MILWAUKEE, WI, June 26, 2025 – Enerpac Tool Group Corp. (NYSE: EPAC) (the “Company” or “Enerpac”) today announced results for its fiscal third quarter ended May 31, 2025.

“Enerpac’s results in the third quarter continued to reflect our ability to outperform the soft industrial sector with organic revenue growth of 2% and total revenue growth of 6%,” said Paul Sternlieb, Enerpac Tool Group’s President & CEO. “While we are cognizant of continuing economic uncertainty and geopolitical risk, we believe Enerpac is well suited to navigate the current environment given our brand strength, breadth and depth of product offering, extensive channel partner network, strong balance sheet, continuous improvement process (PEP), implementation of Enerpac Commercial Excellence (ECX), and customer-focused innovation.”

Third Quarter Fiscal 2025 Consolidated Results Comparisons

“Given the continued economic uncertainty and challenging industrial backdrop, we took restructuring actions during the quarter to further align our cost base,” said Darren Kozik, Executive Vice President and Chief Financial Officer. “We also implemented price increases and surcharges in an effort to mitigate the impact of direct material cost increases.”

Consolidated net sales for the third quarter of fiscal 2025 were \$158.7 million compared to \$150.4 million in the prior-year period, an increase of 5.5%. On an organic basis, sales increased 2.0% year-over-year, driven by IT&S organic growth of 1.5% and 18.7% growth at Cortland Biomedical.

Net sales for the Industrial Tools & Services segment (IT&S) increased 5.1%, driven by organic growth and the acquisition of DTA. On an organic basis, IT&S product and service revenue increased 1.0% and 3.4%, respectively.

Gross profit margin declined 140 basis points year-over-year to 50.4% due to continued pressure on service margins from the project mix and the inclusion of DTA. However, service business margins improved sequentially following actions taken earlier this year.

Selling, general and administrative expenses (SG&A) of \$47.0 million increased \$3.3 million year-over-year. The increase in SG&A expense was driven primarily by restructuring charges totaling \$5.9 million in the third quarter of fiscal 2025. Adjusted SG&A expense, excluding restructuring and M&A charges, was \$40.4 million, down from \$40.6 million in the year-ago period.

Third quarter fiscal 2025 net earnings and diluted EPS were \$22.0 million and \$0.41 respectively, compared to \$22.6 million and \$0.41, respectively, in the year-ago period.

Third quarter adjusted EBITDA was \$41.0 million compared to \$39.7 million in the year-ago period. Adjusted EBITDA margin declined 50 basis points year-over-year to 25.9% due to the gross margin changes discussed above, partially offset by the improvement in adjusted SG&A and higher contribution from Cortland Biomedical.

Through the first nine months of fiscal 2025 the Company has generated \$56.0 million in cash from operating activities as compared to \$37.0 million in the year-ago period, an increase of approximately \$19 million. Capital expenditures through the first nine months of fiscal 2025 were \$16.4 million as compared to \$5.0 million in the year-ago period.

Balance Sheet and Leverage

(US\$ in millions)	<u>May 31, 2025</u>	<u>February 28, 2025</u>	<u>May 31, 2024</u>
Cash Balance	\$140.5	\$119.5	\$132.4
Debt Balance	\$190.9	\$192.1	\$195.7
Net Debt to Adjusted EBITDA ²	0.4x	0.5x	0.5x

Net debt on May 31, 2025, was \$50.4 million, resulting in a net debt to adjusted EBITDA ratio of 0.4x. The company repurchased approximately 330,000 shares of its common stock in the

third quarter of fiscal 2025 for a total of \$14.0 million under its share repurchase program announced in March 2022.

Outlook

“Based on year-to-date results, the Company is maintaining its full-year guidance, with the expectation of delivering towards the lower half of the range in light of current macroeconomic conditions,” added Kozik. The Company’s fiscal 2025 guidance includes net sales of \$610 million to \$625 million in fiscal 2025, representing growth of 3% to 6%. The forecast anticipates organic sales growth of approximately 0% to 2%, with expected adjusted EBITDA in the range of \$150 million to \$160 million, and free cash flow between \$85 million to \$95 million.

Relocation to Downtown Milwaukee

“During the third quarter, we completed the relocation to Enerpac’s new headquarters in downtown Milwaukee,” concluded Sternlieb. “We are already enjoying the benefits of our new space, including creating a more vibrant, collaborative environment. Our R&D organization is also seeing the impact of the investment in our new and expanded Innovation Lab, which is enabling faster prototyping and a more rapid product development process.”

Conference Call Information

An investor conference call is scheduled for 7:30 am CT on June 27, 2025. Webcast information and conference call materials, including an earnings presentation, are available on the Enerpac Tool Group company website (www.enerpactoolgroup.com).

¹Organic sales represent net sales excluding the impact of foreign exchange rates, acquisitions, and divestitures. A reconciliation of organic sales to comparable net sales is presented in the tables accompanying this release.

²Calculated in accordance with the terms of the Company’s September 2022 Senior Credit Facility.

Adjusted EBITDA %	24.6%	24.8%	26.4%	24.3%	25.0%	23.6%	23.2%	25.9%	-	24.3%

Notes:

(1) Approximately \$0.4 million of the Q4 fiscal 2024 restructuring charges were recorded in cost of products sold.

(2) EBITDA represents net earnings from continuing operations before financing costs, net, income tax expense, and depreciation & amortization. Neither EBITDA nor adjusted EBITDA are calculated based upon generally accepted accounting principles ("GAAP"). The amounts included in the EBITDA and adjusted EBITDA calculation, however, are derived from amounts included in the Condensed Consolidated Statements of Earnings. EBITDA and adjusted EBITDA should not be considered as alternatives to net earnings, operating profit or operating cash flows. The Company has presented EBITDA and adjusted EBITDA because it regularly reviews these performance measures. In addition, EBITDA and adjusted EBITDA are used by many of our investors and lenders, and are presented as a convenience to them. The EBITDA and adjusted EBITDA measures presented may not always be comparable to similarly titled measures reported by other companies due to differences in the components of the calculation.

Notes continued:

(4) Adjusted earnings from continuing operations and adjusted diluted earnings per share represent net earnings and diluted earnings per share per the Condensed Consolidated Statements of Earnings net of charges or credits for items to be highlighted for comparability purposes. These measures are not calculated based upon GAAP and should not be considered as an alternative to net earnings or diluted earnings per share or as an indicator of the Company's operating performance. However, this presentation is important to investors for understanding the operating results of the current portfolio of Energpac Tool Group companies.

For all reconciliations of GAAP measures to Non-GAAP measures, the summation of the individual components may not equal the total due to rounding. With respect to the earnings per share reconciliations the impact of share dilution on the calculation of the net earnings or loss per share and discontinued operations per share may result in the summation of these components not equaling the total earnings per share from continuing operations.

Notes continued:

(5) Management does not provide guidance on certain GAAP financial measures as we are unable to predict and estimate with certainty items such as potential impairments, refinancing costs, business divestiture gains/losses, discrete tax adjustments, or other items impacting GAAP financial metrics. As a result, we have included only those items about which we are aware and are reasonably likely to occur during the guidance period covered.
