MILWAUKEE, WI, October 15, 2025 – Enerpac Tool Group Corp. (NYSE: EPAC) (the "Company" or "Enerpac") today announced results for its fiscal fourth quarter ended August 31, 2025.

"I am proud of the investments we have made and actions we have taken in fiscal 2025 to continue to enhance business operations and the power of the Enerpac brand," said Paul Sternlieb, Enerpac Tool Group's President & CEO. "In what remains a challenging macroenvironment for the general industrial marketplace, the Company posted record revenue, maintained industry-leading margins, generated strong cash flow, and returned \$71 million to investors through share repurchases and dividends while preserving an extremely strong balance sheet and financial flexibility. Moreover, the integration of the acquired DTA business is fully on track, with an excellent sales funnel as we cross-sell its technology to legacy Enerpac customers."

Fiscal 2025 Consolidated Results from Continuing Operations Comparisons

Consolidated net sales were \$616.9 million compared to \$589.5 million in the prior-year period, an increase of 4.6%. On an organic basis, sales increased 1.0% year-over-year, driven by Industrial Tools & Services segment (IT&S) organic growth of 0.5% and 14.8% growth at Cortland Biomedical.

Net sales for IT&S increased 4.3%, driven by the acquisition of DTA and organic growth. On an organic basis, IT&S product revenue and service revenue increased 0.3% and 1.3%, respectively.

Gross profit margin declined 60 basis points year-over-year to 50.5% driven by service margins and the inclusion of DTA, partially offset by stronger margins at Heavy Lifting Technology (HLT) and Cortland Biomedical.

Selling, general and administrative expenses (SG&A) of \$172.8 million decreased \$3.2 million year-over-year. The decrease in SG&A expense was driven primarily by the absence of ASCEND-related charges in fiscal 2025. Adjusted SG&A expense, excluding ASCEND, restructuring, and M&A charges in both periods, increased \$3.1 million to \$165.5 million, but declined as a percentage of revenues as the Company continues to optimize SG&A efficiency.

Fiscal 2025 net earnings and diluted EPS were \$92.7 million and \$1.70 respectively, compared to \$82.2 million and \$1.50, respectively, in fiscal 2024.

Fiscal 2025 adjusted EBITDA was \$153.6 million compared to \$147.5 million in fiscal 2024, an increase of 4%. The adjusted EBITDA margin of 24.9% was roughly flat year-over-year.

Net cash provided by operating activities was \$111.3 million in fiscal 2025, compared to \$81.3 million in fiscal 2024. The increase in cash from operations was driven by improvements in working capital and higher net earnings. Capital expenditures for fiscal 2025 were \$19.3 million, an increase of \$7.9 million, primarily related to the build-out of the Company's new global headquarters in downtown Milwaukee.

Fourth Quarter Fiscal 2025 Consolidated Results Comparisons

Consolidated net sales for the fourth quarter of fiscal 2025 were \$167.5 million compared to \$158.7 million in the prior-year period, an increase of 5.5%. On an organic basis, sales decreased 1.8% year-over-year, driven by IT&S organic decline of 2.2%, partially offset by 10.4% growth at Cortland Biomedical.

Net sales for the IT&S segment increased 5.4%, driven by the acquisition of DTA. On an organic basis, IT&S product revenue and service revenue declined 1.0% and 7.4%, respectively.

Gross profit margin returned to normalized levels at 50.1% in the fourth quarter as compared to 48.8% in the prior-year period. The fourth quarter of fiscal 2024 gross profit margin was negatively impacted by service and HLT.

SG&A of \$42.1 million decreased \$4.5 million year-over-year. SG&A expense in the year-ago period included restructuring charges of \$3.0 million and ASCEND charges of \$2.1 million. Adjusted SG&A expense was \$41.8 million, up slightly from \$41.3 million in the year-ago period.

Fourth quarter fiscal 2025 net earnings and diluted EPS were \$28.1 million and \$0.52 respectively, compared to \$23.4 million and \$0.43, respectively, in the year-ago period.

Fourth quarter adjusted EBITDA was \$44.5 million compared to \$38.6 million in the year-ago period. Adjusted EBITDA margin improved 220 basis points year-over-year to 26.5%.

Balance Sheet and Leverage

(US\$ in millions)	August 31, 2025	May 31, 2025	August 31, 2024
Cash Balance	\$151.6	\$140.5	\$167.1
Debt Balance	\$189.7	\$190.9	\$194.5
Net Debt to Adjusted EBITDA ²	0.3x	0.4x	0.2x

Net debt on August 31, 2025, was \$38.1 million, resulting in a net debt to adjusted EBITDA ratio of 0.3x. The company repurchased 1,039,150 shares of its common stock in the fourth quarter of fiscal 2025 at a cumulative purchase price of \$40.1 million. This marks the largest return of capital to Enerpac shareholders in a single quarter since the initiation of the share repurchase program in March of 2022.

Board Authorizes a New \$200 Million Share Repurchase Program

In March of 2022, the Enerpac Tool Group's Board of Directors approved a 10 million share repurchase authorization. Since that authorization was put into effect, the Company has returned approximately \$240 million to shareholders through the repurchase of approximately 9.0 million shares at an average cost of \$26.71 per share.

On October 10, 2025, the Enerpac Board of Directors approved a new \$200 million share repurchase program which will replace the existing authorization effective immediately. "We are pleased to announce this new \$200 million share repurchase and continued commitment to returning capital to our shareholders," said Darren Kozik, Executive Vice President and Chief Financial Officer.

Outlook

"We believe with our strong brand and operating model we can continue to outperform the market and drive profitable growth in 2026," added Sternlieb.

The Company is introducing its fiscal 2026 guidance, including net sales of \$635 million to \$655 million, based on organic growth of 1% to 4%. The Company also forecasts adjusted EBITDA of \$158 million to \$168 million, adjusted EPS of \$1.85 to \$2.00, and free cash flow of \$100 million to \$110 million. This guidance is based on the Company's key foreign exchange rate assumptions and assumes no substantial change to the current tariff or regulatory environment.

Conference Call Information

An investor conference call is scheduled for 7:30 am CT on October 16, 2025. Webcast information and conference call materials, including an earnings presentation, are available on the Energac Tool Group company website (www.energactoolgroup.com).

¹Organic sales represent net sales excluding the impact of foreign exchange rates, acquisitions, and divestitures. A reconciliation of organic sales to comparable net sales is presented in the tables accompanying this release.

²Calculated in accordance with the terms of the Company's September 2022 Senior Credit Facility.

Safe Harbor Statement

Certain of the above comments represent forward-looking statements made pursuant to the provisions of the Private Securities Litigation Reform Act of 1995 that involve risks and uncertainties. In addition to statements with respect to guidance, the terms "outlook," "may," "should," "could," "anticipate," "believe," "estimate," "expect," "objective," "plan," "project" and similar expressions are intended to identify forward-looking statements. Such forward-looking statements are subject to inherent risks and uncertainties that may cause actual results or events to differ materially from those contemplated by such forward-looking statements. In addition to the assumptions and other factors referred to specifically in connection with such statements, risks and uncertainties that may cause actual results or events to differ materially from those contemplated by such forward-looking statements include, without limitation, general economic uncertainty, the impact of geopolitical activity, including the armed conflicts in the Middle East, including the impact on shipping in the area and the invasion of Ukraine by Russia and international sanctions imposed in response thereto, market conditions in the

industrial, oil & gas, energy, power generation, infrastructure, commercial construction, truck and automotive industries, supply chain risks, including disruptions in deliveries from suppliers due to political tensions and armed conflicts; impacts from the imposition, or threat of imposition, of tariffs and other trade restrictions, the ability of the Company to achieve its plans or objectives related to its growth strategy, market acceptance of existing and new products, market acceptance of price increases, successful integration of acquisitions, the impact of dispositions and restructurings, the ability of the Company to continue to achieve or maintain operational improvements related to the ASCEND program and other restructuring actions, operating margin risk due to competitive pricing and operating efficiencies, risks related to reliance on independent agents and distributors for the distribution and service of products. material, labor, or overhead cost increases, tax law changes, foreign currency risk, interest rate risk, commodity risk, tariffs, litigation matters, cybersecurity risk, impairment of goodwill or other intangible assets, the Company's ability to access capital markets and other risks and uncertainties that may be referred to or noted in the Company's reports filed with the Securities and Exchange Commission from time to time, including those described in the Company's Form 10-K for the fiscal year ended August 31, 2024 and its Form 10-Q for the period ended May 31, 2025. Enerpac Tool Group disclaims any obligation to publicly update or revise any forward-looking statements as a result of new information, future events or any other reason, except to the extent required by law.

Non-GAAP Financial Information

This press release contains financial measures that are not measures presented in conformity with GAAP. These non-GAAP measures include organic sales, EBITDA from continuing operations, adjusted EBITDA from continuing operations, adjusted earnings from continuing operations, adjusted diluted earnings per share from continuing operations, adjusted operating profit from continuing operations, segment adjusted operating profit and adjusted EBITDA, adjusted corporate expense, adjusted SG&A expense, free cash flow and net debt. This press release includes reconciliations of non-GAAP measures to the most comparable GAAP measure, included in the tables attached to this press release or in footnotes to the tables included in this press release. Management believes the non-GAAP measures presented in this press release are commonly used financial measures for investors to evaluate Energac Tool Group's operating performance and financial position with respect to the periods presented and, when read in conjunction with the condensed consolidated financial statements, present a useful tool to evaluate ongoing operations and provide investors with metrics they can use to evaluate aspects of the Company's performance from period to period. In addition, these are some of the financial metrics management uses in internal evaluations of the overall performance of the Company's business. Management acknowledges that there are many items that impact a company's reported results and the adjustments reflected in these non-GAAP measures are not intended to present all items that may have impacted these results. In addition, these non-GAAP measures are not necessarily comparable to similarly titled measures used by other companies. Adjusted diluted earnings per share anticipated for fiscal year 2026 is calculated in a manner consistent with the historical presentation of that measure in the accompanying tables. Because of the forward-looking nature of this estimate, it is impractical to present a quantitative reconciliation of this non-GAAP measure to the comparable GAAP measure, and accordingly no such GAAP measure for that period is being presented.

(2) EBITDA represents net earnings from continuing operations before financing costs, net, income tax expense, and depreciation & amortization. Neither EBITDA nor adjusted EBITDA are calculated based upon generally accepted accounting principles ("GAAP"). The amounts included in the EBITDA and adjusted EBITDA calculation, however, are derived from amounts included in the Condensed Consolidated Statements of Earnings. EBITDA and adjusted EBITDA should not be considered as alternatives to net earnings, operating profit or operating cash flows. The Company has presented EBITDA and adjusted EBITDA because it regularly reviews these performance measures. In addition, EBITDA and adjusted EBITDA are used by many of our investors and lenders, and are presented as a convenience to them. The EBITDA and adjusted EBITDA measures presented may not always be comparable to similarly titled measures reported by other companies due to differences in the components of the calculation.

(4) Adjusted earnings from continuing operations and adjusted diluted earnings per share represent net earnings and diluted earnings per share per the Condensed Consolidated Statements of Earnings net of charges or credits for items to be highlighted for comparability purposes. These measures are not calculated based upon GAAP and should not be considered as an alternative to net earnings or diluted earnings per share or as an indicator of the Company's operating performance. However, this presentation is important to investors for understanding the operating results of the current portfolio of Enerpac Tool Group companies.

For all reconciliations of GAAP measures to Non-GAAP measures, the summation of the individual components may not equal the total due to rounding. With respect to the earnings per share reconciliations the impact of share dilution on the calculation of the net earnings or loss per share and discontinued operations per share may result in the summation of these components not equaling the total earnings per share from continuing operations.

(5) Management does not provide guidance on certain GAAP financial measures as we are unable to predict and estimate with certainty items such as potential impairments, refinancing costs, business divestiture gains/losses, discrete tax adjustments, or other items impacting GAAP financial metrics. As a result, we have included only those items about which we are aware and are reasonably likely to occur during the guidance period covered.
