Forbes and Statista selected the World's Best Employers 2021 through an independent survey applied to a vast sample of approximately 150,000 employees from 58 countries working full or part time. 750 employers were named. The evaluation was based on direct and indirect recommendations from employees that were asked to rate their willingness to recommend their own employers to friends and family. Employee evaluations also included other employers in their respective industries that stood out either positively or negatively.

"Our people are the heart of our business. They serve our clients, create value for our shareholders, deliver solutions to our markets, and help build stronger communities," said Marc Lautenbach, President and CEO.
