Encompass Health announces plans to build new inpatient rehabilitation hospital in Tampa Bay

7/25/2019

BIRMINGHAM, Ala., July 25, 2019 /PRNewswire/ -- Encompass Health Corp. (NYSE: EHC) today announced plans to build a 50-bed, freestanding inpatient rehabilitation hospital in Tampa Bay, Florida.

The hospital will be located at the corner of Dale Mabry Highway and Van Dyke Road in Tampa Bay and is expected to open in the second quarter of 2021. It will provide comprehensive rehabilitative services to patients overcoming a variety of debilitating illnesses and injuries such as stroke and other neurological disorders, brain injuries, spinal cord injuries, amputations and complex orthopedic conditions. Patients will receive at least three hours of intensive therapy for five days each week, frequent face-to-face visits with a physician and 24-hour nursing care during their stays.

"This new hospital will help meet the growing demand for a hospital level of intensive physical rehabilitation in Tampa Bay," said Linda Wilder, president of Encompass Health's southeast region. "The new rehabilitation hospital will become part of Encompass Health's integrated delivery network of 12 hospitals and 17 home health locations throughout Florida, which are focused on not only returning complex patients to their home but helping them remain home through coordinated and connected care."

Included in the hospital will be a spacious therapy gym, advanced rehabilitation technologies, an activities of daily living suite, cafeteria and dining room, in-house dialysis, pharmacy and courtyard. The project will bring approximately 100 full-time jobs to the community.
