

Sachem Capital Reports Second Quarter 2024 Results – Reports Quarterly Revenues of \$15.1 Million

8/14/2024

- Company to Host Webcast and Conference Call -

BRANFORD, Conn., Aug. 14, 2024 (GLOBE NEWSWIRE) -- Sachem Capital Corp. (NYSE American: SACH), a real estate lender that specializes in originating, underwriting, funding, servicing, and managing a portfolio of loans secured by first mortgages on real property, today announced its financial results for the second quarter ended June 30, 2024.

John Villano, CPA, Sachem Capital's Chief Executive Officer, stated: "During the second quarter, we maintained our disciplined approach across our business by retaining cash, being selective with our lending, and exercising prudence in our borrowing. Specifically, in the second quarter we reduced the total amount of our indebtedness by \$33.8 million, which includes a repayment of \$23.7 million of unsecured unsubordinated notes. We will continue to build our platform and strengthen our balance sheet for the remainder of 2024 with a view towards growth in 2025 as accretive capital becomes available. Lastly, since our inception as a public company in February 2017, management has built a reliable and robust lending platform, paid an excellent stream of dividends and, most importantly, increased book value during some volatile market periods."

Results of operations for quarter ended June 30, 2024

Total revenue for the quarter was \$15.1 million, compared to \$16.3 million for the quarter ended June 30, 2023. Interest income totaled \$11.8 million, compared to \$11.9 million in the same quarter in 2023. The decrease in interest income was due primarily to lower number of loans originated, modified or extended in comparison to the

quarter ended June 30, 2023. As a result, fee income from loans, primarily made up of origination fees, were down approximately 37.2% compared to the quarter ending June 30, 2023.

Total operating costs and expenses for the quarter ended June 30, 2024 were \$18.5 million compared to \$10.3 million for the same 2023 period. The increase is primarily attributable to a \$8.5 million provision for credit losses compared to \$94,000 for the quarter ended June 30, 2023. This increase was partially offset by a decrease in compensation and employee benefits of \$0.2 million because of a decrease in headcount between periods.

Net loss attributable to common shares for the three months ended June 30, 2024 was \$4.1 million, or \$0.09 per share, compared to net income attributable to common shares of \$4.8 million, or \$0.11 per share, for the three months ended June 30, 2023. The change is mainly attributable to the larger provision for credit losses reserves as mentioned above.

Balance Sheet

Total assets were \$586.3 million at June 30, 2024 compared to \$625.5 million at December 31, 2023. At June 30, 2024, cash and cash equivalents were \$10.6 million and investments in partnerships were \$47.0 million. Net mortgages receivable for the quarter were \$485.7 million. Total liabilities at June 30, 2024 were \$356.2 million compared to \$395.5 million at December 31, 2023.

Total indebtedness at June 30, 2024 was \$338.9 million. This includes: \$259.9 million of unsecured notes payable (net of \$4.8 million of deferred financing costs), \$55.0 million outstanding on the Needham Bank revolving credit facility, \$23.0 million outstanding on the Churchill master repurchase financing facility and \$1.0 million outstanding on a New Haven Bank mortgage loan. We intend to repay \$34.5 million of unsecured unsubordinated notes due in December 2024 either by refinancing them or with a combination of drawdowns on its existing credit facilities, current cash on hand and principal repayments of its mortgage loans.

Total shareholders' equity at June 30, 2024 rose \$0.1 million to \$230.2 million compared to \$230.1 million at December 31, 2023. The change was primarily due to additional paid-in capital of \$6.1 million and a partly-offsetting increase in accumulated deficit of \$5.7 million and a decrease in accumulated other comprehensive income of \$0.3 million.

Dividends

On August 6, 2024, we paid a quarterly dividend of \$0.08 per share to shareholders of record on July 29, 2024.

Sachem currently operates and qualifies as a Real Estate Investment Trust (REIT) for federal income taxes and

intends to continue to qualify and operate as a REIT. Under federal income tax rules, a REIT is required to distribute a minimum of 90% of taxable income each year to its shareholders, and the Company intends to comply with this requirement for the current year.

About Sachem Capital Corp

Sachem Capital Corp. is a mortgage REIT that specializes in originating, underwriting, funding, servicing, and managing a portfolio of loans secured by first mortgages on real property. It offers short-term (i.e., three years or less) secured, nonbanking loans to real estate investors to fund their acquisition, renovation, development, rehabilitation, or improvement of properties. The Company's primary underwriting criteria is a conservative loan to value ratio. The properties securing the loans are generally classified as residential or commercial real estate and, typically, are held for resale or investment. Each loan is secured by a first mortgage lien on real estate and is personally guaranteed by the principal(s) of the borrower. The Company also makes opportunistic real estate purchases apart from its lending activities.
