Primary Contacts.

COMPLIANCE AND REPORTING

Wesdome is committed to conducting business with fairness, integrity and respect for the law. You contribute to the ethical culture of Wesdome when you report violations or suspected violations of the Code.

**WHAT SHOULD YOU DO IF YOU KNOW OF, OR SUSPECT, A VIOLATION
OF THE CODE BY A WESDOME REPRESENTATIVE?
SPEAK UP**

You are protected from any form of retaliation when you report your concerns honestly and in good faith. If, however, a Wesdome Representative makes a false report or accusation of questionable behaviour for the purpose of harming another Wesdome Representative, the reporting individual will be subject to disciplinary action.

Whistleblower Hotline - ConfidenceLine

The Company's Whistleblower Hotline, ConfidenceLine, is a confidential, interactive service that puts you in touch with independent, trained professional assistants when you need help with sensitive information or issues relating to your workplace. The service is anonymous, immediate, easy to use, and available through the web or telephone in English or French, 24 hours a day, 365 days per year.

Reports received by ConfidenceLine will be sent to the Chair of the Audit Committee of the Board (the "Designate"). Should the Designate be listed or involved in your issue or concern, you are urged to call the 1-800 service to submit your report. The ConfidenceLine Call Centre will ensure that the report is not forwarded to any individuals who may be implicated. Wesdome takes these reports very seriously and will take the appropriate action to address the situation.

WORKPLACE AND COMMUNITY

Discrimination and Harassment

Wesdome strives to create a work environment in which all individuals are treated with respect and dignity, and the Company prohibits any form of discrimination or harassment in the workplace. Discrimination is differential treatment based on personal characteristics such as age, gender, race, religion, national origin, sexual orientation, disability or any other category protected by Canadian federal and provincial laws and applicable human rights legislation. Workplace harassment includes conduct or comments which are known, or ought reasonably to be known, to be unwelcome or offensive, or otherwise create a hostile or intimidating work environment.

Wesdome Representatives are expected to report any actual or suspected incidents of workplace discrimination or harassment by informing their immediate supervisor or one of the Primary Contacts. Reports can also be made anonymously through the Whistleblower Hotline if confidentiality is preferred or necessary.

Workplace Violence

Wesdome does not tolerate violence in the workplace under any circumstances. Workplace violence is the threatened, attempted or actual exercise of any physical force that causes or may cause physical injury to a person and includes any threats which give a person reasonable grounds to believe he or she is at risk

of physical injury. This applies whether the aggression is committed by one employee against another, or against anyone else an employee comes in contact with when carrying out his or her responsibilities.

Wesdome Representatives must report any act, or threatened act, of violence. Take note of the facts and then report the incident to your immediate supervisor or to the Company's security personnel. In situations of imminent danger, call the police or local emergency services and then inform your immediate supervisor and the Company's security personnel.

Please refer to the Company's Workplace Violence, Harassment and Discrimination Prevention Policy for more information on our policies with respect to discrimination, harassment and workplace violence.

Environmental Protection

Wesdome strives to conduct business as a responsible corporate citizen in partnership with the environment and the communities in which we operate. This includes operating in a manner that reasonably minimizes any adverse effects on the environment, complying with all applicable environmental laws and regulations, and working cooperatively with neighbouring communities.

Wesdome Representatives are required to report any non-compliance or suspected non-compliance with any applicable environmental laws or regulations to their immediate supervisor or to one of the Primary Contacts. Concerns can also be reported anonymously through the Whistleblower Hotline.

Please refer to the Company's Environmental Policy for more information.

Health and Safety

Every Wesdome Representative is accountable for the embodiment and preservation of a safety culture in our organization. The Company strives to ensure and maintain a safe and healthy working environment for all Wesdome Representatives, and the continuous improvement of the Company's health and safety practices is the responsibility of everyone.

Wesdome Representatives are expected to take reasonable care of their health and safety, and that of others who may be affected by their work activities. Each individual is responsible for managing the adverse effects of stress and fatigue, and to arrive for work each day able to perform all of their assigned duties in a safe and sound manner.

Consuming alcohol or being under the influence of alcohol or drugs, both prescribed and non-prescribed, during work hours is a violation of the Company's Fit for Work Policy, compromises the safety of the workplace for all Wesdome Representatives and is strictly prohibited. Violations of the Company's Fit for Work Policy will result in disciplinary measures up to and including termination.

Wesdome Representatives are required to inform their immediate supervisor or one of the Primary Contacts of any actual, potential or perceived safety or health risks discovered at work. If you are uncomfortable speaking to someone in the Company directly, or if you wish to maintain your anonymity, you can also report your concerns through the Whistleblower Hotline.

Please refer to the Company's Health and Safety Policy for more information.

Human Rights and Modern Slavery

Wesdome recognizes the importance of respecting and promoting human rights, both internally and externally. As such, we stand resolute in our commitment to combat modern slavery in all its forms, including forced labour and child labour. We pledge our dedication to uphold the rights and dignity of every individual involved with us, from employees to those engaged in our supply chain.

Through strong policies, comprehensive due diligence, and ongoing evaluation of our performance, we endeavor to identify and eliminate any form of modern slavery in our operations and supply chain. Our commitment extends beyond mere compliance; we strive to actively promote a culture of dignity and respect for all by encouraging Wesdome Representatives to speak up about these matters through ConfidenceLine.

Please refer to the Company's Modern Slavery Report for more information.

By acknowledging receipt of this Code and agreeing to comply with the requirements therein using the form in Appendix B or C, Wesdome Representatives also hereby confirm compliance with the Company's Anti-Bribery and Anti-Corruption Policy.

Please refer to the Company's Anti-Bribery and Anti-Corruption Policy for more information.

Please refer to the Company's Supplier Code of Conduct for more information.

Giving and Receiving Gifts or Benefits

Modest gifts and reasonable entertainment may be given or received for business purposes by appropriate Wesdome Representatives, where legally permitted and in accordance with local business practices. No gift or entertainment should be of such value as to constitute a real or perceived personal enrichment to the recipient, or be of such a nature as might affect, or be reasonably perceived to affect, the recipient's judgement or conduct in matters involving the Company. Always check with a supervisor or one of the Primary Contacts if you are unsure about whether or not you should give or receive a gift in your capacity as an employee of Wesdome.

Financial Reporting and Administration

The Company strictly adheres to all applicable securities laws, regulations, accounting standards, accounting controls, audit practices and keeps proper records to meet our legal and financial obligations and to manage our business. Wesdome Representatives must never falsely record information about

Company assets or hide information about assets, liabilities, revenues or expenses. Inaccurate financial reports can bring stiff penalties and prosecutions under securities and criminal laws.

If you prepare a financial report for shareholders and the public, it must fairly present the information and follow international financial reporting standards as well as all applicable laws and regulations. If you have any responsibility for creating or keeping records, ensure they are accurate and complete, and that you follow the corporate procedures relevant to your job.

How to Report a Concern About an Accounting Practice

Designated Persons are those individuals identified by executive management of the Company as individuals who may, from time to time, be in possession of or have access to material non-public information regarding the Company. You will be informed by one of the Primary Contacts if you are a reporting insider, and assistance with filing the required reports will be made available.

Blackout Periods

The Company imposes both scheduled and ad hoc trading blackout periods pursuant to which directors, officers and Designated Persons are precluded from trading in securities of the Company. Notices of such blackout periods will be provided by one of the Primary Contacts.

For example, you are in a conflict of interest when exercising an official power, duty or function that provides an opportunity to further, among others, the private interests of a family member or friend. Such conflicts of interest can undermine your business judgement and your responsibility to the Company and threaten the Company’s business and reputation. All apparent, potential, and actual conflicts of interest should be avoided.

If you have or are aware of any situation that is or could reasonably be expected to give rise to an actual, potential or perceived conflict of interest, you must disclose the situation promptly to a supervisor or to one of the Primary Contacts.
