About Viridian Therapeutics

Viridian Therapeutics is a biotechnology company advancing new treatments for patients suffering from serious diseases but underserved by today's therapies. Viridian's most advanced program, VRDN-001, is an anti-IGF-1R monoclonal antibody in development for thyroid eye disease (TED), a debilitating auto-immune disease that causes inflammation and fibrosis within the orbit of the eye which can cause double vision, pain, and potential blindness. Patients with severe disease often require multiple remedial surgeries to the orbit, eye muscles and eyelids. Viridian is headquartered in Boulder, Colorado, with additional operations in Waltham, Massachusetts. Learn more about Viridian and our programs at www.viridiantherapeutics.com.
