NEWS RELEASE

Western Lithium Reports on Results of Annual General and Special Meeting

3/31/2015

RENO, NEVADA--(Marketwired - March 31, 2015) - Western Lithium USA Corporation (the "Company") (TSX:WLC) (OTCQX:WLCDF) is pleased to announce that 49,001,250 common shares representing 41.07% of the total number of shares issued and outstanding were voted at its Annual General and Special Meeting (the "Meeting"). At the Meeting, the shareholders approved both special resolutions to alter the Company's articles, appointed the auditor for the Company for the coming year and approved an amendment to the Company's employees' and directors' stock option plan.

In addition, the following proposed nominees to the Board have been elected by the shareholders: John Macken, Co-Chairman of the Board; R. Edward Flood, Co-Chairman of the Board; Jay Chmelauskas, President and CEO of the Company; William Haldane; B. Matthew Hornor; and Terry Krepiakevich.

William M. Sheriff, an appointee to the Board, received a greater number of "withheld" votes than votes in favour of his election to the Board. In accordance with majority voting policy requirements mandated for Toronto Stock Exchange listed issuers and as disclosed in the Company's Information Circular, Mr. Sheriff has tendered his resignation to the Board, which resignation must be either accepted or rejected by the Board within 90 days following the date of the Meeting.

About the Company

Western Lithium is a supplier of specialty drilling additive, Hectatone™ and other organoclays for the oil and gas industry, and in particular, to support the growth of high pressure high temperature, deep directional drilling applications. The Company is also developing its Kings Valley, Nevada lithium deposit into a strategic, scalable and reliable source of high quality lithium carbonate. The Company is positioning itself as a major U.S.-based lithium

supplier to support the rising global demand for lithium that is expected from the increased use of hybrid/electric vehicles, energy storage applications and consumer electronics.
