Re: DKL Delaware Operating-NM, LLC, Docket No. IS24-579-000
Index-Based Ceiling and Rate Adjustments

Dear Secretary Reese:

In accordance with the requirements of the Interstate Commerce Act (“ICA”) and the Rules and Regulations of the Federal Energy Regulatory Commission (“FERC” or the “Commission”), in particular Section 341, 18 C.F.R. § 341 (2024) (Oil Pipeline Tariffs), Section 342.3, 18 C.F.R. § 342.3 (Indexing), and in accordance with the Commission’s Order Reinstating Index Level issued on September 17, 2024,¹ DKL Delaware Operating-NM, LLC (“DKL”) submits this informational filing and the attached Schedule A showing its recomputed index ceiling levels using the revised index multipliers set forth in the 2024 Revised Index Order.² The Commission directed pipelines not proposing to change their indexed rates to make an informational filing to show their recomputed ceiling levels reflecting the reinstated index level.³

The tariff rates in DKL’s current tariffs listed on Schedule A are below the corresponding new ceiling levels calculated in accordance with 18 C.F.R. § 342.3(d) using the revised index multipliers going back to July 1, 2021, that are set forth in the 2024 Revised Index Order.⁴ As shown on Schedule A, the current tariff rates reflected in FERC Nos. 1.10.0 and 2.10.0 are below the newly recomputed ceiling levels set by the Commission and those rates are unchanged.

I hereby certify that on or before this date one copy of the publication listed herein and this transmittal has been sent to each subscriber thereto by means of transmission agreed upon in writing by the
