REPORT OF ORGANIZATIONAL ACTIONS AFFECTING BASIS OF SECURITIES

FORM 8937: PART I, BOX 9:

Horizon Bancorp ("Horizon") common stock issued in exchange for Kosciusko Financial, Inc. ("KFI") common stock.

FORM 8937: PART II, BOX 14:

The reportable organizational action involves the merger of KFI with and into Horizon on June 1, 2016.

FORM 8937: PART II, BOX 15:

Each KFI shareholder that received shares of Horizon common stock and cash in the exchange is required to determine the tax basis of the shares of Horizon common stock so received by performing the following calculations separately for each identifiable block of KFI common stock surrendered in the exchange for Horizon common stock having a common tax basis:

- Begin with the aggregate tax basis of the KFI common stock surrendered in the exchange;
- Add the amount of recognized taxable gain, if any, (excluding any gain or loss resulting from the deemed receipt and sale of fractional shares described below);
- Add the amount of recognized tax loss that was disallowed in connection with the exchange, if any, (excluding any gain or loss resulting from the deemed receipt and sale of fractional shares described below):
- <u>Subtract</u> the total amount of cash received (excluding any cash received in lieu of fractional shares described below); and
- <u>Subtract</u> the tax basis in any fractional shares of Horizon common stock that was deemed to have been received in the exchange and immediately sold.

The resulting figure represents the aggregate tax basis of the shares of Horizon common stock received in the exchange for that identifiable block of KFI common stock transferred. The tax basis of each individual share of Horizon common stock within this identifiable block is determined by dividing this aggregate tax basis by the number of shares of Horizon common stock that comprise this identifiable block.

FORM 8937 PART II, BOX 16:

Refer to the description of the basis calculation in Part II, Box 15 above. Pursuant to the terms of the Agreement and Plan of Merger dated February 4, 2016, each KFI shareholder receiving cash in the merger received \$81.75 for each share of KFI stock which was exchanged for cash, and each KFI shareholder receiving Horizon common stock in the merger received 3.0122 shares of Horizon common stock for each share of KFI common stock which was exchanged for Horizon common stock. The May 31, 2016, closing price of a single share of Horizon common stock on the NASDAQ Global Select Market was \$24.70. To the extent that the merger, resulted in the issuance of a fractional share of Horizon common stock to a KFI shareholder, a cash payment equal to the market value equivalent of such fractional share was paid in lieu of issuing a fractional share of Horizon common stock. The Horizon common stock price used to determine the fractional share consideration was the average of the daily closing sales prices of a share of Horizon's common stock, rounded to the nearest cent, during the fifteen (15) consecutive trading days immediately preceding May 27, 2016, or \$24.16.
