Full year 2024 net cash provided by operating activities of \$281.1 million, up 28%

Annual Dayforce gross revenue retention rate of 98%

Minneapolis, MN and Toronto, ON, February 5, 2025 - Dayforce, Inc. ("Dayforce" or the "Company") (NYSE:DAY) (TSX:DAY), a global leader in human capital management ("HCM") technology, today announced its financial results for the fourth quarter and fiscal year ended December 31, 2024.

"2024 was a year of outstanding progress and innovation for Dayforce. We launched the Dayforce brand, maintained our product positioning as leaders in HCM, and drove significant innovation to help our customers achieve their best work," said David Ossip, Chair and CEO of Dayforce. "We are optimistic about 2025 as current and prospective customers continue to recognize the value the Dayforce platform provides as they streamline HCM processes and navigate compliance complexities."

"The fourth quarter of 2024 was the strongest sales quarter in our history – helping us close out a successful year with robust growth across both new business and add-on sales," said Stephen Holdridge, President and COO of Dayforce. "We saw a healthy mix of enterprise, major-market, and global sales on top of annual gross retention rate of 98% – another company record. This momentum, alongside the strength of our sales pipeline, gives us great confidence in our right to continue winning in 2025."

"Looking out to 2025, we plan to continue executing on the vision laid out during our November investor day, operating the business for optimal cash generation while maintaining our pace of innovation and high levels of customer success," said Jeremy Johnson, CFO of Dayforce. "I'm pleased that we are starting the year with demonstrable progress toward our profitability goals, raising our 2025 Adjusted EBITDA guidance 100 basis points to 32%."

Business Outlook

Based on information available as of February 5, 2025, Dayforce is issuing the following guidance for the full year and first quarter of 2025 as indicated below. Comparisons are on a year-over-year basis, unless stated otherwise.

First Quarter 2025 Guidance

- Total revenue, excluding float, of \$421 million to \$427 million, an increase of approximately 13.5% to 15% on a GAAP basis, or approximately 15.5% to 17% on a constant currency basis.
- Float revenue of \$53 million.
- Adjusted EBITDA margin of 31% to 32%.

Full Year 2025 Guidance

- Total revenue, excluding float, of \$1,745 million to \$1,760 million, an increase of approximately 11.9% to 12.8% on a GAAP basis, or approximately 14% to 15% on a constant currency basis.
- Dayforce recurring revenue, excluding float, of \$1,315 million to \$1,340 million, an increase of approximately 13.4% to 15.5% on a GAAP basis, or approximately 15% to 17% on a constant currency basis.
- Float revenue of \$180 million.
- Adjusted EBITDA margin of 32%.
- Free cash flow margin of 12%.

Please refer to the "Reconciliation of GAAP to Non-GAAP Financial Measures" section for a reconciliation of Dayforce's free cash flow margin guidance. Dayforce has not reconciled the Adjusted EBITDA margin ranges for the first quarter or full year of 2025 to the directly comparable GAAP financial measures because applicable information for the future period, on which these reconciliations would be based, is not available without unreasonable efforts due to uncertainty regarding, and the potential variability of, depreciation and amortization, share-based compensation expense and related employer taxes, changes in foreign currency exchange rates, and other items.

Foreign Exchange

For the first quarter and full year of 2025, Dayforce's guidance assumes an average U.S. dollar to key foreign currencies as follows:

	% of 2024 total revenue	Foreign exchange rate assumed in guidance	Foreign exchange rate in Q1 2024	Foreign exchange rate in FY 2024
U.S. dollar to Canadian dollar	21%	1.44	1.35	1.37
U.S. dollar to Australian dollar	4%	1.61	1.52	1.52
U.S. dollar to Great British pound	3%	0.81	0.79	0.78

Forward-Looking Statements

This press release contains forward-looking statements that are subject to risks and uncertainties. All statements other than statements of historical fact or relating to present facts or current conditions included in this press release are forward-looking statements. Forward-looking statements give Dayforce's current expectations and projections relating to its financial condition, results of operations, plans, objectives, future performance, and business. Users can identify forward-looking statements by the fact that they do not relate strictly to historical or current facts. Forward-looking statements in this press release include statements relating to the full year and first quarter of 2025, as well as those relating to future growth initiatives. These statements may include words such as "anticipate," "estimate," "expect," "assume", "project," "seek," "plan," "intend," "believe," "will," "may," "could," "continue," "likely," "should," and other words and terms of similar meaning in connection with any discussion of the timing or nature of future operating or financial performance or other events, but not all forward-looking statements contain these identifying words. The forward-looking statements contained in this press release are based on assumptions that Dayforce has made in light of its industry experience and its perceptions of historical trends, current conditions, expected future developments and other factors that it believes are appropriate under the circumstances. As users consider this press release, it should be understood that these statements are not guarantees of performance or results. These assumptions and Dayforce's future performance or results involve risks and uncertainties (many of which are beyond its control). In particular:

- its inability to maintain its high Cloud solutions growth rate, manage its domestic and international growth effectively, or execute on its growth strategy;
- the impact of disruptions to the movement of funds to initiate payroll-related transactions on behalf of customers;
- its failure to manage its aging technical operations infrastructure;
- system breaches, interruptions or failures, including cyber-security breaches, identity theft, or other disruptions
 that could compromise customer information or sensitive company information, including its ongoing consent order
 with the Federal Trade Commission regarding data protection;
- its failure to comply with applicable privacy, data protection, information security, and financial services laws, regulations and standards;
- its inability to successfully compete in the markets in which Dayforce operates and expand its current offerings into new markets or further penetrate existing markets due to competition;
- its failure to properly update its solutions to enable its customers to comply with applicable laws;
- its failure to provide new or enhanced functionality and features, including those that may involve artificial intelligence or machine learning;
- its inability to maintain necessary third-party relationships, and third-party software licenses, and identify errors in the software it licenses;
- its inability to offer and deliver high-quality technical support, implementation, and professional services;
- its inability to attract and retain senior management employees and highly skilled employees;
- the impact of its outstanding debt obligations on its financial condition, results of operations, and value of its common stock;
- its ability to maintain effective internal control over financial reporting, and the effect of the existing material weakness in its internal control over financial reporting on its business, financial condition, and results of operations; or
- the impact of adverse economic and market conditions on its business, operating results, or financial condition.

Although Dayforce has attempted to identify important risk factors, additional factors or events that could cause Dayforce's actual performance to differ from these forward-looking statements may emerge from time to time, and it is not possible for Dayforce to predict all of them. Should one or more of these risks or uncertainties materialize, or should any of Dayforce's assumptions prove incorrect, its actual financial condition, results of operations, future performance, and business may vary in material respects from the performance projected in these forward-looking statements. In addition to any factors and assumptions set forth above in this press release, the material factors and assumptions used to develop the forward-looking information include, but are not limited to: the general economy remains stable; the competitive environment in the HCM market remains stable; the demand environment for HCM solutions remains stable; Dayforce's implementation capabilities and cycle times remain stable; foreign exchange rates, both current and those used in developing forward-looking statements, specifically U.S. dollar to Canadian dollar, remain stable at, or near, current rates; Dayforce will be able to maintain its relationships with its employees, customers, and partners; Dayforce will continue to attract qualified personnel to support its development requirements and the support of its new and existing customers; and that the risk factors noted above, individually or collectively, do not have a material impact on Dayforce. Any forward-looking statement made by Dayforce in this press release speaks only as of the date on which it is made. Dayforce undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future developments or otherwise, except as may be required by law.

Non-GAAP Financial Measures

Dayforce uses certain non-GAAP financial measures in this release including:

Non-GAAP Financial Measure	GAAP Financial Measure
EBITDA	Net income
Adjusted EBITDA	Net income
Adjusted EBITDA margin	Net profit margin
Adjusted Cloud recurring gross margin	Cloud recurring gross margin
Adjusted operating profit	Operating profit
Adjusted operating profit margin	Operating profit margin
Adjusted net income	Net income
Adjusted net profit margin	Net profit margin
Adjusted diluted net income per share	Diluted net income per share
Free cash flow	Net cash provided by operating activities
Free cash flow margin	Operating cash flow margin
Percentage change in revenue, including total revenue and revenue by solution, on a constant currency basis	Percentage change in revenue, including total revenue and revenue by solution
Cloud annualized retention rate	No directly comparable GAAP measure
Dayforce revenue retention rate	No directly comparable GAAP measure
Dayforce recurring revenue per customer	No directly comparable GAAP measure

Dayforce believes that these non-GAAP financial measures are useful to management and investors as supplemental measures to evaluate its overall operating performance including comparison across periods and with competitors. Dayforce's management team uses these non-GAAP financial measures to assess operating performance because these financial measures exclude the results of decisions that are outside the normal course of its business operations, and are used for internal budgeting and forecasting purposes both for short- and long-term operating plans. Additionally, Adjusted EBITDA is a component of its management incentive plan and Adjusted Cloud recurring gross margin and Adjusted operating profit are components of certain performance based equity awards for its named executive officers. Additionally, Dayforce believes that the non-GAAP financial measure free cash flow is meaningful to investors because it is a measure of liquidity that provides useful information in understanding and evaluating the strength of Dayforce's liquidity and future ability to generate cash that can be used for strategic opportunities or investing in its business. The exclusion of capital expenditures facilitates comparisons of Dayforce's liquidity on a period-to-period basis and excludes items that management does not consider to be indicative of Dayforce's liquidity.

These non-GAAP financial measures are not required by, defined under, or presented in accordance with, GAAP, and should not be considered as alternatives to Dayforce's results as reported under GAAP, have important limitations as analytical tools, and its use of these terms may not be comparable to similarly titled measures of other companies in its industry. Dayforce's presentation of non-GAAP financial measures should not be construed to imply that its future results will be unaffected by similar items to those eliminated in this presentation. Please refer to Dayforce's full financial results, including further discussion of non-GAAP financial measures, on the Investor Relations portion of its website at investors.dayforce.com.

Dayforce defines its non-GAAP financial measures as follows:

- EBITDA is defined as net income before interest, taxes, depreciation, and amortization, and Adjusted EBITDA
 is EBITDA, as adjusted to exclude share-based compensation expense and related employer taxes, and certain
 other items.
- Adjusted EBITDA margin is determined by calculating the percentage Adjusted EBITDA is of total revenue.
- Adjusted Cloud recurring gross margin is defined as Cloud recurring gross margin, as adjusted to exclude sharebased compensation and related employer taxes, and certain other items, as a percentage of total Cloud recurring revenue.

- Adjusted operating profit is defined as operating profit, as adjusted to exclude share-based compensation expense and related employer taxes, amortization of acquisition-related intangible assets, and certain other items.
- Adjusted net income is defined as net income, as adjusted to exclude share-based compensation expense and related employer taxes, amortization of acquisition-related intangible assets, and certain other items, all of which are adjusted for the effect of income taxes.
- Adjusted net profit margin is determined by calculating the percentage Adjusted net income is of total revenue.
- Adjusted diluted net income per share is calculated by dividing adjusted net income by diluted weighted average common shares outstanding. When adjusted diluted net income per share is positive, diluted weighted average common shares outstanding incorporate the effect of dilutive equity instruments.
- Free cash flow is defined as net cash provided by operating activities, as adjusted to exclude capital expenditures.
- Free cash flow margin is determined by calculating the percentage that free cash flow is of total revenue.
- Percentage change in revenue, including total revenue and revenue by solution, on a constant currency basis is calculated by applying the average foreign exchange rate in effect during the comparable prior period.
- Cloud ARR is calculated by starting with recurring revenue at year end, excluding revenue from Ascender and eloomi, subtracting the once-a-year charges, annualizing the revenue for customers live for less than a full year to reflect the revenue that would have been realized if the customer had been live for a full year, and adding back the once-a-year charges. We have not reconciled Cloud ARR because there is no directly comparable GAAP financial measure.
- Annual Dayforce revenue retention rate is calculated as a percentage, excluding Ascender and eloomi, where the numerator is the Dayforce ARR for the prior year, less the Dayforce ARR from lost Dayforce customers during that year; and the denominator is the Dayforce ARR for the prior year. We have not reconciled Annual Dayforce revenue retention rate because there is no directly comparable GAAP financial measure.
- Dayforce recurring revenue per customer is an indicator of the average size of Dayforce recurring revenue customers. To calculate Dayforce recurring revenue per customer, we start with Dayforce recurring revenue on a constant currency basis by applying the same exchange rate to all comparable periods for the trailing twelve months and excludes float revenue, and Ascender, ADAM HCM, and eloomi revenue. This amount is divided by the number of live Dayforce customers at the end of the trailing twelve month period, excluding Ascender, ADAM HCM, and eloomi. We have not reconciled the Dayforce recurring revenue per customer because there is no directly comparable GAAP financial measure.
