

NEWS RELEASE

Terex to Discuss Tier IV Engine Implementation Progress

11/9/2009

WESTPORT, Conn.--(BUSINESS WIRE)--Nov. 9, 2009-- Terex Corporation (NYSE: TEX) will host a conference call to review the Company's progress and preparation for the Tier IV engine emission standards on Tuesday, November 10, 2009 at 11:00 a.m. EST. Ronald M. DeFeo, Chairman and Chief Executive Officer and Jacob Thomas, Senior Vice President Product Development, Marketing and Terex Business System will host the call.

A simultaneous webcast of this call, including an accompanying presentation, will be available on the Company's website, www.terex.com. To listen to the call, select "Investor Relations" in the "About Terex" section on the home page and then click on the webcast microphone link. Participants are encouraged to access the call 10 minutes prior to the starting time.

The call will also be archived on the Company's website under "Audio Archives" in the "Investor Relations" section of the website.

This webcast and conference call will not include a general operational update, comments on 2009 results or earnings guidance.

Terex Corporation is a diversified global manufacturer with 2008 net sales of \$9.9 billion. Terex operates in four business segments: Terex Aerial Work Platforms, Terex Construction, Terex Cranes, and Terex Materials Processing & Mining. Terex manufactures a broad range of equipment for use in various industries, including the construction, infrastructure, quarrying, surface mining, shipping, transportation, refining and utility industries. Terex offers a complete line of financial products and services to assist in the acquisition of Terex equipment through Terex Financial Services. Terex uses its website to make information available to its investors and the market at
