Cyber Defense Magazine Recognizes the Company for Pioneering Data Security Posture Management (DSPM) and Cyber Resilience

SAN FRANCISCO--(BUSINESS WIRE)-- RSA CONFERENCE – By advancing the field of data protection and cybersecurity in today's rapidly evolving digital landscape, **Rubrik** (NYSE: RBRK), wins two Global InfoSec awards for "Pioneering Data Security Posture Management (DSPM)" and "Pioneering Cyber Resilience."

"Rubrik embodies three major features we judges look for to become winners: understanding tomorrow's threats, today, providing a cost-effective solution and innovating in unexpected ways that can help mitigate cyber risk and get one step ahead of the next breach," said Gary S. Miliefsky, Publisher of Cyber Defense Magazine.

## Cyber Resilience and Data Security Posture Management

As cyber threats continue to evolve, the importance of robust cyber resilience and comprehensive Data Security Posture Management (DSPM) solutions have become paramount. Organizations need to safeguard their data against a variety of threats, including ransomware, data breaches, and other forms of cyberattacks. Rubrik's solutions are designed to address these challenges, helping organizations keep their business up and running in the event of an attack.

"This recognition underscores our dedication to pioneering innovative solutions that help organizations build cyber resilience and strengthen their Data Security Posture Management," said Anneka Gupta, Chief Product Officer at

Rubrik. "As cyber threats grow in complexity and scale, we remain committed to providing our customers with the tools they need to stay secure and resilient. Thank you to Cyber Defense Magazine for this honor, and congratulations to our entire Rubrik team for their hard work and dedication."
