Innovex is pleased to announce the appointment of Bonnie Black to its Board of Directors.

Houston, TX (Sep 15, 2023) - Innovex Downhole Solutions, Inc. (“Innovex”) - a leading provider of downhole solutions for the oil and gas industry - announced today that it has appointed Bonnie Black to its Board of Directors.

Black is a successful executive with over 25 years of experience in the oil and gas industry. She currently serves as the Senior Vice President of Technology and Operations Support for Pioneer Natural Resources, where she is responsible for managing the company’s technology solutions, supply chain, and health/safety & environmental teams. Black has a proven track record of success in strategic planning, execution, and capital allocation.

Adam Anderson, Innovex’s Chief Executive Officer, commented, “We are delighted to welcome Bonnie to our board of directors. Her deep industry knowledge and experience will be invaluable as we continue to grow and expand our business.”

“I am excited to join the Innovex Downhole Solutions board of directors,” said Black. “I look forward to working with the team to help the company achieve its strategic goals.”

Black holds a Bachelor of Science in Civil Engineering from Texas A&M University and is a registered professional engineer with a specialization in Environmental Engineering.

About Innovex:

Innovex designs, manufactures, and installs mission-critical drilling & deployment, well construction, completion, production, and fishing & intervention solutions to support upstream onshore and offshore activities worldwide. Innovex combines best-in-class engineering expertise with a unique blend of conventional, innovative, and proprietary technologies including WearSox® deepwater centralization products, SwivelMASTER® deployment technology, and dissolvable frac plugs, QCI artificial lift technologies, and a full suite of fishing tools. The company is headquartered in Houston, Texas with sales, operations and service locations throughout North America, Latin America, Europe, the Middle East, and Asia.
